

UNDERGRADUATE CALENDAR

Welcome

Welcome to Athabasca University, Canada's leading distance learning and online university. Join more than 38,000 students worldwide who are acquiring their university education without attending a traditional campus.

Athabasca University is committed to excellence. The University offers 90 graduate and undergraduate degrees, diplomas, and certificate programs, and more than 700 university courses in the sciences, social sciences, humanities, interdisciplinary studies, business and administrative studies, nursing, and commerce.

This online Calendar is your official resource when referencing undergraduate program and academic regulations throughout your stay at Athabasca University. If you are a graduate student, please consult the [graduate program calendar](#).

Mission Statement

Athabasca University, Canada's Open University, is dedicated to the removal of barriers that restrict access to, and success in, university-level studies and to increasing equality of educational opportunity for adult learners worldwide. We are committed to excellence in teaching, research and scholarship, and to being of service to the general public.

Admission

Anyone 16 years of age or older is eligible for admission to Athabasca University, regardless of previous educational experience, with or without a high school diploma.

Where do you want to be?

Watch the video and see how Athabasca University can help. The Athabasca University student experience is different from the student experience at traditional universities. As an AU student, you will probably take courses by distance education. Learn why students choose AU and learn how AU can help you accomplish your goals.

1. General Information

Athabasca University offers students high quality, post-secondary education using online and print-based learning resources. Course instruction centers on resources developed by a team of subject matter experts and enhanced by qualified tutors in a supportive distance learning environment.

At the heart of the University's philosophy is excellence, openness, flexibility, and innovation. Flexible learning means our students can start courses throughout the year, and study at home, work, or wherever they find themselves. Most of our students study year round. Athabasca University also has transfer arrangements with universities across Canada. This enables visiting students to transfer courses from Athabasca University to their home institution.

We encourage you to achieve your personal learning goals. Many of our undergraduate students go on to compete successfully with others for graduate level education at Athabasca University and other institutions across North America.

General Information

1.3 Recognition and Accreditation

1.3.1 Recognition

Athabasca University has achieved the highest possible award each year for the Province of Alberta Performance Funding. Recently, the University received the Commonwealth of Learning Award of Excellence for Institutional Achievement.

Most recently, the International Council for Open and Distance Education recognized Athabasca University as one of the world's outstanding distance and open learning institutions.

AU is also recognized by the Government of British Columbia.

AU was awarded the 2010 Canadian Recognizing Learning Award by the Canadian Association for Prior Learning Assessment (CAPLA) in Ottawa on November 8, 2010.

1.3.2 Accreditation

Athabasca University is a publicly funded institution of the Province of Alberta that reports to the government through the Minister of Advanced Education. Pursuant to the Post-secondary Learning Act, SA 2003, Chapter P-19.5, and the Athabasca University Regulation, AR 50/2004, the government authorizes the Governors of Athabasca University (the Board) to govern its own affairs. Public members of the Board are appointed under orders-in-council of the Lieutenant Governor of Alberta.

Athabasca University is the first Canadian university to be accredited by the Middle States Commission on Higher Education (3624 Market Street, 2nd Floor West, Philadelphia, PA, 19104, 267.284.5000). The Commission is one of six regional accrediting agencies in the U.S. recognized by the Council for Higher Education Accreditation.

Membership

Athabasca University is also a full member of the following organizations:

- Alberta Council on Admissions and Transfer
- Association of Commonwealth Universities
- Association of Universities and Colleges of Canada

BC Council on Admissions and Transfer*
Canadian Association for Distance Education
Canadian Association for Graduate Studies
Canadian Virtual University
Circumpolar Universities Association
Inter-American Distance Education Consortium
International Council for Open and Distance Education

* The term "University" is used under the written consent of the Minister of Advanced Education effective April 4, 2011 having undergone a quality assessment process and been found to meet the criteria established by the minister. (Reconfirmed March 27, 2014)

General Information

1.10 Student Identification Cards

1.10.1 Active Students

If you are currently an active Athabasca University student, you can request a photo Student Identification (SID) card that will confirm your name, identification number, and the academic year in which the card was produced.

Student Identification cards are the property of Athabasca University. You will be issued one card only. It is valid for the academic year displayed on the front of the card. To update the card annually, you must be an active student, and request a date sticker from the Office of the Registrar, AU Edmonton, or AU Calgary.

[Request for Photo ID Card](#)

1.10.2 Nursing Students

Nursing students are now able to request a wearable ID card for identification purposes in healthcare facilities. It is available for Bachelor of Nursing students and Advanced Nursing Practice students.

The Nursing Student cards are valid for two years. Before the end of the two years, it is your responsibility to reapply for your nursing card and submit a new photo.

1.10.3 Photo Requirements

Student Identification (SID) cards are issued using a photograph taken by an Athabasca University staff member whenever possible. If this is not possible, you can supply your own digital photo accompanied by a copy of your driver's licence, or a passport photo. The back of either photo submitted must be signed by a guarantor who can attest to your identity. Examples of a guarantor are listed on the print and online SID forms.

Photos can be taken by staff at the Office of the Registrar in Athabasca, AU Edmonton, or AU Calgary. All ID cards will be mailed to the current address the student has on file with the University.

General Information

1.11 e-Letters

As of September 2011, AU converted all print letters that were accessible via the e-Letter delivery method to the e-Letter format. If you would still prefer to receive these letters in a print format delivered via Canada Post, you will be able to choose that method of delivery and you will be assessed a one-time \$10 fee for this service. Additional information can be found on the [Office of the Registrar website](#).

Examples of documents that are available as e-Letters are: admission confirmation, course registration, course extensions, course withdrawals, tutor assignments, final grades, etc.

3. Admission, Registration and Evaluation

In order to take courses at Athabasca University, a student must be admitted to AU. Once the student is admitted, he/she can either enrol in a program and then register in courses, or register in courses as an unclassified student.

The following section contains information related to admissions, enrolling in a program, registering in courses, evaluations and transfer credit and university regulations.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Admission, Registration and Evaluation

3.1 Admission

As an open university, Athabasca University admits students 16 years of age or older. Students may be of any nationality and reside anywhere in the world.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Updated July 29 2015 by laurab

Admission

3.1.1 Past Academic Performance

While past academic performance at other post-secondary institutions does not prevent you from being admitted to AU, it may be considered if you are enrolling in a particular program (e.g., Bachelor of Nursing). If you were suspended or dismissed from another post-secondary institution for reasons of academic misconduct, you may be refused admission or enrolment at AU until the period of suspension or dismissal has elapsed.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Admission

3.1.2 Non-Canadian Students

Athabasca University welcomes non-Canadian students.

You need a study permit if:

you are a non-Canadian with a work permit and are living temporarily in Canada while enrolled in the Bachelor of Nursing degree program.

you are a non-Canadian student enrolled in an AU program at an institution with which the University has a collaboration agreement.

You do not need a study permit if you are a non-Canadian AU student living outside Canada.

In the case of a dispute over an individual's status within Canada, Citizenship and Immigration Canada (CIC) regulations will apply.

Admission

3.1.3 Returning Students

To remain an active AU student you must be registered in an AU course, or you must have completed an AU course in the last 12 months. The 12-month period is based on the most recent course contract date, course completion date, or the date of withdrawal from an AU course.

Students who complete courses on a Letter of Permission from AU also retain their active status. If you complete courses at other institutions without first obtaining a Letter of Permission from AU, you may be designated inactive and forfeit your enrolment status and risk not receiving credit for the course.

If you are a returning student and you have never accessed the myAU portal, you will need to log into the portal using your AU Student ID number.

If you are a returning student with an active AU account, you can proceed to course registrations.

If you are a returning student with an inactive AU account, you need to reactivate your active status by selecting 'Change Your Program' found under the 'Manage Your Program' header under the 'Student Record' section of the myAU portal.

Admission

3.1.4 New Students

All new AU students require a student identification number. To obtain a student ID number, you must apply for admission to AU.

Complete and submit the online Undergraduate General Application Form and pay the one-time, non-refundable application fee. Before you apply online, you will need to determine if you are applying as a program student or as an unclassified (non-program/visiting) student.

Note: International students residing in Canada must apply using the paper General Application Form, and submit it along with payment to AU.

3.1.4.1 Unclassified (Non-Program/Visiting) Students

Unclassified students are not enrolled in an AU credential program, but are either planning to take or are currently registered in AU courses only. There is no limit to the total number of courses that can be taken; however, the maximum active course load at any one time is six.

The AU unclassified category includes visiting students from other post secondary institutions who are taking AU courses for admission or transfer purposes to another institution. Visiting students are encouraged to obtain a Letter of Permission from their home institution before registering in an AU course. This will ensure the home university will accept the AU course in the visiting student's program.

NOTE: It is important to note that AU does not evaluate previous post-secondary education or award transfer credit for students in the unclassified category. If a student wishes to change from the unclassified category to a program student

category, a request for evaluation of any previously completed post secondary courses can be made any time after declaring an AU program.

Visiting students must request a transcript to be sent to their home institution once they have completed the course(s). This can be done online through myAU.

3.1.4.2 Procedure

If you are applying to become an unclassified student (a non-program or visiting student) from the "Undergraduate General Application" page, choose, "No, I only want to take some courses right now". Follow the prompts to complete/submit and pay for the application.

After being admitted online to AU, you will be immediately assigned an AU student ID number to confirm your admission.

Confirmation of your enrolment as an unclassified student will be available in your myAU portal the next day. To access your confirmation e-Letter, log into your myAU portal using your ID number.

You can immediately register in courses once you are enrolled as an AU unclassified student.

3.1.4.3 Program Students

Program students are enrolled in any of the undergraduate degrees, diplomas, or certificates offered by AU. Students who change from the unclassified (non-program/visiting) to a program category may use credits earned while in the unclassified (non-program/visiting) category provided the course(s) meets the requirements of the program, including any restrictions on the age of a course, if applicable. There is no application deadline for enrolling in an undergraduate degree program. Applications are accepted year round.

Because program regulations can change, students are required to complete the program regulations in effect at the time of their enrolment. Students who are admitted to a program that has any entrance requirements for admission will follow the degree regulations in effect upon completion of the transfer credit evaluation.

Although most of the undergraduate credentials have are open admission, there are some that require documentation be provided and assessed prior to admission (refer to the specific [program regulations](#)). In these cases, students will be admitted to a pre-admission category until documentation is assessed. Once this process is complete, students will be advised of their admission status. See Procedure below for assessment process.

3.1.4.4 Procedure

If you are applying to become an undergraduate program student (you wish to complete a credential such as a degree, diploma, or certificate at AU) you need to apply using the [ApplyAlberta](#) form that has been designed for this purpose.

ApplyAlberta is a secure online application and transcript exchange system that students will use to:

- apply to one or more of Alberta's public post-secondary institutions through one portal, and
- authorize institution(s) to request the transfer of their Alberta high school and post-secondary transcripts.

Student personal and academic information is entered only once—it is filled in automatically on each application submitted to a post-secondary institution.

Once you have completed and submitted your personal information via the ApplyAlberta site, you will be forwarded to AU's Office of the Registrar Online System (OROS) to finalize your application of admission with AU. Be prepared to indicate the [program](#) you are interested prior to submitting your application and paying the one-time non-refundable application fee. If you need help selecting a program, contact [Counselling Services](#) prior to submitting an Undergraduate General Application Form.

After being admitted online to AU, you will be immediately assigned an AU student ID number to confirm your admission.

Confirmation of your enrolment as a program student with no evaluation of previous course work will be available in your myAU portal the day after your application is processed. To access your confirmation e-Letter, log into your [myAU](#) portal using your ID number.

Confirmation of your enrolment as a program student with a request for an evaluation of previous course work will be mailed to you after your application is processed (typically within 10 business days).

If you enrol in a program at AU, you are responsible for selecting courses that meet the program regulations and requirements in effect on the date you enrol.

If you need help selecting courses for the program you have selected, contact Advising Services.

NOTE: Students may not enrol in an AU undergraduate degree program while they are enrolled in another degree program at another post-secondary institution. Those students may take courses as unclassified (non-program/visiting) students until they have either completed or withdrawn from the other program.

Admission

3.1.5 Admission Classifications

3.1.5.1 Active Students

Active students are those who are currently registered in an AU course or who have completed or withdrawn from an AU course within the last 12 months. The 12-month period is based on the most recent course contract date, course completion date, or the date of withdrawal from an AU course.

Students who complete courses on a Letter of Permission from AU also retain their active status.

Active students must log in to myAU where they have access to personal information such as library accounts, assignment marks, and course grades, or take care of administrative matters such as registering for courses, booking examinations, or applying for extensions.

Changing Programs/Status

Active students who wish to change their enrolment from the unclassified (non-program/visiting) status to an undergraduate program, or change from one undergraduate program to another undergraduate program, must log in to myAU and select “Change Your Program” found under “Manage Your Program” in the Student Record section of myAU.

If you are an inactive student, you will be required to reactivate your file and then complete the “Change Your Program” form. The form will ask if you require an evaluation of previous post-secondary studies. A fee is required for this service if it wasn’t submitted previously.

You are required to fulfill the program regulations in effect at the time of your enrolment. Course work completed previously will be assessed toward the new credential.

3.1.5.2 Inactive Students

Inactive students are those who have not registered in an AU course within 12 months of the most recent course contract end date or the date of withdrawal from their last AU course.

If you are a returning student with an inactive AU account, you need to log into myAU and reactivate your active status by selecting "Change your Program" found under "Manage Your Program" under the Student Record section of myAU.

To re-enrol and before you continue to take courses, you must complete and submit a new Undergraduate General Application Form. Access [myAU](#) and follow the reactivation procedure.

You are required to fulfill the program regulations in effect at the time of your re-enrolment. You will also require a new evaluation of your previous post-secondary course work. A fee is required for this service if it wasn't submitted previously.

Admission

3.1.6 Enrolment Status

3.1.6.1 Part-Time Students

Those who are registered in less than 60 per cent of a full course load with AU. For taxation or Government Student Loan purposes, students who register in less than four, three-credit courses over six months are considered part-time.

3.1.6.2 Full-Time Students

Full-time students are enrolled in a minimum of 60 per cent of a full course load. At the undergraduate level a full course load is defined as 3.75 credits per month at AU. The minimum requirement for full-time status is 2 credits per month.

Example: If you are on student financial aid, full time enrolment is 9 credits over 4 months with the same start date. If you are taking courses via individualized study over 6 months, you require 12 credits to be full time with the same start date.

For more detailed information on funded and non-funded students, visit the AU [Student Financial Aid Information](#) page.

3.2 Evaluations and Transfer Credit

In general, Athabasca University will review your previous post-secondary education toward your credential. A one-time Evaluation Fee will be charged for this service. Please note this fee is non-refundable once an evaluation has been completed. For detailed information regarding the awarding of transfer credit please refer to the Undergraduate Transfer Credit Policy.

AU has articulated courses and programs from more than 240 institutions and organizations. These decisions can be searched on our online database.

If you are a continuing student, log in to myAU and complete and submit the online Change of Program Form.

Non-Canadian students who will be presenting international credentials for possible transfer credit to an AU program must refer to Foreign Transcript Evaluation.

3.2.1 Block Transfer Credit/College Diploma

AU accepts many college diplomas and other credentials as blocks of transfer credit toward AU programs. In these cases, the student's transcript is reviewed, and transfer credit is awarded as a block of credit rather than on a course-by-course basis.

Block transfer arrangements are most often associated with specific programs and may not be applicable to all AU credentials. If a decision has not been previously made, your prior education will be assessed on an individual basis.

Transcripts

Arrange to have official transcripts of your previous education—from each institution that you formerly attended—sent directly to AU, Enrolment Services, Office of the Registrar. AU will evaluate all post-secondary course work completed within Canada and the United States. In some cases, additional supporting documentation may also be required in order to begin the evaluation.

Documents received in support of an application for admission become the property of AU. Copies of your foreign documents submitted may be sent to you upon request (please notify Enrolment Services). Ensure the correct mailing address is

provided or the documents will be sent by registered mail to the most recent address on file. AU does not assume responsibility for lost documents.

Course Outlines

This information will be of use to students who want to have unassigned credit changed to direct equivalency credit, as well as to students who wish to have courses evaluated which have not been granted transfer credit.

For either of the above type cases, the student must present detailed course outlines* to Transfer Credit Services, Office of the Registrar. Calendar descriptions will not suffice.

The information in the detailed course outlines should include:

- Institution name
- Course name, number, and year completed
- A statement of the course objectives
- A detailed outline for the course
- The number of weeks of duration
- Hours per week of lecture
(laboratory/tutorial/seminar/studio work)
- The method of evaluation and grading
- The textbooks used
- Content of assignments and assignment weighing
- Credential of instructor(s)
- Course title of prerequisite or corequisite courses (if any)
- Credit value

Some departments or faculties may require students to provide copies of examinations and/or assignments. When this information is received, it will be reviewed by the appropriate department. You will be notified of the results in writing.

* Course outlines for courses other than language courses must be presented in English. If the course was taken in a language other than English, the original outline must be presented with the translated version.

Evaluations and Transfer Credit

3.2.3 Foreign Transcript Evaluations

Students presenting non-Canadian/non-United States credentials for possible transfer credit to an AU program must obtain an evaluation of post-secondary course work from an international assessment agency, for example, the International Qualifications Assessment Service (IQAS). The credential assessment agency will assess each student's international educational documents and compare them to educational credentials in Canada.

All assessments, regardless of the agency used, must be completed using original documents or certified copies—official documents issued directly from the sending institution are preferred. AU only accepts detailed course-by-course assessments. Students must also submit copies of all foreign transcripts used in the assessment to AU. Please note AU reserves the right to request that official documents be sent directly from the institution to AU.

If you elect not to use an assessment agency, you may not obtain any transfer credit for your course work towards an AU program.

There are a number of other foreign credential evaluating services whose assessments may be accepted. In Canada, refer to the Alliance of Credential Evaluation Services of Canada.

AU can also accept assessments from the U.S. from members of the National Association of Credential Evaluation Services (NACES) or the American Association of Collegiate Registrars and Admission Officers Foreign Education Credential Services (AACRAO) provided the assessments are completed using original documents or certified copies—official document issued directly from the sending institution are preferred.

Evaluations and Transfer Credit

3.2.4 Timeline for Evaluation Completion

Evaluations take time. When Transfer Credit Services receives all the transcripts, supporting documents, and required fees, your evaluation request enters a queue. It can take from twelve (12) to fourteen (14) weeks to complete your evaluation. If additional information is required, or AU is experiencing high volumes of requests, it may take longer. In addition to official transcripts, supporting documentation, such as course and program descriptions, may be required from the sending institution.

Failure to provide this information when it is requested will impede the evaluation process. When the evaluation is complete, you will be notified what transfer credit has been awarded and how it applies to your program of study.

Evaluations and Transfer Credit

3.2.5 Course Registration While Waiting for Evaluation Completion

While you wait for your evaluation of previous education to be completed, you may register in courses. If your course duplicates course work already completed, you can only receive credit for one of the courses. AU cannot officially approve any courses as being applicable to your program until your evaluation is complete.

If you register in a course and are subsequently given transfer credit for a similar course completed previously, you have the option of withdrawing from the course. Refer to [Course Withdrawal – Individualized Study](#) and [Course Withdrawal – Grouped Study](#).

3.2.6 Notification of Evaluation

Once your evaluation is complete, Transfer Credit Services will notify you that your assessment is completed and tell you where you can access the results. Examine the transfer credit awarded closely and see how it has been applied to your program of study.

If you have questions resulting from the evaluation or as to why a course did not receive transfer credit, contact [Transfer Credit Services](#) immediately.

Evaluations and Transfer Credit

3.2.7 Transfer Credit Time Limits

Usually, courses will be considered for transfer credit regardless of when they were completed. There are some exceptions.

Depending on the program, AU will not award transfer credit for some administrative studies courses (e.g., law, senior-level accounting, management science, marketing or finance courses), information systems courses, or science courses that were completed more than 10 years ago.

Athabasca University will not award transfer credit in the following programs for nursing courses that were completed more than seven (7) years ago, or for non-nursing courses that were completed more than 10 years ago:

- Post-RN Bachelor of Nursing Degree Program
- Post-LPN Bachelor of Nursing Degree Program

In addition, AU will not grant transfer credit in the following programs for computer science courses that were completed more than five years ago:

- Bachelor of Arts concentration and major in Information Systems
- Bachelor of Science in Computing Information Systems
- Bachelor of Science in Computing Information Systems (Post Diploma)
- University Certificate in Computing Information Systems

Students transferring credit completed within a Canadian Information Processing Society (CIPS) accredited diploma or who have completed a science-related diploma program from a college or technical institute, and who are enrolling in the Bachelor of Science Program, may not be eligible for a block transfer of credit if the diploma is more than five (5) years old.

Consequently, if student diplomas are more than five (5) years old and students are currently active in their field of study, they should arrange to provide evidence of this activity to Transfer Credit Services (e.g., a letter from their employer, a copy of professional membership etc.).

Students who choose to change programs may ask a student advisor for help in determining whether courses they have completed through AU will be accepted into the new program.

3.2.9 Transferring AU Courses to Another Institution

Generally, AU courses are transferable to other Canadian degree-granting institutions.

AU is unable to advise you on which of its courses would transfer into a program at another institution. The decision to accept courses for transferability lies exclusively with the home institution.

If you are in a program at another post-secondary institution and wish to take an AU course, you are advised to obtain a Letter of Permission from your home institution before taking the AU course. If you do not obtain permission you may not receive credit for the course at your home institution.

Alberta Transfer Guide

Students wishing to transfer courses or programs to another institution should refer to the Alberta Transfer Guide, which lists all courses and program transfer agreements between post-secondary institutions in Alberta, the Northwest Territories, and Nunavut. Students wishing to transfer credit for courses or programs to British Columbia post-secondary institutions should refer to the British Columbia Transfer Guide. 3.3 Letter of Permission

A Letter of Permission is a document issued by the post-secondary institution the student is enrolled in a program at. It permits a credential student to take one or more courses at another institution to be used towards their credential. The Letter of Permission is a means of tracking the courses you take at other institutions. The letter also indicates to the external institution that you are a visiting student and provides you information regarding the transfer credit that will be awarded for external courses.

There are two types of Letter of Permission: Outgoing and Incoming.

[Letter of Permission Request Form \(PDF\)](#)

If you wish to take a distance course listed on the Canadian Virtual University (CVU) website, Letter of Permission and Visiting Student Admission fees may be waived. For details, visit the [CVU Letter of Permission Form](#) page.

Letter of Permission

3.3.1 Outgoing Letter of Permission: Before You Register

Before you register in courses for credit at another post-secondary institution towards your Athabasca University credential, you must request the Letter of Permission from Transfer Credit Services, Office of the Registrar. It is important to remember that credit cannot be applied to your program if you do not first obtain a Letter of Permission and make arrangements for an official transcript to be submitted to AU that indicates successful completion of the course(s). Please check your program carefully to ensure the proposed transfer credit fits into your credential. If you need assistance in determining if the credit will fit, contact a student advisor.

The Letter of Permission is valid for one year and maintains your active program status if you are not registered in any AU courses at the same time.

Request the Letter of Permission a minimum of six weeks before the course registration date. This will allow AU time to process, approve, and forward the letter. There is no fee for this service.

Letter of Permission

3.3.2 Incoming Letter of Permission: Visiting Students

Visiting students can take courses at AU for transfer credit to other post-secondary institutions. Before you register in a course at AU, you are advised to obtain a Letter of Permission from your home institution that indicates it will accept the AU course in your program. This is for your own records and is not a requirement of AU.

Make sure you are aware of any special considerations that your home institution has related to course completion, course withdrawal, course extensions, supplemental exams, and delivery mode. For example, some institutions require that their students complete the course within specified timelines, will not accept a grade if a supplemental exam has been written, or will not accept a grade if it was taken by Challenge for Credit.

3.4 Prior Learning Assessment and Recognition

Prior Learning Assessment and Recognition (PLAR) allows you to demonstrate the university-level knowledge that you have gained informally through work or life experiences. By preparing a detailed portfolio or e-portfolio for assessment, you may receive up to a maximum amount of credit within your AU program.

You will be asked to submit your PLAR application and PLAR fee after you have been assigned to a mentor.

3.5 Graduation

AU approves and awards credentials every month. For consideration to graduate, all students must submit an Application for Graduation form to the Office of the Registrar. All requirements for the credential (final grades; including grades for courses on Letter of Permission) must be received and processed by the Office of the Registrar by the 15th of the month in order to be submitted for approval the following month. For example, students who complete all requirements by September 15th will have their names forwarded at the October meeting.

EXCEPTION: for Convocation in June 2016, Applications for Graduation must be submitted by April 30, and all requirements must be met by May 6, 2016.

Graduation

3.5.1 Procedure

In order to be considered for graduation please note the following:

Students must be active in a credential at AU.

Students are required to return a completed Application for Graduation form to the Office of the Registrar. All requirements for the credential must be in progress or completed before submitting the form.

Upon receipt of an Application for Graduation form, the Office of the Registrar will monitor your progress in AU courses until all final grades are received and advise you by letter that you are eligible to graduate. It is the student's responsibility to submit transcripts for course work completed at other institutions.

In order to be considered for graduation awards and to be included in the Convocation ceremony program, all final grades, including transcripts for courses completed on letter of permission must be received by May 6, 2016.

Your name, as it is recorded on your student academic record, will be displayed on the parchment. If you have recently changed your name, or would like to make changes to what we have recorded on your student file, you must officially notify the Office of the Registrar by completing and submitting the Student Change of Information form.

Parchments will be mailed to the student after the graduation date using the address appearing on the Application for Graduation. If a change of address has been submitted after applying, please contact the Office of the Registrar at 1-800-788-9041, ext. 6258, to update the address on your application.

Students will be required to reapply to graduate if at any time they become inactive or are not in enough courses to complete the requirements of the credential.

Students must arrange to settle all outstanding accounts with AU (monies owing, return of library materials, etc.).

All students who receive graduate or undergraduate degrees are invited to attend the convocation ceremonies held by AU in June of each year. Graduates of university certificate or university diploma programs are listed in the convocation program, but do not participate in the ceremonies. Additional information about the convocation ceremonies may be found on the [convocation website](#).

3.5.2 Parchment Replacement

AU reissues parchments that are lost or stolen, have been damaged, which reflect a change of name, or for professional display purposes. You are required to complete and submit a Parchment Replacement/Duplication Request Form and fee.

Students requesting to replace a parchment that has been lost, stolen, or damaged, or who wish a second parchment for display purposes, are required to sign and date a declaration.

[Undergraduate Course Registration Form \(HTML\)](#)

3.6.1.1 Professor Approval

If you feel a prerequisite should be waived for non-academic reasons (e.g., work experience), you must contact the course professor with the authority to waive the prerequisite before you register in the course. If you did not complete the prerequisite through AU, you must ensure that the Prerequisite Waiver Declaration Form has been completed. Next, submit this form and the Course Registration Form, to Enrolment Services, Office of the Registrar.

3.6.3 Auditing a Course

Audit students register in a course for interest but do not wish to receive credit. As an audit student, you will receive the same tutorial support, have access to all other services provided to AU students, and pay the same fees. Audit students are ineligible to request and write examinations, and a final grade is not provided.

When you register, indicate whether it is your intention to audit the course.

3.6.3.1 Changing Status

If you are auditing a course and wish to change to credit status, you must apply in writing to the Office of the Registrar before the mid-point of the course contract date.

If you are taking a course for credit and you have not yet written any examinations, you may change from credit to audit status. You must do so before the mid-point of your course contract date, and you must apply in writing to the Office of the Registrar.

3.6.4 Zero-Credit Courses

Non-credit or zero-credit courses (for example, ENGL 144 and ENGL 149) do not fulfill any requirement towards a credential.

Students in zero-credit courses receive the same tutorial support and have access to all other services provided to AU students. They pay the same fees as they would for a three-credit course (minus the Students' Union and Alumni fees). Course extension regulations also apply to zero-credit individualized study courses.

Registration

3.6.5 Individualized Study/Online Courses

Individualized study is the most common method of teaching and learning at Athabasca University.

At AU, courses begin the first day of each month provided you register by the 10th day of the previous month. You will have six months to complete zero-, one-, three-, or four-credit courses and 12 months to complete six-credit courses.

Course fees include all learning resources needed for the course. See Learning Resources [below](#) for more information.

You may be required to purchase additional items such as stationery, binders, calculators, etc. Most courses have required computer components (refer to [Computer Requirements](#) in the Glossary).

Online Courses

3.6.5.1 Maximum Course Load

Students may be actively registered in one to six courses at a time. To ensure that you do not overburden yourself, AU limits your course load to a maximum of six active registrations. If you have a full-time job or are new to distance learning, we suggest you start with one course.

3.6.5.2 Pre-Registration – Individualized Study

You may pre-register in an individualized study course up to five months before the course start date. Pre-registration guarantees you that tutorial support will be available for a specific start date. When you pre-register, you will be paying the fee that is effective the date your course begins. Should you alter your pre-registration, you will be charged a fee.

You will receive your learning resources shortly after your pre-registration. Tutorial support will not begin until your official course start date. Your tutor introductory letter will arrive approximately one week before your course start date.

3.6.5.3 Registration Process - Individualized Study

Once you are admitted to AU and you have received your student ID number, you may register in courses. When you have selected a course, ensure that it is available by viewing the online course syllabus and the Course Availability List. Also ensure that you have the required prerequisites.

Log in to myAU to complete and submit the Undergraduate Course Registration Form along with the appropriate payment. If you are an inactive student, you will still have access to myAU. Follow the instructions to reactive your status. Confirmation of course registration by e-Letter will be available within 48 hours of the course registration in your myAU portal (use your student ID number to log in).

The request for a learning resources package will be sent as soon as your course registration is processed. A tutor will also be assigned after you register in a course; however, the tutor's support will not be in effect until the course contract start date.

3.6.5.4 Registration Deadlines

AU's individualized study courses begin the first day of the month, and are offered year-round. You can register online via the online registration system. You must request and pay for courses by the 10th day of the month prior to the requested course start date. For example, if you wish to start your course on November 1, you must register for the course by requesting and paying for it by no later than October 10.

For students without access to the online registration system, the Office of the Registrar will process paper course registration requests and payments that are received by the 10th day of the month before your requested start dates.

Remember to consider postal, courier, and processing times when a particular start date is desired. Students living overseas are generally assigned course start dates one month later than students living in North America.

[Overseas Students' Course Start Dates](#)

[Courier Recovery Fees](#)

3.6.5.5 Overseas Students' Course Start Dates

Course start dates for students living overseas (those living outside Canada and the continental United States) depend on the arrival of the course package. To reduce postal delays, AU will courier your course package but you must provide a street address (not a Post Office box address) and telephone number. Overseas students are required to register for their courses two months prior to the intended course contract start dates.

3.6.5.6 Course Contract Period/Dates

Each individualized study course has a specific course contract start date and end date. You will have six months to complete a zero-, one-, three-, or four-credit course, and 12 months to complete a six-credit course. Your course contract end date is the last day of your individualized study course. Course contract end dates fall on the last day of a month.

Course extensions are available, if required. See [Course-Related Regulations](#) for more information.

You are considered actively registered in your course until you have completed the course, the course contract date expires, or you withdraw. Your learning resources package will be sent as soon as your registration or pre-registration request is processed, however, tutor support, submission of coursework, and the writing of examinations cannot begin until the official course contract start date. See Early Access to Courses [below](#).

[Course Extensions](#)

[Financial Assistance](#)

3.6.5.7 Early Access to Courses

Early access to individualized study courses in the Moodle learning management system varies based on individual course design. Prior to the course contract start date, student access may not be provided to some assignments and will not be provided to quizzes or exams. (Note: In some courses, early

access is not provided at all.) Students cannot submit assignments and quizzes, nor write exams until their course contract period commences. Tutorial and faculty access will not be provided until the course contract period begins.

3.6.5.8 Studying Courses While Residing Outside Canada

All students studying outside of Canada must comply with the regulations governing the normal course contract period. Extensions beyond the normal course contract period in individualized study courses are available to all students. Refer to Course Extensions – Individualized Study below.

3.6.5.9 Learning Resources

The payment of course registration fees entitles you to receive most of your individualized study course learning resources. Learning resources include, but are not limited to, textbooks, student manuals, study guides, tutorial assistance where provided, access to online materials and other instructional materials required to complete the course for the period of active registration. Additional lab fees may be required for some Faculty of Science courses. You may be required to pay for additional small items such as binders, calculators, home lab materials, and so on.

Some AU courses introduce students to a more specialized course in the same field. These courses often reference the same textbook. Please retain the textbook from the previous course as a duplicate textbook will not be shipped.

Your course package will include various learning resources that are identified in the online course syllabus. In some courses, the learning resources are available entirely online. In others, the resources may be a combination of offline materials such as a textbook(s), CDs, and/or DVDs, and the balance of course materials is accessed online. And in others, the entire learning resources package is print-based and is mailed or couriered.

Your course materials will arrive before your official start date. If for some reason the materials don't arrive on time, contact Materials Management at AU as soon as possible (1.780.675.6366).

3.6.5.10 Shipping/Receiving Your Print Learning Resources

In many courses, the learning resources are available either online or in print, or a combination of both formats. If a course has print learning resources, they will be sent shortly after

your course registration has been processed.

Shipping Within North America

Students living in Canada will receive their print learning resources through Canada Post. Students who live in the U.S. or Mexico will receive their print learning resources by courier. Please allow two weeks or longer to receive the material.

Shipping Overseas

Various methods are used to ship print course materials overseas. AU's Materials Management department determines the most efficient and appropriate method. If you live overseas, please allow up to one month to receive your course materials.

3.6.5.11 Your Tutor

After you register in an individualized study course, an e-Letter containing your tutor's name, address, email address, phone number, and tutor hours will be posted in your student myAU portal approximately ten days before your course contract start date. The default method of student information delivery is e-Letter. (Print letters are still available by filling out the Print Letter Request form and paying the associated fee.) If you have not received your tutor letter one week before your course start date, or if you have misplaced your letter, contact Learning Services Tutorial as soon as possible.

Your tutor will assist you throughout your course either by phone or email. Tutors offer subject-matter assistance, engage in scholarly discussion, mark assignments, provide feedback, and help prepare you for your examinations. Never feel reluctant to contact your tutor. He or she is your main link with AU.

You may contact your tutor on the course start date, but not before. You may phone your tutor toll-free from anywhere in Canada or the US during established tutor hours, or you can leave a voicemail or email message at any time.

Most of the AU Faculty of Business and Faculty of Science and Technology courses provide access to a Student Success Centre and academic experts. Before your course starts, you will receive a letter with the centre's toll-free telephone number.

Because of vacation time, normally during the summer months, your tutor may not be available for up to ten business days. In case of absences of longer than 10 business days, other arrangements will be made for you.

3.6.5.12 Course Extensions – Individualized Study

If you are unable to complete your individualized study course during the course contract period, you may apply for and purchase up to three, two-month extensions at Athabasca University. Course extensions apply to individualized study courses only. You may not extend a grouped study course.

A course extension must be requested and purchased online (via your myAU portal using your student ID number to log in) a minimum of one month before your course contract end date. Requests for second and third extensions must be received a minimum of one month before the expiry of the previous extension.

The extension begins on the first day of the month following your course contract end date. If you fail to complete your course and you do not apply for an extension by the required deadline, you will receive a grade of F (Failure) for the course. If you wish to obtain credit for the course, you may re-register and pay a fee. Both the original registration and the re-registration will appear on your transcript.

Students receiving financial assistance may be restricted by shorter time limits.

3.6.5.13 Course Withdrawal – Individualized Study

You may withdraw from an individualized study course at any time within the course contract period. In order to meet specific academic record and refund criteria, you must adhere to the following timelines. You cannot withdraw from a course after your course contract end date, once the final examination is deemed to have been written (or if all course work is deemed to have been submitted for marking, for courses that do not have a final exam requirement), or during disciplinary proceedings.

Withdrawal procedures do not apply to courses being challenged for credit.

a. Impact of Course Withdrawal on Academic Record

Withdrawal timeframes have an impact on your academic record. If you withdraw:

1. **prior to and up to 30 days after the course contract start date:** The course will not appear on your transcript.
2. **after 30 days and on or before the course contract end date:** Your transcript will indicate a "W" (Withdrawal) and credit will not be awarded for the course.
3. **after the course contract end date:** You cannot withdraw after the course contract end date. If no course work has been completed, a grade of "F" (Failure) will be assigned and recorded on the transcript.

Nursing students: Please consult the [Undergraduate Course Withdrawal and Refund Policy – Individualized Study](#) for academic impact of a withdrawal from a nursing clinical and for the process that must be followed.

b. Procedure

Withdrawal requests should be submitted online via the [myAU](#) portal and are subject to the Undergraduate Course Withdrawal [Policy](#) and [Procedures](#) – Individualized Study.

c. Refunds and Returns

Students are responsible for the cost of returning any learning resources to Athabasca University. For more information on refunds and returns, refer to [Refunds: Individualized Study Course Tuition](#).

3.6.5.14 Re-Registration – Individualized Study

At Athabasca University, students are permitted one registration and one re-registration in each individualized study course. You may re-register in an undergraduate course

provided you are eligible to register in the current revision of the course and that you have not previously re-registered in the course.

In order to carry forward any completed coursework and examination results, you must first obtain written approval from the course professor/course coordinator. To carry the results forward, you must re-register in the course within one year from the course contract end date of your original registration.

a. Procedure

1. You must re-register in the current revision of the course. Contact AU and determine whether the current revision of the course has changed since your original registration. If the current revision has changed from your original registration, you will be required to pay the learning resources fee.
2. Complete the undergraduate course registration process using one of the following methods:
 - online (also available via print PDF) complete and submit the Undergraduate Course Registration Form. Fax: 1.780.675.6174 or mail.
 - c. in person at the Athabasca, Edmonton, or Calgary offices.

3.6.6 Grouped Study Courses

Athabasca University's term for courses taken by students together in either a classroom or online setting. Students progress through the course at the same pace. Because grouped study courses follow a set timeframe, extensions are not allowed.

Not all courses identified as grouped study in the print and online Calendars are available every year. It is important that you check to confirm the course is available at a specific location.

To determine whether there is a grouped study course available to you, please visit:

[Partnerships](#)

For more information about partnership courses, degrees, and transfer credit, please refer to the following websites:

[Learning Services Collaborations](#)

[Available Grouped Study Courses](#)

3.6.6.1 Registration Process – Grouped Study

You will register in person at the partner institution that offers the AU course or use the grouped study course registration form specific to the institution at which the course is being offered.

3.6.6.2 Registration Deadlines

Year-round registration is not available for grouped study courses. Because of scheduling restrictions, the courses are generally offered at selected sites and times. Course availability is dependent upon the number of registrations.

Learning resources are generally distributed to students at the first group session. Courses offered at another institution may have different fees and regulations. Please consult the collaborating institution that offers the course.

3.6.6.3 Course Withdrawal – Grouped Study

You may withdraw from a grouped study course before your course contract period expires. In order to meet specific academic record and refund criteria, however, you must adhere to specific timelines described in this section. You cannot withdraw from a grouped study course after your contract end date, once the final exam is deemed to have been written (or if all course work is deemed to have been submitted for marking, for courses that do not have a final exam requirement), or during disciplinary proceedings.

a. Impact of Course Withdrawal on Academic Record

Withdrawal timeframes have an impact on your academic record. If you withdraw:

1. **prior to and up to 15 days after the course contract start date:** The course will not appear on the transcript.
2. **after 15 days and on or before the course contract end date:** Your transcript will indicate a “W” (Withdrawal) and credit will not be awarded for the course.
3. **after the course contract end date:** You cannot withdraw after the course contract end date. If no course work has been completed, a grade of “F” (Failure) will be assigned and recorded on the transcript.

Nursing students: Please consult the [Undergraduate Course Withdrawal and Refund Policy – Grouped Study](#) for academic impact of a withdrawal from a nursing clinical and for the process that must be followed.

b. Procedure

All requests to withdraw from a grouped study course must be made by completing and submitting Grouped Study Course Withdrawal Request Form in writing to the Office of the Registrar.

The date you withdraw from your course will be the postmark on the envelope, the date the emailed submission is received, or the University date stamp if the form is hand-delivered or faxed (780.675.6174).

3.6.7 Challenge for Credit

The challenge for credit process allows you to demonstrate that you are proficient in the subject matter of a specific AU course without having to complete the entire course. Using a predetermined process, this option allows you to challenge courses based on your knowledge of the course content. Not all courses are available for challenge.

Not all post-secondary institutions recognize the challenge for credit process. If you are a visiting student, find out first whether your home institution will accept credit obtained by challenge prior to registration.

1. Determine your subject-matter knowledge and the method of challenge evaluation by reviewing the online [syllabus](#).
2. You must obtain approval to challenge a course from the faculty or designate who is responsible for the AU course. Faculty contact information may be found [online](#).
3. Fill out the challenge for credit registration form and submit with payment.

Commencing on January 1, 2012 and later (term 201201), any courses take via the challenge for credit process will not meet AU residency requirements.

Some important facts regarding challenging a course:

There are no provisions to withdraw (cancel) from or extend the challenge for credit process.

The Course Coordinator determines the components of evaluation for the challenge for credit process, noted on the challenge evaluation section of the course syllabus.

If the challenge involves an examination, you may write only once. (See [Challenge for Credit Examinations](#) for more information.) There are no provisions to write a supplemental or multiple examinations.

You must complete the challenge for credit process within three months.

Prerequisites must be satisfied unless the Course Coordinator waives them. After completing a challenge for credit process successfully, you may not challenge a prerequisite to that challenge.

In some challenge for credit processes, you must complete the assignments within six weeks of receiving the material.

Tutor support is not available during a challenge.

Learning Resources for Challenge for Credit can be purchased from Course Materials or can be purchased separately. (see following section for more information.)

You have one opportunity to challenge a course. If you do not complete, or you fail your challenge for credit process, you are not permitted to challenge the material a second time. You must register in the course and complete it successfully in order to receive credit.

If you do not complete, or you fail the challenge for credit process, you will be assigned a system grade of F three months after the challenge end date.

Funding for courses taken via the challenge for credit process is not available through student financial aid.

Challenge for Credit Policy

Challenge for Credit Procedures

3.6.7.1 AU Learning Resource Materials - Challenge for Credit

Students registering for challenge for credit will have access to AU printed learning resource materials, limited to textbooks and readings, available for purchase at full cost. Any fees assessed for learning resource materials are not refundable.

Students may purchase the associated print learning resources, limited to bound textbooks and print readings as follows:

by contacting AU's Materials Management Unit via email at cmat@athabascau.ca. All materials will be charged at full cost (defined as AU's full purchase cost, plus shipping, plus a 20 per cent handling fee) or;

by accessing the list of materials from the [course syllabus](#) and sourcing the materials via a book store, online book retailer, or other means.

Note: Students will not be provided access to the online individualized course site, the student manual, eTextbooks, or course study guide for a course taken via the challenge for credit process. If an eTextbook is offered for the course, it must be purchased from the publisher or a third-party vendor.

Undergraduate Challenge for Credit Registration Form

3.6.7.2 Courses Unavailable for Challenge

Students may not request to challenge AU courses:

- for which they have already received transfer credit as a direct AU course designation;
- for which they have received a “Do Not Register” designation;
- for which an exemption has been granted;
- which they have already successfully completed at AU;
- for which they have received credit through Undergraduate Prior Learning Assessment and Recognition (PLAR);
- for which they have received a failing grade; or
- which are at the preparatory (100) level.

3.6.7.3 Registration Process – Challenge for Credit

Determine that the course is available for challenge and the method of evaluation by checking the course syllabus. Determine if you will be purchasing the related textbook and readings, and what the cost of these items will be for the course(s) you are interested in challenging by contacting AU’s Materials Management Unit at 1-800-788-9041, extension 6366, or via email at cmat@athabascau.ca.

You must be eligible to challenge the course. Check with the appropriate faculty member or designate to ensure you have completed the prerequisites, discuss your level of skill and knowledge required for the course, and secure their approval. Faculty contact information may be found [online](#).

If you haven’t done so already, complete and submit the Undergraduate General Application Form accompanied by the appropriate fee.

Complete and submit the Undergraduate Challenge for Credit Registration Form accompanied by the appropriate fee. You must register for the challenge and receive permission to challenge before the tenth day of the month in order to start your challenge on the first day of the following month. The

Office of the Registrar will process a completed Undergraduate Challenge for Credit Registration Form received by 4:30 p.m. MT on the tenth day of the month. Remember to consider postal, courier, and processing times when a particular start date is desired.

For challenges that require the completion of an exam, students must request the exam within the guidelines for making examination requests as stated in the [Undergraduate Exam Request and Completion Policy](#) and its associated [procedures](#). No supplemental exams are permitted.

4.1 Program General Information

As an open university, Athabasca University will accept application to become a student from any individual who is 16 years of age or older.

Students complete the program regulations in effect at the time of their enrolment. For degree programs with enrolment requirements, students will follow the regulations in effect upon notification of acceptance into the degree.

Students may not enrol in an AU undergraduate degree program while they are enrolled in a degree program at another post-secondary institution. Those students may take courses as unclassified (non-program/visiting) students until they have either completed or withdrawn from the other program.

For more information on admission to AU, visit the [Admissions](#) section of the undergraduate Calendar.

4.1.2.1 Program Planning

If you have not completed any post-secondary courses before, we suggest you begin by selecting a preparatory (100 level) or junior (200 level) course in your degree area. Check carefully to ensure 100-level courses meet your program requirements.

Select a course that includes topics that interest you, and consider all of the requirements within your specific degree or certificate program. Some of our undergraduate programs, such as the Bachelor of Nursing or Bachelor of Commerce degree, have specific program requirements.

Most programs contain a number of core courses and required elective courses. Select courses that are designated as core or required electives first. These junior-level courses will help provide you with the information base you will need to successfully complete senior (300/400) level courses.

4.1.2.2 Learning Outcomes

Athabasca University has developed program learning outcomes that outline the knowledge, skills, and values you may expect to obtain after completing a credential. Possible career options are also listed. Choose from the list of programs.

4.1.2.3 Counselling and Advising Services

If you are having difficulty pinpointing a specific program or course of interest, an Athabasca University counsellor or advisor can help. The following will help you determine the type of advice you require.

A counsellor will help you:

clarify your educational and career objectives

select a program of study
develop study and time management skills
identify and overcome any barriers to your learning.

You may reach a counsellor by:

4.1.3 Program Undergraduate Degree GPA and Graduation with Distinction or Great Distinction

All Athabasca University students who graduate with an undergraduate degree and who have successfully completed a minimum of 24 credits at AU, are automatically considered for graduation with distinction or great distinction recognition. All completed AU courses taken as part of the undergraduate degree program in which the student is registered will be used in the program GPA calculation including unsuccessful course attempts.

For courses that are repeated, the highest grade achieved will be used in the program GPA calculation.

Courses excluded from the GPA calculation are:

- Transfer courses (courses for which transfer credit has been awarded)
- Courses using a pass/fail grading scheme
- Courses with a grade of W (Withdrawal) or WF (Withdrawal Failure), both without academic penalty
- Courses considered extra to the degree
- Credits awarded for Prior Learning Accreditation and Recognition (PLAR)
- Non-credit courses and courses with no grades.

4.1.5 Residency Requirement

Residency is defined as the minimum number of Athabasca University credits that must be completed to fulfill a program's requirements. In some cases, specific Athabasca University courses are prescribed as part of the overall residency requirement for a given program.

ADMN 404, for example, is a required course in the Bachelor of Commerce degree and the Bachelor of Management degree, and it must be completed at AU. No transfer credit is allowed for this course within the Bachelor of Commerce degree and the Bachelor of Management degree. Please review the [residency charts](#).

4.2 Arts

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

The three-year Bachelor of Arts program is a well-respected credential in Canada and the United States. While the three-year degree program is a highly marketable credential, it is not aimed at providing students with direct access to graduate level studies. Often an additional year of study is required to achieve that academic goal.

The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs. Graduates of the Bachelor of Arts with a major are expected to have gained sufficient analytical and critical thinking skills to be able to engage in independent research in their chosen major.

Students who are currently enrolled in the four-year Bachelor of Arts degree and who wish to transfer to the three-year degree program, may find it is not possible to transfer all their completed courses because of degree requirements.

Students may also be interested in the University Diploma in Arts, which is designed for students who wish to obtain an intermediate credential that provides a grounding in the intellectual skills required of university studies. It is also a foundation for further studies in Humanities and Social Science.

English Writing Skills Requirement

Students must meet the following English writing skills requirement:

hold credit in ENGL 255 (Students are strongly encouraged to register in [ENGL 255](#) early in their program.);

or

have a grade of B- (70 per cent) or better in an Athabasca University English course above the [preparatory \(100\) level](#);

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs. Graduates of the Bachelor of Arts with a major are expected to have gained sufficient analytical and critical thinking skills to be able to engage in independent research in their chosen major. Athabasca University does not offer an Honours BA.

Although you may change majors, a major must be selected when you enrol in the four-year Bachelor of Arts program. You may select from the following majors: Anthropology, Canadian

Studies, English, French, History, Humanities, Information Systems, Labour Studies, Political Economy, Political Science, Psychology, Sociology, and Women's and Gender Studies.

Students enrolled in the three-year Bachelor of Arts program who wish to transfer to the four-year Bachelor of Arts program must complete a new Undergraduate General Application Form. Previous education will be reassessed and students will be notified of the results.

You are strongly encouraged to register in ENGL 255 early in your program. The English writing skills requirement is waived for students enrolling in the second undergraduate degree.

Double Majors

Students in the Bachelor of Arts program, as either a first or second undergraduate degree, generally have the option to combine two majors if they wish. Students who undertake double majors must fulfill all requirements for both majors. Depending upon the majors chosen, this may greatly restrict course selection (particularly in the second undergraduate degree program) or require the completion of more than 120 credits. Students considering enrolling in double majors should consult with an Athabasca University [advisor](#) for assistance in selecting their programs and courses.

Change of Major

You may change majors at any time. You will be placed in the current regulations. If you wish to remain in the regulations that were in effect at the time of your original enrolment, contact Admissions and Evaluations Services. Please reference the appropriate Calendar, e.g., 2002-2003 regulations. To request a change of major, complete and submit a new Undergraduate General Application Form. No fees are required.

Minors

A student has the option of taking a minor in addition to their major. Although students must declare a major when they become BA program students, they may declare a minor at any point in their studies. A BA minor comprises 30 credits distinct from the major in a related discipline in the Humanities or Social Sciences offered at Athabasca University. At least 15 of

the 30 minor credits must be at the 300 or 400 level. If they choose a minor, students must still complete all requirements of the major. No course can be used to complete requirements for both the major and the minor. The minor will be recorded on the transcript. BA minors now available are Anthropology, Canadian Studies, English, French, Global Studies, History, Humanities, Inclusive Education, Labour Studies, Philosophy, Political Economy, Political Science, Psychology, Public Administration, Sociology, and Women's and Gender Studies.

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

For specific degree requirements view each program page.

Requirements in addition to the general program requirements for the 4-year BA with Major:

1. 60 credits in courses designated as electives including 30 senior (300 or 400) level credits (a minimum of 12, 400-level credits).
2. A minimum of 9 credits per subarea from any four of the following five: Canadian History, Canadian Literature, Canadian Geography, Canadian Indigenous and Ethnic Studies, and Canadian Politics and Government (see below).
3. Students majoring in Canadian studies must demonstrate oral proficiency in French and/or one of Canada's Aboriginal languages (for example Cree or Inuktitut). Students may meet the language requirement by completing 6 junior (200 level) credits in French and/or one of Canada's Aboriginal languages. These courses will not count towards the major in Canadian Studies but will count

towards the total number of credits required for the degree.

Recommendation

Students working toward a Canadian Studies major should meet the language requirement before completing 30 credits with Athabasca University. Students enrolled in an after-degree program are advised to select courses within the following four subareas that fulfill the Humanities, Science, and Social Science requirements as well as the subarea requirements. Failure to do so could result in a student being required to complete more than 60 credits in order to fulfill all of the regulations.

French Major

Regulations effective September 1, 2015.

As a graduate of Athabasca University's French program, you will attain a sufficient degree of competence in oral and written French to communicate effectively, to analyze texts and to write critical essays. You will have a thorough understanding of the structure of the French language and its application, including pronunciation, grammar, reading skills and vocabulary usage. The courses in the program will provide you with a knowledge of the literature and culture of France, Quebec, and other Francophone areas and an awareness of the stylistic differences between the French and English languages. Upon completion of the program, you will understand how to conduct further research into the subject matter in order to increase your competence in the study of French language and literature.

Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating. Students complete the program regulations in effect at the time of their enrolment.

Did you know? Athabasca University also offers:

- three-year BA French Concentration
- Minor in French (optional)
- University Certificate in French Language Proficiency

For specific degree requirements view each program page.

Requirements in addition to the general program requirements for the 4-year BA with Major:

1. 45 credits in French major courses including a minimum of 30 senior (300 or 400) level credits (a minimum of 12, 400-level French credits).
2. 6 junior (200) level credits in French in the following courses:

FREN 200 First Year University French I (3)

FREN 201 First Year University French II (3)

FREN 362 Second Year University French ^{3.}
(6)

FREN Initiation à la littérature d'expression 4.
358 française I* (3)

* It is recommended that students take FREN 358 before taking other literature courses in the French program as it provides a foundation for the study of French literature. (These 3 credits are part of the 30 senior-level credits required in no. 1.)

FREN 374 Littérature québécoise ^{5.}
(6)

6. **Electives** (24 credits, 12 of which must be at the 400 level)
All FREN courses except FREN 100 and FREN 101. These courses will not count towards the major in French but will count towards the total number of credits required for the first undergraduate degree.

Global Studies

Regulations effective September 1, 2015.

Global Studies is an emerging interdisciplinary field, which offers a coherent and comprehensive approach to study transnational processes and their effects. GLST fosters critical thinking and the ability to employ a multidisciplinary range of concepts and analytical tools to explore social, political, economic and cultural phenomena in both their local and global dimensions and also in ways that these dimensions intersect. The GLST Minor at AU aims to direct the students towards the broadening of their own perspective of "global" and their place in it.

Global Studies Minor

Regulations effective September 1, 2015.

General information on Minors

The Global Studies Minor at Athabasca University is designed to provide the tools to understand the processes of globalization with a historical and sociological angle (as opposed to history or sociology with a global angle). Its holistic perspective breaks through the confines of scholarly specialization, and raises human global self-awareness as it affects every day popular life, action, psyche, imagination and consciousness on a mass, global scale. The transdisciplinary approach is invaluable for both the beginning student as well as the professional who seek to comprehend the past and present views of the globalizing phenomena, which is critical to understand the fundamental aspects of our society and its development.

BA Information Systems Concentration

Regulations effective September 1, 2015.

Students complete the program regulations in effect at the time of their enrolment.

Students of the BA concentration in Information Systems will gain a critical understanding of the social, cultural, political and economic implications of the use of information systems. In addition to gaining the skills of processing, using, and managing information, students will gain an understanding of the theoretical underpinnings of Information Systems. Students wishing to specialize exclusively in Information Systems should consider enrolling in the BSc in Computing and Information Systems offered by the School of Computing and Information Systems. Courses in the BA Information Systems concentration comprise both computer science and business applications.

Information Systems is a rapidly changing field; consequently, it may not be possible to transfer credit for older courses and/or diplomas towards this degree. Athabasca University will not grant credit for computer science courses taken more than five years ago.

Holders of the BSc in Computing and Information Systems from Athabasca University, or its equivalent from another university, may not enrol in the BA (Information Systems).

Did you know? Athabasca University also offers:

four-year [BA Information Systems Major](#)

four-year [BSc in Computing and Information Systems](#)

four-year [BSc in Computing and Information Systems, Post Diploma](#)

For specific degree requirements view each program page.

Requirements in addition to the [general program requirements](#) for the 3-year BA with Concentration:

1. A minimum of 42 credits in concentration courses including a minimum of 30 senior (300 or 400) level credits.
2. 24 credits in the following designated Information Systems concentration core courses:

CMIS 245 Microcomputer Applications in Business I (Windows) (3)

COMP 200 Introduction to Computing and Information Systems (3)

COMP 268 Introduction to Computer Programming (Java) (3)

COMP 314 Operating Systems
or (3)

COMP 325 Unix Operating System – Principles and Administration

COMP 361 Systems Analysis and Design (3)

COMP 378 Introduction to Database Management (3)

INFS 200 Information Seeking and Society in the Information Age (3)

SOCI 460 The Sociology of Information Technology (3)

3. A minimum of 18 credits in the following designated Information Systems concentration elective courses:

a. 3 senior (300 or 400) level COMP or CMIS courses (with a maximum of 6 credits in CMIS courses) (9)

b. 3 senior (400) level COMP courses (9)

4. A minimum of 54 credits in Arts (Humanities and Social Science) courses including INFS 200 and SOCI 460. This requirement replaces the normal requirement of 66 credits in Arts courses included in the general regulations for the 3-year BA with concentration. This change is required to accommodate the large number of credits in Science-area courses required by this concentration. For this reason the stipulation of a maximum of 18 credits in the Science area of study is also waived.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Philosophy

Regulations effective September 1, 2015.

Over 2,000 years ago, the Greek philosopher, Aristotle, said, "All persons by nature desire understanding." Philosophy pursues answers to some of the deepest and widest ranging questions people ask about human life and the role of humans in the larger scheme of things.

What is the meaning of life? What are our obligations to other humans and to natural objects? Does anything exist beyond what we can see, hear or touch? Is there such a thing as knowledge, and what can we know for certain?

Systematic reflection on such questions lies at the heart of philosophical study.

The field of applied philosophy has emerged in the last few decades as people have discovered the need to develop philosophical skills: critical thinking, understanding ethical concepts and formulating principles to help solve pressing contemporary problems. Some examples of new areas of study and research are medical ethics, environmental ethics and business ethics.

Philosophy courses are worthwhile both in their own right and as a complement to study in other disciplines. Owing to its careful analytical and critical approach to answering enduring questions, philosophy also serves as good preparation for work in fields such as law, medicine, civil service, and business.

Recommendations

1. It is strongly recommended that students who want to pursue graduate work in Political Economy or international affairs include among their options, POEC 499.
2. Language proficiency: It is strongly recommended that students in Canadian Study areas who want to pursue employment in the federal civil service or foreign affairs take French as an elective or option. Students interested in North American integration should take Spanish. Likewise, students interested in governance capacity building for First Nations communities should take First Nations language courses. Students interested in the economic integration of Europe should consider taking German. Students are advised that "language proficiency" usually means one of the following:

the ability to read French, Spanish, or German at a level consistent with the usual requirements of a junior French language course. This ability may be proven by one of the following: either by completing 6 junior language credits in French (for example French 200 and French 201) or by passing a reading proficiency examination in French, Spanish or German;

speak fluently one of Canada's First Nations languages (for example, Cree or Inuktitut);

or

read one of Canada's First Nations languages (for example, Cree or Inuktitut), at a level consistent with the usual requirements of a second-year university language course.

3. Writing proficiency: Given the importance of good writing skills for success in post-secondary studies and the workplace, it is strongly recommended that students take ENGL 255 as an elective or option course. Students for whom English is a second language should also take ENGL 177.

Political Economy Major

Regulations effective September 1, 2015.

The Political Economy program at Athabasca University is designed for both beginning students and professionals to understand and engage with Canadian and global political and economic issues. The course selection provides students the opportunity to develop a greater appreciation and understanding of diverse polities, economies, cultures, and regions of the world. Additionally, it offers to professionals the retooling skills and the academic credential necessary for successful employment in an era of globalization.

Students may focus their studies in either Global Political Economy or Canadian Political Economy. For more information visit the [Political Economy](#) website.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating. Students complete the program regulations in effect at the time of their enrolment.

Political Science

Regulations effective September 1, 2015.

As a discipline, Political Science is very much concerned with the study of power, authority, and governance in human affairs. In today's world, forms of power, authority, and governance are changing rapidly and becoming increasingly complex. Governance is no longer confined to the nation-state but involves a range of institutions—public, private, and non-governmental—involved in the process of governing and steering a society at the international, national, and sub-national levels.

Political Science Major

Regulations effective September 1, 2015.

The BA Political Science major is a valued liberal arts degree that will serve a variety of educational and professional needs in the public, private, and non-profit sectors in Canada and globally.

As a discipline, Political Science is very much concerned with the study of power, authority, and governance in human affairs. In today's world, forms of power, authority, and governance are changing rapidly and becoming increasingly complex. Governance is no longer confined to the nation-state but involves a range of institutions — public, private, and non-governmental — involved in the process of governing and steering a society at the international, national, and sub-national levels.

Bachelor of Commerce General (Four years—120 credits)

Regulations effective September 1, 2015.

This program is designed for students seeking a rigorous, technically based business degree comparable in content to most Bachelor of Commerce degrees in Canada. Courses in all core business areas are required, including marketing, statistics, financial accounting, management accounting, finance, economics, information systems, strategic management, organization behaviour, and commercial law.

All students in the Bachelor of Commerce program will complete a common set of core courses in Years 1, 2, 3, and 4. The core courses are the same for the general Bachelor of Commerce degree and the following three majors.

Majors

The **Accounting Major** is designed for students wishing to pursue an accounting career, and offers flexibility and generous transfer arrangements to meet professional accounting association requirements. Students will focus on financial, management and taxation accounting, along with auditing and accounting information systems.

The **e-Commerce Major** is intended for students with a career focus in the areas of e-Commerce and management information systems, and is delivered using online systems.

The **Finance Major** is a contemporary major, integrating finance and economics courses to provide graduates with a broad exposure to this growing services sector. The field of financial services involves the study of financial markets, financial instruments and investment decision making, and analyzes alternative methods to obtain, manage, and use capital by institutions and individuals.

The Bachelor of Commerce degree is offered by Athabasca University's [Faculty of Business](#). For more information, phone 1.800.468.6531 or [email](#).

Second Undergraduate Degree

Students who hold a recognized first degree in a field outside of business or management and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. Students with the three-year AU Bachelor of Administration degree may convert that degree into the four-year Bachelor of Commerce program. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

Classroom Setting

In addition to completing this degree through online and distance learning, you have the option of registering in Bachelor of Commerce courses in a classroom setting at [other institutions](#).

Enrolment Restriction

Students who hold a degree in administration, business, commerce or management, or a degree with a major, concentration, or any equivalency programs from Athabasca University or another university, will not be accepted into the Bachelor of Commerce General Program or its three majors.

Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a

Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first undergraduate degree, will be permitted (in consultation with the Program Director and reviewed by the Office of the Registrar).

Regulations Governing all Bachelor of Commerce Students

Students must have a weighted average of at least 1.7 (60 percent) across all courses taken at Athabasca University towards a Bachelor of Commerce degree in order to graduate.

Students complete the program regulations in effect at the time of their enrolment.

Transfer Credit completed more than 10 years ago in the following disciplines at the senior (300/400) level will not receive credit: ACCT, MGSC, LGST, MKTG, FNCE and TAXX. If you are currently working in the field and provide evidence of work being completed, this restriction will be waived.

Bachelor of Commerce (Post Diploma) General Degree (Four years—120 credits)

Regulations effective September 1, 2015.

There are two routes to the Bachelor of Commerce (Post Diploma) General Degree:

1. Business-Field Diploma-Holder Route

Students presenting two-year college diplomas in business (or a closely related field) from an accredited college or technical institute will receive 60 credits of block transfer award toward the first two years of the Bachelor of Commerce (Post Diploma) General degree, except students from Ontario colleges, who will receive 45 credits. These students must complete additional credits in non-Business and Administrative Studies courses to reach the 60-credit requirement. Ontario students with approved three-year diplomas in business (or a closely related field) will receive a block transfer award of up to 75 credits towards this degree program. All diplomas presented must be approved for credit by Athabasca University.

2. Non Business-Field Diploma-Holder Route

Students presenting two- or three-year professional diplomas in non-business fields from an accredited college or technical institute, will receive a block transfer award of 30 credits. All diplomas presented must be approved for credit by Athabasca University. Students must also complete the required courses (30 credits) and the required and options courses in the Business-Field Diploma-Holder Route.

Bachelor of General Studies (Three years—90 credits)

Regulations effective September 1, 2015.

The Bachelor of General Studies degree is one of the most popular programs at Athabasca University. It provides a framework of individualized study within an Arts and Science or Applied Studies designation that offers students the freedom to choose courses to meet career or educational goals. Unlike the other degrees offered by Athabasca University, the Bachelor of General Studies does not have a residency requirement, and degree requirements may be completed at institutions other than Athabasca University.

The Bachelor of General Studies degree requires the completion of 90 credits and is comparable to a three-year program. Students may specialize or diversify their course selection, subject to the following requirements. This degree allows students the freedom to develop their own intellectual and academic interests. This does not mean that course selection should be casual. Students are expected to ensure their vocational or personal needs are well defined. All courses transferred to this degree must be university-level credit as determined by Athabasca University faculty.

Students are strongly encouraged to register in [ENGL 255](#) early in their program. The English writing skills requirement is waived for students enrolling in the second undergraduate degree. Students complete the program regulations in effect at the time of their enrolment.

Prior Learning and Assessment Recognition (PLAR) offers you the opportunity to demonstrate your prior learning and receive credit toward your program. For more information, visit the [PLAR website](#).

Program Plans

Our online program plans can assist you in selecting the courses needed to fulfill your program requirements. Counselling Services offers an assessment website, "Mapping Your Future: Your Career and Athabasca University." Athabasca University has also developed program learning outcomes that describe the career options that may be available to you upon graduating.

or

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level;

or

receive credit for an English course in which a grade of B- or better was achieved.

Arts and Science Designation

To satisfy the 90-credit requirement to complete the BGS degree, students must complete 45 credits in courses with an Arts (Humanities and/or Social Science) or Science designation (30 of these credits must be taken at the senior (300 or 400) level). Refer to Minimum Credits Required above.

Applied Studies Designation

The Applied Studies designation includes courses in Business and Administrative Studies. Transfer courses in engineering, education, physical education, etc. are also applicable to the Applied Studies designation.

To satisfy the 90-credit requirement to complete the BGS degree, students must complete 45 credits in courses with an Applied Studies designation (30 of these credits must be taken at the senior (300 or 400) level). Refer to Minimum Credits Required above.

Students in the Applied Studies designation in the Bachelor of General Studies degree must also complete ADMN 233 or ENGL 255. ADMN 233 will partially satisfy the Applied Studies area of study requirement in this program.

Second Undergraduate Degree

Students who hold a recognized first degree in a field outside of business or management and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Enrolment Restriction

Students will not be accepted into the Bachelor of Management program if they have

- a degree in administration, business, commerce, or management; or
- a degree with a major or concentration in administration, business, commerce, or management; or
- any equivalent program from Athabasca University or another university.

Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first undergraduate degree, will be permitted (in consultation with the Program Director and reviewed by the Office of the Registrar).

Program Plans

Our [online program plans](#) can assist you in selecting the courses needed to fulfill your program requirements.

Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University](#)." Athabasca University has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Students complete the program regulations in effect at the time of their enrolment. Students are strongly encouraged to register in ADMN 233 and PHIL 252 early in their program.

Transfer Credit completed more than 10 years ago in the following disciplines at the senior (300/400) level will not receive credit: ACCT, MGSC, LGST, MKTG, FNCE and TAXX. If you are currently working in the field and provide evidence of work being completed, this restriction will be waived.

Bachelor of Management (Post Diploma) General (4-years — 120 credits)

Regulations effective September 1, 2015.

There are two routes to the Bachelor of Management (Post Diploma) program:

1. Business-Field Diploma-Holder Route

Students presenting two-year college diplomas in business or a closely related field awarded will receive 60 credits of block transfer award toward this program, except students presenting two-year diplomas from Ontario colleges, who will receive 45 credits. These students must complete additional credits in non-Administrative Studies courses to reach the 60-credit requirement. Ontario students presenting three-year diplomas in business or a closely related field will receive up to 75 credits of block transfer award toward this degree. All diplomas presented must be approved for credit by Athabasca University.

2. Non Business-Field Diploma-Holder Route

Students presenting two- or three-year professional diplomas from accredited colleges or technical institutes in non-business fields, may receive between 30 and 60 credits of block transfer award toward this degree program.

Transfer Credit completed more than 10 years ago in the following disciplines at the senior (300/400) level will not receive credit: ACCT, MGSC, LGST, MKTG, FNCE and TAXX. If you are currently working in the field and provide evidence of work being completed, this restriction will be waived.

All students complete the program regulations in effect at the time of their enrolment. The Bachelor of Management degree is offered by Athabasca University's Faculty of Business. For additional information, phone 800.468.6531, or [email](#).

Classroom Setting

In addition to completing this degree through online and distance learning, you have the option to take Bachelor of Management courses in a classroom setting at other institutions.

Post-RN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2015.

The Centre for Nursing and Health Studies offers the post-RN BN degree program. This program is designed to provide the Registered Nurse with the opportunity to acquire a broad liberal university education with particular emphasis on advanced theoretical and practical knowledge related to nursing informatics, nursing research, primary health care, leadership, management, and family and community health promotion. All AU nursing courses are mapped to the most current entry to practice competencies, as determined by the College and Association of Registered Nurses of Alberta (CARNA).

Program Plans

Our online program plans can assist you in selecting the courses needed to fulfill your program requirements.

Counselling Services offers an assessment website, "Mapping Your Future: Your Career and Athabasca University." Athabasca University has also developed program learning outcomes that describe the career options that may be available to you upon graduating.

For additional program information, please email bnadvisor@athabascau.ca.

NOTE: Students are required to complete the degree regulations that are effect at the time they enrolled in their program. Students who are inactive (have not registered for a course within 12 months from their last contract date) must re-enrol and will follow the regulations in effect at the time of re-enrolment. Students are strongly encouraged to register in their English course early in their program.

Enrolment Requirements

To enrol in the post-RN BN program, the following is required:

1. Graduation from an approved Registered Nurse (RN) diploma program.
2. Regulated (Practicing) Registered Nurse (RN) registration/licensure with a Canadian province or territory. Proof of registration must be submitted at time of application and maintained while completing the program.

Students with Non-Canadian/Non-United States Education

Those students presenting non-Canadian/non-United States degrees for admission and/or possible transfer credit, must obtain a specialized or course-by-course evaluation of post-secondary course work from an international assessment agency, for example, the [International Qualifications Assessment Service](#) (IQAS). For more information, see the Admissions section of the Calendar that explains the admission process for [Non-Canadian Students](#).

Official transcripts for any completed Canadian courses or programs in Nursing taken to obtain licensure in Canada must be submitted.

PROGRAM STRUCTURE

Total credits required to complete the Post-RN BN degree*

* Transfer credit may be awarded for non-nursing university transfer credit taken as part of an RN diploma program. Non-nursing transfer credit will not be awarded, however, for anatomy and physiology, pathophysiology, pharmacology, microbiology, or health assessment courses included in the RN diploma program. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request. 45

Additional credit may also be awarded for university-level courses completed before admission to the post-RN BN program on the basis of Prior Learning Assessment and Recognition.

The 45 credits required to complete a post-RN BN degree are distributed as follows:

Required nursing credits	27
Required non-nursing credits	6
Non-nursing option credits	12
Residency requirement. A minimum of 15 nursing credits* must be obtained through Athabasca University.	15
*Note: HLST 320 is a non-nursing course and does not qualify for the residency requirement and is subject to the 10-year stale-dating rule.	
Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered.	24
Maximum Prior Learning Assessment and Recognition (PLAR) credits	9

Course Requirements

Students may register in post-RN BN courses as unclassified students. Before registering in a course, students should determine whether or not they may be eligible for transfer credit for the course. Students should also ensure that they have completed all prerequisite and corequisite course requirements in accordance with the prerequisite declaration form.

NOTE: 300-level nursing courses should be completed before 400-level nursing courses.

Specific Regulations

Given the unique and professional nature of the post-RN BN program, some of the general policies governing academic studies at Athabasca University are superseded by the regulations below.

1. RN diplomas from approved institutions will be accepted regardless of the year of graduation.
2. Athabasca University will not normally award additional transfer credit for nursing courses/certificates that are more than 7 years old at the time of the request. If evidence of current practice in the content area is submitted, this regulation may be waived. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request.
3. Students will be permitted a maximum of five years to complete all degree requirements from date of enrolment.
4. The pass mark for all nursing courses is C- (60 per cent).
5. To be awarded a BN degree, a minimum grade-point average of 2.0 is required in all Athabasca University courses used toward the degree.

Post-LPN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2015.

The [Centre for Nursing and Health Studies](#) offers the post-LPN BN program.

This program is designed to provide the Regulated (Practicing) Licensed Practical Nurse (LPN) with the opportunity to continue his or her education in nursing in a baccalaureate program that offers flexible modes of course delivery and opportunities to develop a clinical focus. Graduates are eligible to write the National Council Licensure Examination – Registered Nurse (NCLEX-RN) and to apply for registration with the College and Association of Registered Nurses of Alberta. If you plan to practice in a jurisdiction other than Alberta following completion of this program, please contact the regulatory body in that jurisdiction, before applying to this program, to determine acceptance of the program when seeking a temporary practice permit and active registration as a registered nurse. All AU nursing courses are mapped to the most current entry to practice [competencies](#), as determined by the College and Association of Registered Nurses of Alberta (CARNA).

months from their last course contract end date) must re-enrol and will complete the regulations in effect at the time of re-enrolment.

For additional program information, please email bnadvisor@athabascau.ca.

Enrolment Requirements

1. Graduation from an approved practical nurse (LPN; RPN) certificate/diploma program.
2. Regulated (Practicing) Licensed Practical Nurse (LPN) with the College of Licensed Practical Nurses of Alberta. Proof of active registration/licensure must be submitted at time of application and maintained while completing the program.
3. Equivalent of one year full-time work experience (1,700 hours) as a Licensed Practical Nurse (submit letter(s) from employers to substantiate).

Students with Non-Canadian/Non-United States Education

Those students presenting non-Canadian/non-United States degrees for admission and/or possible transfer credit, must obtain a specialized or course-by-course evaluation of post-secondary course work from an international assessment agency, for example, the [International Qualifications Assessment Service](#) (IQAS). For more information, see the Admissions section of the Calendar that explains the admission process for [Non-Canadian Students](#).

Official transcripts for any completed Canadian courses or programs in Nursing taken to obtain licensure in Canada must be submitted.

Second Undergraduate Degree

LPN Students who hold a recognized first degree in a discipline outside of nursing who wish to obtain an AU Bachelor of Nursing degree must apply under the Second Undergraduate degree regulations. These students may transfer applicable coursework from the previously completed degree to satisfy up to 50 per cent of the total credits required to complete the post LPN BN program. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree. Those students who hold an international credential in the same discipline who wish to obtain a Canadian credential may be permitted, in consultation with the Program Director and reviewed by the Office of the Registrar.

Bachelor of Professional Arts Governance, Law and Management Major

Regulations effective September 1, 2015.

The Bachelor of Professional Arts Governance, Law and Management major (BPA-GLM) is offered by the Centre for Social Sciences. The program is designed to prepare innovative managers and professionals for leadership success with public sector organizations in the knowledge-based society and economy. This leading-edge program provides education that promotes vision, creativity, and strategic thinking, as requisite skills for administrators in an era of globalization.

The recent reforms in organizations have led to a shift from "command-and-control" management structures and practices to an organizational context characterized by flexibility, innovation, and lifelong learning. The BPA-GLM provides the requisite knowledge and practical know-how needed by professionals for good governance and the successful management of organizational change, particularly the increasing shift to e-governance.

Enrolment Requirements

The Governance, Law and Management major is available to:

graduates of an approved two-year diploma from an accredited college or technical institute in a public or not-for-profit sector related field (e.g., management, legal studies, policing, security, recreation administration, environmental studies, library and information studies);
graduates of a previous undergraduate university degree in an unrelated discipline (with at least one year of professional practice relevant to the Governance, Law and Management major); or,

students with a minimum of two years of university-level coursework (with at least one year of professional practice relevant to the Governance, Law and Management major).

Coursework and credentials must have been obtained from a college, university or institute of technology approved by Athabasca University. Individuals who have questions about the eligibility of their previous education for admission are strongly encouraged to contact the program coordinator.

Sixty credits beyond the AU-approved two-year college diploma are required for degree completion.

The program provides students with two years of Arts and Administrative Studies courses along with specialized senior-level courses in governance.

Common Core

The common core courses may be taken at any time; however, students are encouraged to complete the common core courses early in their program. The common core addresses skills and knowledge that will help students succeed with the remaining degree requirements.

Bachelor of Professional Arts Human Services Major

Regulations effective September 1, 2015.

The Bachelor of Professional Arts Human Services major is offered by Athabasca University's Centre for Social Sciences.

The program responds to the career and professional needs of career practitioners in the human services fields of early childhood education, child and youth care, personal support services, and other closely related fields such as educational assistants and counsellors. The program complements the diploma programs offered at community colleges in Alberta and across Canada.

Enrolment Routes

Enrolment Requirements

The BPA Human Services major is available to:

graduates of an approved two-year human services related diploma;
graduates of a previous undergraduate university degree in an unrelated discipline (with at least one year of professional practice relevant to the Human Services major); or,
students with a minimum of two years of university-level coursework (with at least one year of professional practice relevant to the Human Services major).

Coursework and credentials must have been obtained from a college, university or institute of technology approved by Athabasca University. Individuals who have questions about

the eligibility of their previous education for admission are strongly encouraged to contact [Advising Services](#).

Program Planning

Students are strongly encouraged to plan an individualized program of study to

- consolidate and formalize their previous learning
- build on their existing knowledge
- broaden their knowledge base
- explore areas of interest, and
- prepare themselves for future education and career choices.

Plan your program of study carefully to ensure that you meet all of the degree requirements. A maximum of 12 credits may be completed at the 200 level including any 200-level courses in the required common core. You must also complete a minimum of 18 credits at the 400 level, including at least 9 credits in Human Services. If you need assistance, or for general information regarding the Human Services major, please contact the [program coordinator](#).

Prior Learning

Some students may qualify for

1. a maximum of 60 credits of [Prior Learning Assessment and Recognition \(PLAR\)](#) towards entry to this program, or,
2. a maximum of 30 credits may be awarded toward the remaining credits in the program.

To learn more about PLAR opportunities within the Human Services major, please contact your [program coordinator](#) or the [Centre for Learning Accreditation](#).

Program Learning Outcomes

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Classroom Setting

In addition to completing this degree through online and distance learning, you may have the option to take courses for the Bachelor of Professional Arts (Human Services) in a classroom setting at other institutions. See [Learning Services Collaborations](#) for more information.

Science

Regulations effective September 1, 2015.

The Bachelor of Science is offered by Athabasca University's Centre for Science. This degree provides students with a general science education. Given the ever-increasing importance of science and technology, this degree will prepare students to cope with the science-based world of today and the increasing technological demands of the future. It will also prepare students for the challenges science presents to the modern world by including courses in scientific reasoning; the history of science; and ethics, science, technology, and the environment.

Students have the opportunity to complete courses that are transferable to pre-medicine, pre-dentistry, and pre-veterinary programs offered at other universities in Alberta and across Canada. Students should consult with the program advisors at the professional schools to ensure they are undertaking appropriate course patterns.

Focused on the future of learning.

Bachelor of Science Applied Mathematics Major (4 years—120 credits)

Regulations effective September 1, 2015.

The Bachelor of Science in Applied Mathematics is offered by Athabasca University's Centre for Science. The focus and philosophy of this major in Applied Mathematics is the fostering of innovative thinking towards the solutions of scientific, environmental, and even sociological issues using mathematical methods, as well as to provide a deeper understanding and alternative perspectives of problems in math-related interdisciplinary fields. Its ultimate goal is to lay a foundation for undergraduate students to acquire research skills which may be applied in real world situations and thereby, contribute to the betterment of society.

The program will provide a four-year (120 credits) degree with a major in Applied Mathematics (45 credits). The program major is specifically designed for students who wish to gain competency in mathematical applications and use the degree for entrance into graduate programs in a variety of fields, or as a stepping stone into the employment market and professions.

This degree program is aligned with the general learning outcomes of the Bachelor of Science degree program. In addition to these general learning outcomes, this program comprises the following specific objectives:

To foster an understanding of mathematical applications, theory and skills in research and the workplace.

To present and demonstrate techniques that can be applied to real-world situations.

To produce integrated thinkers who solve physical and theoretical problems.

To encourage innovative and creative thinking towards solving scientific, environmental, medical and even sociological issues.

This degree is intended to help students develop a relatively wide range of applied mathematical skills which have direct applications within fields of endeavour such as scientific and medical research, some branches of computing science, finance, engineering, and other math-related disciplines.

Second Undergraduate Degree

Students who hold a recognized first degree and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Regulations effective September 1, 2015.

The Bachelor of Science Human Science major is offered by Athabasca University's Centre for Science. The program is designed for students who are pursuing a concentration in Human Science. This program is particularly suited for individuals who wish to continue professional careers in health sciences, research and development, and biodiagnostics, to name several areas.

The BScHS degree major will enable students to customize their area of interest by taking courses from electives in human science and other disciplines. Students who hold an approved college diploma in a health-oriented field may be given up to 60 credits towards the BScHS Post Diploma route. See Human Science Major (4-year PD).

Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

Bachelor of Science Core Courses

Students in the BScHS degree major must complete the following core course requirements as they are specific to this major.

A total of 18 credits of laboratory science, selected from:

BIOL 204	<u>Principles of Biology I</u>	(3)
BIOL 207	<u>Principles of Biology II</u>	(3)
BIOL 230	<u>Human Physiology</u>	(6)
BIOL 320	<u>Comparative Anatomy of the Vertebrates*</u>	(3)
BIOL 325	<u>Introductory Microbiology</u>	(3)
BIOL 345	<u>Ecology*</u>	(3)
CHEM 217	<u>Chemical Principles I</u>	(3)
CHEM 218	<u>Chemical Principles II</u>	(3)

* If students use either BIOL 320 or BIOL 345 to meet the laboratory science requirement in the core course requirements, they cannot use the same course as a Human Science elective.

The 18 credits of laboratory science fulfill the 18 credits in junior (200) level laboratory science as outlined in the core course requirements for the Bachelor of Science degree program.

Six credits in Mathematics from:

MATH 215	<u>Introduction to Statistics</u>	
	or	(3)
MATH 216	<u>Computer-oriented Approach to Statistics</u>	
MATH 265	<u>Introduction to Calculus I</u>	
	or	(3)
MATH 270	<u>Linear Algebra I</u>	

Any university-level computer science (COMP) course

All of the following:

SCIE 326	<u>Scientific Reasoning</u> (may be used to satisfy the minimum senior-level science credit requirements).	(3)
PHIL 333	<u>Professional Ethics**</u> or	(3)
PHIL 371	<u>Ethics: Science, Technology, and the Environment **</u>	
HIST 404	<u>Historical Foundations of Modern Science**</u>	(3)
ENGL 255	<u>Introductory Composition**</u> (*see note below)	(3)

** These core Arts courses will fulfill part of the minimum credits required in Arts and/or Administrative Studies.

***English Writing Skills Requirement**

If you satisfy one of the following, you are not required to take ENGL 255. However, you must replace the three credits in order to satisfy the program's credit requirement.

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level;

Bachelor of Science (Post Diploma) (4 years—120 credits)

Regulations effective September 1, 2015.

The Bachelor of Science (Post Diploma) is offered by Athabasca University's Centre for Science. Students must have successfully completed an approved science-related technician or technology diploma from a college or institution of technology, or have provincial designation as a technician or technologist, before they enrol in the BSc(PD). The BSc(PD) is designed to allow students to continue studies towards a science degree from either the technician or technologist level.

Students complete the program regulations in effect at the time of their enrolment. Students are strongly encouraged to register in ENGL 255 early in their program.

2. Athabasca University will not grant credit for science courses that were completed more than 10 years ago (including computer science courses).
3. Students who hold an approved college or technical institute science-oriented diploma that is more than five years old, but who can supply evidence of employment indicating they are current in their discipline area, will gain admission to this degree program.
4. Students who hold an approved college or technical institute science-oriented diploma that is less than five years old will gain admission to this degree program.
5. Applications to enter the BSc(PD) should include official transcripts from the institute granting the science-related technician or technology diploma, and where applicable, a copy of a current membership and certification from a

recognized technical society under Canadian Certified Technicians and Technologists (CCTT), for example, ASET, OACETT, or ASTTBC.

Architecture

Regulations effective September 1, 2015.

The Bachelor of Science Architecture (BSc Arch) program at Athabasca University provides a new way to study architecture and it is designed for the adult learner who wishes to earn a quality university education regardless of age, gender, culture, ability or disability, geographic location, career and family commitments.

There are two ways to complete this degree:

1. General interest students may complete the BSc Arch program. This approach does not involve a work/study component and can lead to licensing through the more traditional route of a Masters of Architecture (from another university) and internship.

Both the academic courses and the studios within this route will be completed online although there may be some face-to-face immersive studios as well.

The BSc Arch by itself can also lead to a variety of design careers.

2. Students may also complete the BSc Arch as part of the RAIC Syllabus program which is a work/study program that can provide an alternative pathway to licensing as an architect in Canada.

Students who are interested in this route of the BSc Arch program should first register with the RAIC to ensure they qualify for professional certification at the end of the program. In the Syllabus, students will complete 9800 hours of work experience while taking academic courses and design studios. The design studios are run by the RAIC in major cities across Canada and are face-to-face rather than virtual. The academic courses are run by Athabasca University and are online. The RAIC also supervises the work experience component.

The terminal credential in this program is the RAIC Syllabus Diploma. There are two routes to this diploma.

a. **The Degree Route**

Beginning in July 2014, students may choose to complete the BSc Arch, the PBDA (Post Baccalaureate Diploma in Architecture) and 9800 hours of work experience under the supervision of a licensed Canadian architect.

b. **The Existing Route**

Students may also choose to only complete the courses and studios required by Part I, II and III and 9800 hours of work experience under the supervision of a licensed Canadian architect. There are fewer courses in this route but students do not earn the BSc Arch or PBDA.

In both cases successful students will receive the RAIC Syllabus Diploma and may then apply for individual certification by the Canadian Architectural Certification Board (CACB). This, in turn, will make a student eligible to apply for membership with a provincial architectural association – although students may be required to complete exams and additional internship hours.

You will find the Syllabus Diploma application steps listed at the following link:

<http://www.raic-syllabus.ca/application>

Focused on the future of learning.

Bachelor of Science Major in Architecture (4 years – 120 credits)

Regulations effective September 1, 2015.

Athabasca University and Architecture Canada, Royal Architecture Institute of Canada (RAIC), have formed a partnership dedicated to offering a high quality online architecture program. This is Canada's first online architecture program and it is a component of the renewal of the RAIC Syllabus which constitutes an alternative path to professional licensure as an architect in Canada. The RAIC Syllabus consists of studio, work experience and academic components taken while working under the supervision of a licensed Canadian architect.

The academic components of the Syllabus program are shared between first, a Bachelor of Science in Architecture (BSc Arch) and second, a Post-Baccalaureate Diploma in Architecture (PBDA). Together, the studio and work experience (offered by RAIC) and the academic components (offered by Athabasca University) fulfill the requirements of the RAIC Syllabus Professional Diploma in Architecture.

The BSc Arch program, which has a strong focus on environmental and community sustainability, will also be beneficial for public and private careers in urban and construction planning and design, as well as studies of the built environment. Students are strongly encouraged to register in ENGL 255 early in their program.

The BSc Arch program, has open admission, however students who have an approved diploma or credentials in architecture may apply for the Post Diploma route and will be awarded 30 credits towards the BSc Architecture (PD). Students may receive additional credits pending review of course content completed through the diploma program.

Students with a Recognized Degree

Students who hold a recognized first degree, outside of the field of Architecture, and who are interested on the BSc Arch program and/or courses, have two options:

1. Apply to enter a second undergraduate degree. The second degree must include 60 credits that were not part of the first degree, at least 30 of which must be completed at Athabasca.
2. Register as a non-program student and take courses of interest to them.

Specific Architectural Program Regulations

Given the professional nature of the BSc Architecture program, some of the following regulations supersede some of the general policies governing academic studies at Athabasca University:

1. Athabasca University will not grant transfer credit for science courses that were completed more than 10 years ago. Computer Science (COMP) and Computer Management Information Systems (CMIS) courses older than 5 years will be stale dated if students are not currently working in the field of Architecture.
2. To be awarded a BSc Architecture degree, a minimum grade-point average of 2.3 is required in all Athabasca University courses used towards the degree.
3. Upon graduation in the BSc Architecture degree students may subsequently complete the Post-Baccalaureate Diploma in Architecture in order to apply for the RAIC Professional Diploma in Architecture.

English Writing Skills Requirement

The English Writing Skills Requirement (ENGL 255) will be waived (students must replace the three credits to satisfy the credit requirement) if you satisfy one of the following:

have a grade of B- (70 per cent) or better in an AU English course above the preparatory (100) level;
or received transfer credit for a university-level English course in which a grade of B- or better was achieved.

Specific Architectural Program Regulations

Given the professional nature of the BSc Architecture program, some of the following regulations supersede some of the general policies governing academic studies at Athabasca University:

1. Athabasca University will not grant transfer credit for science courses that were completed more than 10 years ago. Computer Science (COMP) and Computer Management Information Systems (CMIS) courses older than 5 years will be stale dated if students are not currently working in the field of Architecture.
2. Student who hold an approved college or technical institute architecture diploma that is more than five years old, but who can supply evidence of employment indicating that they are currently in architecture, will gain admission to this degree program. A letter of reference from an immediate supervisor may be submitted as proof of employment.
3. To be awarded a BSc Architecture degree, a minimum grade-point average of 2.3 is required in all Athabasca University courses used towards the degree. Students unable to obtain the required GPA will be requested to re-register in courses.
4. Upon graduation in the BSc Architecture degree students

may subsequently complete the Post-Baccalaureate Diploma in Architecture in order to apply for the RAIC Professional Diploma in Architecture.

English Writing Skills Requirement

The English Writing Skills Requirement (ENGL 255) will be waived (students must replace the three credits to satisfy the credit requirement) if you satisfy one of the following:

have a grade of B- (70 per cent) or better in an AU English course above the preparatory (100) level;
or received transfer credit for a university-level English course in which a grade of B- or better was achieved.

Computing and Information Systems

Regulations effective September 1, 2015.

Offered by Athabasca University's School of Computing and Information Systems (SCIS), the Bachelor of Science in Computing and Information Systems program (BScCIS) is designed for students who wish to be competent in developing and utilizing computer-based systems in business, education, and other fields requiring the processing, utilization, and management of information.

Graduates of the BScCIS, will possess the requisite knowledge and skills in the analysis, design and implementation of computer-based information systems for various organizations. Students may specialize in a particular area of Computing and Information Systems by taking recommended elective courses, which can be found at the SCIS homepage.

Bachelor of Science Major in Computing and Information Systems (4 years—120 credits)

Regulations effective September 1, 2015.

Offered by Athabasca University's School of Computing and Information Systems (SCIS), the Bachelor of Science Major in Computing and Information Systems program (BScCIS) is designed for students who wish to be competent in developing and utilizing computer-based systems in business, education, and other fields requiring the processing, utilization, and management of information.

Graduates of the BScCIS program will possess the requisite knowledge and skills in the analysis, design and implementation of computer-based information systems for various organizations. Students may specialize in a particular area of Computing and Information Systems by taking recommended elective courses, which can be found at the SCIS homepage. Athabasca University has also developed program learning outcomes that describe the career options that may be available to you upon graduation.

The core introductory courses for new students to the program are COMP 268 and COMP 272, which are both taught in Java. However, those students who come to the program with demonstrable knowledge and skills in other programming languages may be allowed to graduate with other combinations of courses offered by the School of Computing and Information Systems. If you have not yet completed an acceptable combination, you should consult with the Program Director to determine which course(s) to take to satisfy the requirements.

Students are strongly encouraged to register in ENGL 255 and ADMN 233 early in their program. For further information, refer to English Writing Skills Requirement.

Second Undergraduate Degree

Students who hold a recognized first degree and who wish to obtain an AU undergraduate degree in Computing and Information Systems must apply under the second undergraduate degree regulations. These students may transfer up to 50 per cent (60 credits) into the four-year degree program, based on applicable course work from the first degree.

Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first, will be permitted (in consultation with the Program Director and reviewed by the Office of the Registrar).

Delivery Modes

All courses in the program are delivered through online and distance learning in an individualized study mode, in order for students to be able to complete the courses and degree while employed full time. However, you may still have the option to take courses for BScCIS in a classroom setting at an institution near you. Please contact the [School of Computing and Information Systems](#) for availability.

Specific Regulations

1. Athabasca University may grant transfer credit for individual computer science courses that were completed more than five years ago if proof of currency in the field is provided in the form of a current resumé and letter(s) of employment. The letter(s) of employment need to show evidence of activity in this field over the five-year period prior to the request of the transfer credit. Other evidence may be accepted if the letter and the resumé cannot be supplied. Science courses that are over 10 years old will be accepted for transfer credit if evidence of employment in a Science or Engineering field is supplied. Visit the [Transfer Credit Services](#) website for more information regarding transfer credit time limits in relation to SCIS programs.
2. Preparatory (100-level) courses cannot be used to fulfill the requirements of this degree.
3. Precluded Courses: Students cannot receive credit for COMP 203 or COMP 220 in this program.

English Writing Skills Requirement

Students will be exempted* from the English Writing Skills Requirement (ENGL 255) if they have met one of the following criteria:

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level,

or

receive transfer credit for an English course in which a grade of B- (70 per cent) or better was achieved.

* Note: The exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.

Bachelor of Science Major in Computing and Information Systems (Post Diploma) (4 years—120 credits)

Regulations effective September 1, 2015.

Offered by Athabasca University's School of Computing and Information Systems (SCIS), the Bachelor of Science Major in Computing and Information Systems (Post Diploma) program (BScCIS (PD)) is designed especially for students holding a computing-related diploma who wish to pursue a university degree to further their career and/or academic studies.

Graduates of the BScCIS (Post Diploma), will possess the requisite knowledge and skills in the analysis, design and implementation of computer-based information systems for various organizations. Students may be specialized in a particular area of Computing and Information Systems by taking recommended elective courses, which are listed on the SCIS homepage.

Students holding a Canadian Information Processing Society (CIPS) accredited applied diploma or any approved three-year applied computing diploma, will be awarded up to 60 credits towards the 120-credit Bachelor of Science Major in Computing and Information Systems (Post Diploma) degree (BSc CIS [PD]).

Holders of non-CIPS accredited two-year computing related diplomas and holders of any two- or three-year non-computing related diplomas may be admitted to the program, but will be required to complete up to an additional 30 credits in computing courses as determined by the program director.

Students complete the program regulations in effect at the time of their enrolment.

Students are strongly encouraged to register in ENGL 255 and ADMN 233 early in their program. Please refer to English Writing Skills Requirement.

University Diploma in Inclusive Education

Regulations effective September 1, 2015.

Students complete the program regulations in effect at the time of their enrolment.

The University Diploma in Inclusive Education is intended primarily for teachers who wish to enhance their knowledge and skills in the areas of special needs. The program consists of 24 credits following Athabasca University's program requirements outlined below.

It is strongly recommended that applicants have the equivalent of an introductory course in special education. If applicants do not have this equivalent course, they may take [EDPY/PSYC 389](#) or [EDPY 351](#) (or an equivalent) before taking any of the core courses. This course may be considered as one of the three-credit electives in the program.

AU advisors have developed a [Program Plan](#) to assist you. The University has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Enrolment Requirements

Applicants must have completed a four-year Bachelor of Education degree or its equivalent. Consult the [program coordinator](#) for determining equivalency. Learners may enrol either on a full- or part-time basis. It is recommended that the diploma be completed in six years.

Students with previous credentials in special education should contact the program coordinator before enrolling in this program.

Those AU students who have previously satisfied three to 12 credits of the core courses (within another completed AU credential) are required to replace those credits with additional credits in consultation with the program coordinator.

University Certificates

Regulations effective September 1, 2015.

General Regulations

University certificate programs provide interim qualifications in specific subject areas. The following general regulations apply to all certificate programs. Athabasca University has developed individual program learning outcomes that describe the career options that may be available to you upon graduating.

1. Fifty per cent* of the total credits required, must be completed through Athabasca University. Up to 50 per cent of the required credits may be transferred from another post-secondary institution.

* Some certificate programs require less than 50 per cent, e.g., University Certificate in Counselling Women and University Certificate in English Language Studies.
2. University certificate credentials are awarded throughout the year. Students must submit an Application for Graduation Form to the Office of the Registrar (see [Graduation](#)).
3. Students with less than 50 per cent of coursework completed in their current Athabasca University degree program may withdraw from their degree and apply into a university certificate program. Credit will be awarded (from the previous incomplete degree program) to the extent permissible under the applicable program regulations in effect at the time of the change of credential.
4. Students with 50 per cent of coursework completed in their current Athabasca University degree program are encouraged to consult with a student advisor before changing programs.
5. Students who change their program of study from an Athabasca University degree program to a university certificate program forfeit their standing in the degree program. If students wish to return to the degree program (after being enrolled in the university certificate program) they will be required to meet the degree requirements in effect at the time of re-enrolment (see [Changing Programs](#)) to the degree.
6. Students who have completed a previous credential (degree, certificate, or diploma) from Athabasca University or another institution must complete a minimum of 50 per cent of the credits in course work not previously used towards any credential. Students who have a previous credential in the same subject area as the certificate cannot enrol in the certificate.
7. Students may obtain either the University Certificate in Human Resources and Labour

Relations (formerly Industrial Relations and Human Resources) or the University Certificate in Labour Studies, but not both.

University Certificate in Accounting

Regulations effective September 1, 2015.

The University Certificate in Accounting is designed for students who want to develop skills and knowledge appropriate for an accounting professional. The program has been designed so you may, with careful selection of options, complete the courses that make up many levels of the training required by the professional accounting associations. Students holding an undergraduate or graduate degree with a major in accounting may not enrol in this program. Students complete the program regulations in effect at the time of their enrolment.

Transfer Credit completed more than 10 years ago in the following disciplines at the senior (300/400) level will not receive credit: ACCT, MGSC, LGST, MKTG, FNCE and TAXX. If you are currently working in the field and provide evidence of work being completed, this restriction will be waived.

The University Certificate in Accounting is offered by Athabasca University's Faculty of Business, 800.468.6531, or email.

University Certificate in Career Development

Regulations effective September 1, 2015.

The University Certificate in Career Development is a 30-credit (one-year full-time study) program. It is intended primarily for practitioners who have some related work experience in a human services field. The certificate builds on competencies already developed to enhance the practitioner's effectiveness.

Graduates will learn about:

- career development concepts, principles, and theories
- the career development implications of social, cultural, economic, and work trends
- using career resources and communication skills creatively to provide ethical and effective assistance in a variety of settings
- critically evaluating their practice
- engaging in practitioner research.

Because most core and psychology elective courses in this program assume a basic background in psychology, it is strongly recommended that students have credit in [PSYC 289](#) and [PSYC 290](#) or their equivalent before registering in senior-level courses. Please note, however, that PSYC 289 and PSYC 290 are extra to this program. The program courses also require students to have third-year university-level writing ability or higher. To assess your readiness for writing in 300- or 400-level courses, please contact a [Write Site](#) staff member.

University Certificate in Computing and Information Systems

Regulations effective September 1, 2015.

The University Certificate in Computing and Information Systems is designed to provide a solid educational base in computing and information systems. Graduates may use the credits in their future program studies if they wish to pursue a Bachelor of Science degree in Computing and Information Systems.

During this university certificate program, students will acquire essential computer programming skills by taking COMP 268 and COMP 272, as well as web development skills by taking COMP 266. Students will comprehend the theories and technologies of computer operating systems, computer networks, system analysis and design, as well as database management. In addition, by completing certain elective courses offered in the program, graduates will gain specialized skills in different IT areas such as database management, system administration, computer programming, or web development.

Refer to the SCIS website for course listings of the various specializations, or consult with the program director for advice.

Students are strongly encouraged to register in ENGL 255 or ADMN 233 early in their program. For further information, refer to English Writing Skills Requirement.

Delivery Modes

All courses in the program are delivered though online and distance learning in an individualized study mode in order for students to be able to complete the courses and certificate while employed full time. Contact the School of Computing and Information Systems for more information.

Specific Regulations

1. Athabasca University may grant transfer credit for individual computer science courses that were completed more than five years ago if proof of currency in the field is provided in the form of a resumé and letter(s) of employment. The letter(s) of employment need to show evidence of activity in this field over the five-year period prior to the request for transfer credit. Other evidence may be accepted if the letter and the resumé cannot be supplied. Science courses that are over 10 years old will be accepted for transfer credit if evidence of employment in a Science or Engineering field is supplied. Visit the [SCIS website](#) for more information regarding transfer credit time limits in relation to SCIS programs.
2. Preparatory (100-level) courses cannot be used to fulfill the requirements of this certificate.
3. Precluded Courses: Students cannot receive credit for COMP 203 or COMP 220 in this program.

English Writing Skills Requirement

Students will be exempted* from the English Writing Skills Requirement (ENGL 255) if they have met one of the following criteria:

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level,
or
receive transfer credit for an English course in which a grade of B- (70 per cent) or better was achieved.

* Note: The exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.

University Certificate in Counselling Women

Regulations effective September 1, 2015.

The University Certificate in Counselling Women applies contemporary feminist theory to the practice of counselling. The program develops basic counselling skills with a particular emphasis on acquiring crisis intervention skills.

The program is ideal for professionals and volunteers—crisis workers, social workers, family life educators, adult educators, nurses, teachers, and vocational counsellors—who will acquire the skills to help women solve specific and everyday problems.

Students holding a Diploma in Social Work should choose electives in consultation with an Athabasca University advisor to ensure the electives meet the requirements of the UCCW, BPA Human Services and B. Health Administration.

The elective courses can consist of Athabasca University courses and approved courses from other institutions. The certificate can be transferred to other programs at Athabasca University and other universities if the courses fit the requirements at the receiving institution. Students who are planning to complete the certificate in one year (based on a full-time Student Finance study plan) should first discuss their plan with the [Program Coordinator](#).

University Certificate in English Language Studies (offered jointly with the Télé-université du Québec)

Regulations effective September 1, 2015.

While English-speaking students are most welcome, the University Certificate in English Language Studies at Athabasca University is intended primarily for students whose native tongue is not English. The program is designed to teach students to communicate well in both oral and written English, in various professional contexts. Students will also study the structure of the English language and the social, cultural, and linguistic aspects of learning the language as it is practised in North America.

The program will enable students to apply acquired linguistic and cultural knowledge in various areas, including teaching English as a second language (TESL), translation, international business, and other professional fields.

Information regarding TESL accreditation requirements is on the [TESL website](#).

The program is offered jointly with Télé-université du Québec ([TELUQ](#)), and students may enrol in the program at either university. Students complete the program regulations in effect at the time of their enrolment.

Supplementary Requirements (for the Télé-université portion of the program)

Candidates must successfully complete the Télé-université placement test, and achieve the Advanced I level or higher. Students who have successfully passed the Télé-université course entitled General Communication (ANG 3001) are exempt from the placement test. Any student who attains the Advanced I level on the placement test may be admitted to the program on the

condition that he or she passes the Télé-université course entitled General Communication (ANG 3001) or its equivalent before the beginning of the program. Any student who presents an attestation of the equivalent level of knowledge as that of the placement test may be allowed exemption from the Télé-université placement test.

Courses can be taken on a full-time or part-time basis. The courses in this program are divided into two distinct blocks: Language and Culture, and Professional Applications.

The Language and Culture block is devoted to the first three specific objectives of the program: to establish a theoretical and practical understanding of the English language through grammar, vocabulary, and syntax; and to familiarize students with expressions and works that reflect North American anglophone culture through introductory courses in Canadian and American literature. This block improves oral and written communication skills, and provides a good understanding of the various socio-cultural realities of anglophones across Canada and around the world. The language courses are offered by Athabasca University and Télé-université; the culture courses by Athabasca University.

The Professional Applications block provides a practical English experience in various professional fields: the teaching of English as a second language, computer science, international business, translation, etc. This sector develops students' ability to integrate linguistically and culturally at a level appropriate to each domain. Although technical by nature, it incorporates thought-in-action, and encompasses two dimensions of understanding. First, it enables students to grasp the explicit and implicit values inherent in the activities. And second, it helps students become aware of the socio-historic contexts of those activities. Consequently, the knowledge acquired is contextualized as social and historical works, and not as immutable truths or values. This approach, known as "thought-critique" or "praxeology," allows for a better understanding of languages and cultures.

NOTE: New courses for other professional applications other than those mentioned, could be offered in the future depending on the needs and demands of the students at any given time.

University Certificate in Game Development and Programming

Regulations effective September 1, 2015.

The University Certificate in Game Development and Programming (UCGDP) at Athabasca University is designed to meet the needs of the game industry by providing students with a solid technical base in game development and programming.

No previous programming experience is required for admission to this certificate. Students with previous post-secondary education or programming experience may be able to reduce the total number of credits required for the certificate through transfer credit or challenge for credit. Students can possibly receive credit towards the bridging courses through the Prior Learning Assessment and Recognition (PLAR) process, transfer credit and/or challenging a course for credit.

Students may specialize in a particular area of game development by taking recommended elective courses, which can be found on the SCIS website.

Moreover, students who complete the certificate program may use the credits towards their future studies if they wish to pursue the Bachelor of Science Major in Computing and Information Systems degree.

The programming language requirement for the certificate is COMP 308 (Java) or COMP 306 (C++), as noted below. Some courses will specify Java as a prerequisite, while others will require C++. Course Coordinators might allow students to use different programming languages, depending on the nature of the course.

University Certificate in Heritage Resources Management

Regulations effective September 1, 2015.

Work in the heritage sector involves many different and specialized practices. These include the work undertaken at archives, at a huge range of museums, interpretive centres, historic places and heritage landscapes, and as part of some types of scientific and cultural activity. These many differences reflect the vitality and range of the contemporary heritage field.

The University Certificate in Heritage Resources Management (HRM) is a comprehensive program of study that is designed for people who want a broad perspective on Heritage Resources Management, who wish to pursue careers or other involvement with heritage resources practice, or who are working or volunteering in the field and who wish to improve their skills in heritage practice.

There is a required practicum component in this program: HERM 491, which serves as the capstone for the certificate. Students must be registered in their final courses, or have completed all other courses before the practicum begins. Before students register for this course, they must demonstrate that they can make adequate arrangements for the completion of the required practicum. For more information about the practicum and this program, phone 780.675.6955 or email hrm@athabascau.ca

The HRM program is offered by Athabasca University's Centre for Integrated Studies. All courses are offered in distance format with tutor support.

Transfer Credits for Union Education and Prior Learning

Athabasca University grants advanced credit in the Labour Studies program for some union education programs. A student who has completed a Labour College of Canada Intensive Program, for example, may be eligible to receive nine credits. Students who have completed the Canadian Auto Workers Paid Educational Leave course may be eligible to receive three credits. Students who have completed the Canadian Postal Workers' Union Education Program may be eligible to receive six credits.

Credit is also granted for other union education programs and for other forms of prior learning. Contact Athabasca University for details. Many unions, and some employers, will reimburse students for the cost of university tuition fees. Discuss this with your union representative or employer.

University Certificate in Marketing

Regulations effective September 1, 2015.

The University Certificate in Marketing program offers recent analytical frameworks and tools necessary in understanding consumers, market trends, and competitive marketing strategies in the global economy. The program also emphasizes the development of critical and strategic thinking skills, and the enhancement of abilities to make rigorous decisions in different areas of marketing.

Transfer Credit completed more than 10 years ago in the following disciplines at the senior (300/400) level will not receive credit: ACCT, MGSC, LGST, MKTG, FNCE and TAXX. If you are currently working in the field and provide evidence of work being completed, this restriction will be waived.

University Certificate in Public Administration

Regulations effective September 1, 2015.

The University Certificate in Public Administration is designed for students who want to learn about administration at the municipal, provincial, and federal levels of government, as well as non profit and quasi governmental organizations. Students will take courses in such areas as communications, public finance, budgeting, economics, public policy, legal studies, human resources management, industrial relations, and indigenous studies.

Students may find this certificate useful to enter or re-enter the job market, to change careers, or for promotion in the public sector and/or non profit sector, or to provide a foundation for further studies.

Students complete the program regulations in effect at the time of their enrolment.

English Language Proficiency Program

Regulations effective September 1, 2015.

The English Language Proficiency Program is not an undergraduate program; it is a program comprising specific courses that will help prepare students, particularly those who are not native English speakers, for success in three areas:

1. University entrance and studies. Not only do these courses make university education more accessible to students currently facing language barriers, they also help to ensure that students have the appropriate language skills before they register in other university-level courses.
2. Employment. These courses will help second-language learners gain the language skills they need to enter the workforce, and to enter it at a level that is more commensurate with their other skills, background, and education, and to improve their ability to communicate in the workplace.
3. Social situations. Improved language skills help individuals to maximize their potential in a variety of social and communicative settings.

To ensure satisfactory progress through the program, it is recommended that students obtain a minimum grade of B before continuing to the next level.

Before enrolling in the program, all students are required to take the online [self-assessment test](#). Guidance is available from the English Language Studies [coordinator](#) or from the staff of the [Write Site](#). Prospective students should register for the program as unclassified students (students who are not enrolled in an AU degree, diploma, or certificate program).

On successful completion of the program, students will receive a Certificate of Completion.

6.1.1 Preparation

Good study habits, time management, reading to understand and remember, frequent reviews, and relating your studies to your everyday life all go a long way toward preparing you for examinations.

Anxiety can prevent you from doing well in examinations. Many of our students have benefited from coping strategies offered by Athabasca University's Counselling Services. Athabasca University also produces a brochure "Mastering Exam Anxiety," and provides online resources.

Before you request your examination, discuss your preparedness with your tutor or learning facilitator. If you are having difficulties preparing for your examination, please review Athabasca University's Counselling Services Mastering Exam Anxiety website or [email an AU counsellor](#).

6.1.2 Requesting an Examination

When you are ready to write your examination, you must complete and submit an Examination Request Form. You do not require permission to write an examination; however, we recommend that you discuss your preparedness with your tutor or learning facilitator. You will first need to contact the examination centre or your invigilator and select a date and time to write, and to discuss possible fees. You must submit your Examination Request Form well in advance of your requested write date.

Exam Request Deadlines

When you are ready to request an examination, complete and submit the online Examination Request Form (available as a PDF below, or through myAU).

Online – Examination Request Form

PDF – Examination Request Form

Before you submit the form, it is important that you continue to review the following sections.

6.1.2.1 Oral Exams

If you are registered in a course that has an oral exam, be advised that the exam may be conducted by email, phone, or other methods, which can be arranged between you and your tutor. The evaluation section of the course syllabus will indicate whether the course has an oral quiz or examination, or not.

6.1.2.2 Students with Disabilities

If you are a student with a disability or you are registered for services through Access to Students with Disabilities (ASD), and you require accommodations for your examinations, please

use the Access to Students with Disabilities Examination Request Form.

ASD Examination Request Form

If you are a student with a disability who requires exceptional examination accommodations, you must request your examination 30 days before your write date to allow additional time to prepare the examination. In rare circumstances these time limits may be extended for specific examinations.

ASD website

6.1.2.3 Where do I write?

Students can write at an examination centre located in the University's Athabasca, Edmonton, or Calgary, Alberta offices. In addition, a Canada-wide Examination Invigilation Network has been established and is comprised of many post-secondary institutions that are AU approved invigilation sites.

Students who do not have access to an examination centre, may propose an invigilator; a person approved by Athabasca University to oversee the writing of examinations. Athabasca University students living outside Canada write their examinations at an approved post-secondary institution or Canadian Embassy.

Examination Centres

Invigilators

6.1.2.4 When do I write?

Students are expected to write their exam within their course contract period. Exam requests that are received within our published exam request deadlines, with a write date that is within a student's contract period, will not be assessed any additional fees.

AU has implemented process to accommodate late exam requests. A late exam request is an exam which is requested outside of the published deadlines.

Students cannot write their exam prior to the course contract start date.

All examination requests, with the exception of supplemental examinations, must be received by AU on or before your course contract end date.

After you submit your Examination Request Form, AU aims to have your exam arrive at the examination centre or your invigilator, approximately one week before your requested write date. AU cannot guarantee that your examination will arrive before your requested write date. Timelines are dependent on your geographic location.

Examination Request Form

6.1.2.5 Exam Request Deadlines

If you are requesting to write an exam at an AU location (i.e. AU Athabasca, AU Edmonton, or AU Calgary), you must request your exam 10 days before your requested write date. (Available dates/times at month end are in high demand so more notice may be necessary to ensure your preferred date/time.)

If you are requesting an exam within Canada or the United States at an established AU Approved Invigilation Centre you must request your exam 20 calendar days prior to your requested write date.

If you are outside of Canada and the United States and requesting an exam to be invigilated at an established AU Approved Invigilation Centre, your request must be received 30 calendar days prior to your requested write date.

If you are requesting to write an exam at an invigilator not established as an AU Approved Invigilator, your request must be received 60 calendar days prior to your requested write date.

EXAM REQUEST AND COMPLETION DEADLINES (WITH AN AU APPROVED INVIGILATOR)

Exam Type	Exam Request Deadline	Exam Completion Deadline
Request for an exam for invigilation at an AU location	10 calendar days prior to the exam write date	Prior to or on the course contract end date
Request of an exam for invigilation inside Canada and the US	20 calendar days prior to the exam write date	Prior to or on the course contract end date

Request of an exam for invigilation outside Canada and the US	30 calendar days prior to the exam write date	Prior to or on the course contract end date
Late request for an exam	Prior to or on the course contract end date	Not later than 30 days after the course contract end date

6.1.2.6 Late Exam Requests

A request that is received outside of the published deadlines will be processed provided the student makes the request by his or her contract end date (with the exception of supplemental exams) and provided the exam is written not later than 30 days after the course contract end date. This is considered to be a late exam request and a fee is assessed for this service. This is not an extension; tutor support will not continue and all other coursework must be submitted prior to your course contract end date. Please allow time for your request to be processed—on-time delivery of the late exam cannot be guaranteed.

See the Exam Request and Completion Deadlines table above for the general guidelines surrounding the assessment of a late exam fee.

6.1.2.7 Examination Security

For exam security reasons, AU reserves the right to delay the shipment of examinations that have a write date scheduled well into the future. Whenever possible, examinations are

shipped to an approved invigilator or an approved invigilation centre so that the exams arrive approximately one week before the requested write date.

6.1.2.8 Holiday Closures and Examinations

Examinations are not shipped during the last week in December when the University is closed.

Examination requests that are received prior to the University closure for courses with a course contract end date of December 31 are allowed additional time to write their examinations without being charged the Late Exam Fee. Exams requested prior to the University closure for courses with a contract end date of December 31 must be completed no later than January 15 of the following year.

The Exam Request Deadlines must still be met (i.e. if you are requesting an exam in Canada or the U.S. you must still request 20 days before the write date) or the Late Exam Fee will be assessed.

This additional time does not apply to other course work such as assignments and quizzes, which must be completed on or before the December 31 course contract end date.

Any examination requests received after the university closure, but prior to the course contract end date of December 31 will be processed as a Late Examination Request.

Examinations and Grades

6.1.3 Examination Centres

Students can write their examinations at Athabasca University buildings in Athabasca, Edmonton, or Calgary, Alberta. In addition, a Canada-wide Examination Invigilation Network has been established that is composed of many post-secondary institutions that are AU-approved invigilation centres.

If you wish to write your examination at a location other than AU or any of the listings in the Examination Invigilation Network, you must write at an accredited post-secondary institution such as a community college or a technical institute. If a college or technical institute is not accessible, you may write your examination at an educational institution such as a high school or library, provided it is approved by Examination Services Unit, Office of the Registrar.

If none of these options is available, review [Invigilators: Pre-Approved](#).

[Canada-Wide Examination Invigilation Network](#)
[Writing at Athabasca University](#)
[Centres Outside Canada](#)

6.1.3.1 Arrive on Time!

Arrive promptly for your examination. Latecomers can be extremely disruptive to other students writing examinations. If you arrive more than 15 minutes late for a scheduled examination, and you have not notified your exam invigilator in advance, you should try to rebook your examination within 10 business days. Depending on where you write, you may be charged an exam rebooking fee (payable at Athabasca, Edmonton, and Calgary, Alberta).

After the 10 business-day hold period, the unwritten examination is returned to AU. If and when you request the exam again, the multiple examination fee will be charged.

Whenever possible, AU will accommodate moderately late arrivals; however, you will risk being interrupted if others leave the room before you are finished writing your examination. Allowing additional time may not always be possible.

If you think you might be late, please inform the institution where you are writing. Staff will advise you whether or not there is time to write your examination. If you still choose to write with less than the recommended time allowed, this will be noted on your examination in the case of a future appeal.

[Multiple examination fee](#)

[Unwritten/Multiple Examinations](#)

6.1.3.2 Centres Within Canada

Students who live within a 100 km radius of an AU-approved invigilation centre, write their examinations at that centre. Students who live more than 100 km from an exam invigilation centre, may request to write their exams closer to home provided they arrange for an invigilator who meets specific guidelines and is approved by AU.

[Examination Invigilation Network](#)

[Invigilators](#)

6.1.3.3 Centres Outside Canada

AU students who live outside of Canada must write their examination at an AU-approved post-secondary institution or Canadian Embassy, or use an invigilator who meets specific guidelines.

[Invigilator guidelines](#)

6.1.3.4 Grouped Study Students

Grouped study students write their examination at the same place, date, and time selected by the course professor unless approval for an exception has been obtained in advance by the AU course coordinator.

6.1.3.5 Online Examinations

An increasing number of AU examinations are completed and submitted online. The course syllabus and your course materials will indicate whether the examination(s) for your course are online. When writing an online examination, it is your responsibility to ensure a computer with an Internet

connection and an accepted web browser is available for your use at the Invigilation Centre. Students are not permitted to bring or use personal laptops for online exams. Refer to your student manual for training resources, computer requirements and other information related to writing your online exam. Please direct your questions about online examinations to the [Examination Services Unit](#) or the AU [Information Centre](#).

All other examination regulations apply to online examinations. You must complete and submit the Examination Request Form to Examination Services using the methods described in the [Requesting an Examination](#) section.

6.1.3.6 Examination Attempt and Time Allotments

Once a student has viewed an examination—unless the wrong examination has been sent to the approved invigilator or approved invigilation centre—the examination will be deemed to have been written or attempted to have been written.

Students must complete their examinations within the time specified on the official invigilation and examination instructions.

Examinations and Grades

6.1.4 Invigilators: Pre-Approved

Students are required to write an exam with an established Athabasca University-approved invigilator or at an AU-approved invigilation centre if they live within 100 km of that invigilator or invigilation centre. Students who live more than 100 km away from an examination centre may write their exams closer to home provided they arrange for an invigilator.

An invigilator is a person authorized by AU to oversee the writing of an examination by an AU student. There may be an AU-approved invigilator in your area already.

Use the link below to determine whether there is an AU-approved invigilator in your area. If not, email [Examination Services Unit](#), Office of the Registrar, review the [Exam Request Deadlines](#), and Invigilation guidelines (See below).

[Examination Invigilation Network](#)

6.1.4.1 Invigilator: Requires AU Approval

AU has the right to refuse a requested invigilator, and request that the student submit an alternative invigilator, or request that the student write the examination at an AU-approved invigilation centre. AU has the right to discontinue the use of an AU-approved invigilator or an AU-approved invigilation centre at any time.

6.1.4.2 Invigilator Guidelines

If an AU-approved invigilator is not available in your area, you may propose an individual (on the [Examination Online Request Form](#)), who meets the guidelines below. Before an invigilator may be approved, the University must be able to verify the accuracy of the information presented by the student and proposed invigilator. Please review [Exam Request Deadlines](#).

A proposed invigilator may be:

- a professor or instructor at a recognized public post secondary institution;
- a full-time administrative or professional staff member of a recognized public or private post-secondary institution;
- a full-time administrative or professional staff member of a public library or a library in a public school;
- a full-time administrative or faculty staff member of a public or private elementary or secondary school;
- a full-time human resources professional who works in a dedicated HR department;
- a ranking officer in the Armed Forces;
- an official at an embassy or consulate office.

A proposed invigilator **may not** be a friend, neighbour, co-worker, supervisor, family member, or relative of the student, and may not live at the same address as the student. Exceptions may be considered for students who live in remote communities and who do not have access to one of the individuals from the above categories within a 100 km radius of the student's residence. The Office of the Registrar must be confident that the individual selected will ensure that the examination invigilation guidelines will be followed and that there is no conflict of interest between the approved invigilator and student.

AU students are not permitted to act as invigilators for other AU students without the written permission of the Manager of Examination Services. Students at other schools are also not permitted to act as an invigilator unless the individual is a paid employee of an AU-approved invigilation centre or has been approved by the Manager of Examination Services.

If these options are not available to you, email [Examination Services Unit](#), Office of the Registrar. A staff member will help you determine a suitable location and an acceptable invigilator.

[Examination Request Form](#)

[Examination Invigilation Network](#)

6.1.4.3 Invigilator Fees

Students are responsible for any expenses incurred when writing an examination. Most invigilators request a fee to invigilate examinations. Invigilation centers may also charge a fee if you cancel or reschedule your examination.

AU does not charge a fee to invigilate examinations at any of its three offices located in Athabasca; Edmonton; or Calgary, Alberta.

Examinations and Grades

6.1.5 Unwritten/Multiple Examinations

Occasionally, circumstances arise that prevent students from writing their examination on the date requested. When the unwritten examination is returned to Athabasca University, and you request to write at a later date, this is called a multiple examination. You may reschedule your examination by following these guidelines.

For each request to write, you must complete and submit an Examination Request Form. If you reschedule your new write date within 10 business days after your original write date, but not past your contract end date, you will avoid the multiple examination fee (examination rebooking fees may be assessed by your invigilator).

If you reschedule later, Athabasca University will charge you a multiple examination fee. This fee is levied each time an exam is returned unwritten and is requested again. If you were scheduled to write your examination at Athabasca University Athabasca, Edmonton, or Calgary office, you will be charged a non-refundable rebooking fee, provided the exam is written within 10 days.

Ensure that your invigilator is able to reschedule to the new write date. Your invigilator may assess a cancellation or rebooking fee; however, she or he is under no obligation to reschedule a new write date. Also ensure that the correct fee accompanies the Examination Request Form.

Multiple examinations do not apply to supplemental examinations, which are written as requested.

6.1.5.1 Returning an Unwritten/Multiple Examination

If you are unable to write your examination, your AU-approved invigilator or the AU-approved invigilation centre must hold the unwritten examination for a period of 10 business days after

the scheduled write date. Although it is expected that an approved invigilator or an approved invigilation centre will endeavor to accommodate rescheduling, neither is under any obligation to reschedule a new write date.

Unwritten examinations must be returned immediately after the expiry of the 10 business-day hold period. If the exam is not being written at one of Athabasca University Athabasca, Edmonton, or Calgary offices, it is expected that the AU-approved invigilator or AU-approved invigilation centre will initiate the return process on the next business day following the expiry of the 10 business-day hold period.

6.1.6 Supplemental Examinations

If you are not satisfied with your initial examination mark (supplemental examinations do not apply to assignments, quizzes, or challenge courses) you may request and write **one** supplemental examination for each midterm or final exam required in your course. The higher of the two marks will be used in calculating your final course grade.

If the supplemental exam is written after the course contract end date, you are not required to apply for a course extension.

Athabasca University charges a non-refundable fee for a supplemental examination. To avoid delay, ensure that this fee accompanies the Examination Request Form. Unwritten/multiple examinations do not apply to supplemental examinations, which are written as requested.

In order to request a supplemental examination, you must complete and submit the Examination Request Form to the Office of the Registrar so that the form will arrive no later than 90 calendar days after the date of writing the initial examination. The supplemental exam must be requested within the Exam Request and Completion Deadlines.

[Examination Request Form](#)

NOTE: Not all post-secondary institutions will accept a course where a supplemental exam has been written. Students taking an AU course on a Letter of Permission from another post-secondary institution should check first to see if that institution will accept a course for transfer where a supplemental exam has been written.

6.1.6.1 Returning an Unwritten Supplemental Examination

If a student is unable to write the supplemental exam, an AU-approved invigilator or an AU-approved invigilation centre must hold the unwritten examination for a period of 10 business days after the scheduled write date. Although it is expected that an AU-approved invigilator or an AU-approved invigilation centre will endeavor to accommodate scheduling changes, neither person is under any obligation to reschedule a new write date.

Unwritten supplemental examinations must be returned immediately after the expiry of the 10 business day hold period. If the exam is not being written at an Athabasca University centre, it is expected that the AU-approved invigilator or the AU-approved invigilation centre will initiate the return process on the next business day following the expiry of the 10 business day hold period.

An unwritten supplemental examination that has been returned to the University may not be re-requested.

6.1.6.2 Supplemental Examination Security

The regulations surrounding supplementary examination security are the same as regular examination security. See [Examination Security](#) for more information.

6.1.7.1 Challenge for Credit Grades and Appeals

Courses taken via the challenge for credit process are recorded as CH (courses taken via challenge) on your transcript. The evaluation schemes for courses taken via the challenge for credit process can be viewed in the course syllabus.

You have one opportunity to challenge a course. If you do not successfully complete, or you fail the course taken via the challenge for credit process, you are not permitted to challenge the course a second time. You must instead register in the full course and complete it successfully in order to receive credit. If you do not successfully complete the requirements of the course taken via the challenge for credit process you will be assigned a grade of "F" (failure).

All challenge for credit grade appeals are subject to an appeals process described in Athabasca University's [Student Code of Conduct and Right to Appeal Regulations](#).

6.2 Marks and Grades

The marks for your assignments and examinations should be available to you approximately five to seven business days after Athabasca University receives them from the marker. Unofficial final grades should be available 10 business days after Athabasca University receives the marks for your last assignment or examination.

Neither of these timelines includes mailing times.

For each course you complete, the Office of the Registrar will provide a statement of the final grade that you achieved and the credits you earned.

Examinations and Grades

6.2.1 Grading Policy

Effective January 1, 2003, Athabasca University adopted the province-wide alpha/4.0 grading system to report undergraduate final grades. Courses with start dates of January 1, 2003, and later use an alpha grading scale. For courses with start dates before January 1, 2003, the percentage grading scale is used.

For individual courses, the alpha scale uses letter grades ranging from A+ through F to reflect a student's performance and knowledge of the materials covered. Overall academic performance is reported using the 4.0 grade-point average (GPA) scale. A grade point is a value between 0 and 4.00 that is assigned to a grade (alpha or percentage). The grade-point average is a weighted average of all the courses a student has taken with AU.

The passing grade for AU undergraduate courses taken before December 31, 2002, is 50 per cent unless stipulated otherwise in the course outline/syllabus. For courses started January 1, 2003, and later, the passing grade is the equivalent to a D unless stipulated otherwise in the course outline/syllabus.

Alpha grading scale

6.2.1.1 Grade-Point Average

A grade-point average is calculated for all AU undergraduate transcripts. All courses listed on your transcript have a grade and are included in the cumulative grade-point average calculation.

For each course taken, the transcript will display the course grade (percentage or alpha) as well as its corresponding 4-point grade value. All failing grades, excluding WF (Withdrawal Failure) and U (Failure: in courses using pass/fail grade mode), are calculated into the cumulative average. For courses started

before December 31, 2002, the actual percentage grade earned by a student for a failed course is also shown on the transcript. For courses started before September 1989, the passing grade is 60 per cent unless stipulated otherwise. Grades for courses using the pass/fail grade mode are not included in the GPA calculation.

Alpha grading scale

6.2.1.2 Notification of Marks and Grades

Unofficial final grades can be viewed in Gradebook in the myAU portal. It can take five to seven days from the time your final grade appears in Gradebook until the final grade is entered into the student information system. If the final grade appears in the PDF document when you preview your transcript online, then the final grade is entered in the student information system and you can order a transcript. For each course you complete, the Office of the Registrar will provide a statement of the final grade that you achieved and the credits you earned.

If you are transferring your courses to another institution, please determine the receiving institution's deadlines and ensure you allow adequate time for your grades to be processed and sent.

6.2.1.3 Questions Regarding Marks

Questions about your midterm marks may be directed to your Academic Centre or tutor. You must identify yourself before AU staff will release unofficial marks or grades over the telephone. Marks and grades released over the telephone have no official standing.

The Office of the Registrar provides statements of your composite grade (final grade) achieved in courses and the credits earned for each course completed. Your course composite grade cannot be calculated until all the course requirements (e.g., labs, assignments, essays, tests, quizzes, and examinations) have been completed, submitted, and marked.

Transcript Requests

6.2.1.4 Final Grade Processing

We recommend that you write your examination and complete and submit all your assignments at least six weeks before the date your final grade is required.

If you are transferring your courses to another institution, please ask about the receiving institution's deadlines and ensure that you allow adequate time for your grades to be processed and sent.

6.2.1.5 Incomplete Course Work

Before December 31, 2002, students who were unable to complete a course by the course contract end date and did not request a course extension or a course withdrawal were awarded a grade of 0F (Zero Failure).

After January 1, 2003, students who are unable to complete their course by the course contract end date and do not request a course extension or a course withdrawal are awarded a grade of F (Failure) or U (Failure: for courses using pass/fail grade mode).

For courses that have mandatory components (e.g., quizzes, assignments, or minimum grades on all assignments or quizzes), these components must be completed to pass the course. A mark of zero on such a component may result in a failing grade being assigned to the course. You are strongly advised to carefully read the course evaluation scheme in the course syllabus.

Some courses, especially those with lab components, are offered only at specific times of the year and are exempt from this policy. For more information, contact the Academic Centre that offers the course.

6.2.2 Appeals

Students may appeal any mark given to essays, examinations, assignments, or exercises that contribute to their final grade. Appeals of both failing and passing marks will be considered.

Students determine the grounds for appeal and must follow the procedures outlined in Athabasca University's Student Code of Conduct and Right to Appeal Regulations.

These regulations may not apply to grouped study courses. Grouped study students must consult an advisor at the collaborating institution offering the AU course.

6.2.3 Transcript Requests

A transcript is a student's official academic record at the time of the document's production.

If you use the Online Student Transcript Request form, the official transcript will show only the grades that have been entered in your official student record at the time the online request is submitted. Before you submit your request online, preview your transcript to ensure it accurately reflects the academic record you expect to be issued.

Most institutions or agencies require that official transcripts be sent to them directly from AU.

AU does not recognize honours list recipients on the official student record, but will indicate the following:

- current program of study and the associated total transfer credit awarded
- non-credit courses completed at AU
- grade-point average
- course names and numbers, number of credits awarded
- the final grade and corresponding 4-point grade value
- the grade points and credit hours earned for each course registration
- the term dates (year/month course(s) started)
- courses challenged for credit (noted with CH) including unsuccessful challenges
- re-registrations (noted with R) and repeated courses
- suspensions and expulsions
- graduation with distinction or great distinction.

6.2.3.1 Methods of Requesting Transcripts

No partial transcripts are issued, and only you can request a transcript. You may request an official transcript using one of the following methods:

online request

Transcript Request Form (PDF) and in your learning resources package

Login to myAU using your student ID number and password. Select the "Request Transcripts" option under Student Record in the left-hand navigation menu.

Transcript requests from a student must be kept at a reasonable number. AU may follow up with students ordering an unusually high number of transcripts.

6.2.3.2 Letter of Certification

A Letter of Certification is an official confirmation of information that is not included on your transcript. For example, a letter may be requested if no course(s) have been completed at AU.

Only the student concerned may request a Letter of Certification from AU. The request must:

1. be made in writing and bear the student's signature and birth date or student ID number
2. confirm the information to be included in the letter
3. bear the full name and contact information of the letter's recipient
4. be faxed to 780.675.6174, Attn.: Academic Records or mailed.

7. Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2015 to August 31, 2016.

Course fees are all-inclusive, and are calculated by combining the tuition fees, learning resources fee, and Students' Union and Alumni Relations fees.

If you formally withdraw from your individualized study course or your grouped study course, you must follow the regulations in the following sections that apply to you.

Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2015 to August 31, 2016.

7.1.1 Fee Summary

Student fees are all-inclusive and are calculated by combining the tuition fees, learning resources fee, and mandatory Students' Union and Alumni Relations fees. Academic-related fees are exempt from the federal Goods and Services Tax (G.S.T.). Other goods are not G.S.T. exempt. Fees are listed and payable in Canadian dollars.

The payment of student fees entitles you to receive most learning resources and other support services (including tutorial assistance where provided) for the period of active registration.

Students attending Athabasca University grouped study courses at collaborating institutions may be assessed tuition and fees that vary from those established within this Calendar. Those students should contact an academic advisor or the Office of the Registrar at the collaborating institution.

Students are responsible for any expenses incurred when writing an examination. Most invigilators request a fee to invigilate examinations. Invigilation centers may also charge a fee if you cancel or reschedule your examination.

AU does not charge a fee to invigilate examinations at any of its three office locations in Athabasca, Edmonton, or Calgary, Alberta.

Effective Dates

The following fee schedule applies to students who are registering in courses that have a September 1, 2015 or later start date, unless otherwise stated. It is Athabasca University's

intention to increase its tuition fees in future years by the maximum amount permitted under the Government of Alberta's Tuition Fee Policy.

7.1.1.1 Returning Students

If you are a returning Athabasca University student, please log in to myAU. If you are no longer an active student, you may still log in to myAU and follow the reactivation procedure.

Once you have logged in to myAU, you may register in a course and view personal information, such as your AU Library account, and your assignment marks, and course grades. You may also take care of administrative matters, such as booking examinations, submitting assignments, and requesting extensions or course withdrawals.

Athabasca University will also communicate directly with you through myAU. Check the Message Centre on your myAU home page for general information and for mail addressed to you.

7.1.1.2 General Application Form/Fee (New Students)

When first seeking admission to Athabasca University, all students submit a \$115 one-time, non-refundable application fee with their completed Undergraduate General Application Form.

The \$115 application fee is non-refundable and payable only once regardless of whether your requested start date is unavailable or if you choose not to register in an Athabasca University course.

The Undergraduate General Application Form, used to apply for admission, is separate from the Undergraduate Course Registration Form used for registering in most Athabasca University courses.

7.1.1.4 One-Credit Courses

The learning resources fee and Alumni Relations fee do not apply to one-credit courses.

7.1.1.5 Zero-Credit Courses

The content on these pages was captured on February 29, 2016 and is effective January 1, 2016. The online Calendar is the official version. If there are any discrepancies between this publication and the online version, the online Calendar will be binding.

Athabasca University offers a number of zero-credit courses (e.g., ENGL 140, ENGL 143). Zero-credit courses are assessed the same fee structure as three-credit courses minus the Students' Union Fees and Alumni Fees. Other academic-related fees and regulations also apply to zero-credit courses.

7.1.1.6 Re-Registration Fees

Re-registration fees include the tuition fee, Students' Union and Alumni Relations fees only. If the course has been revised since your last registration, you are required to purchase new learning resources. In this case, the learning resources fee is added to your re-registration amount.

7.1.2.3 Canadian Senior Citizens

Canadian senior citizens (65 years of age or over) are offered a reduction in course registration fees. Seniors pay the full learning resources fee portion of a registration but are given a reduction of one-half the tuition registration fee as reflected below.

Seniors are also given a reduction of one-half of the course extension fees; however, all other course and academic-related fees, including the one-time, non-refundable application fee and any service fees, must be paid in full.

The seniors' reduction does not apply to students living outside Canada or non-Canadian students living temporarily in Canada. Those students must refer to the regular fee categories.

Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2015 to August 31, 2016.

Estimated Program Fees

The program fees listed on the following pages are all-inclusive and apply to all Athabasca University program students. Before registration in courses, students must pay the one-time non-refundable General Application Fee. Please note: These costs are estimated. AU can and may increase tuition fees annually. Also, the program fees were determined by using 3-credit courses to find the program total. The program fee would be different if, for example, a 6-credit course is used in the program in place of two 3-credit courses. Other Academic-Related Fees, such as lab fees, examination fees, etc. are not included in these numbers.

Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2015 to August 31, 2016.

7.1.6 Challenge for Credit

The challenge for credit process allows students to demonstrate that they have acquired a command of the general subject matter, knowledge, intellectual and/or other skills that would be found in an undergraduate course for which they are seeking credit.

Challenge for credit fees are non-refundable.

Before you consider registering in a challenge course, it is important that you read the Challenge for Credit section.

The following are tuition fees only. Students may purchase the required print learning resources, limited to bound textbooks and print readings as follows:

1. by contacting AU's Materials Management Unit at 1-800-788-9041, extension 6366, or via email at cmat@athabascau.ca. All materials will be charged at full cost (defined as AU's full purchase cost, plus shipping, plus a 20 per cent handling fee) or;
2. by accessing the list of materials from the course syllabus and sourcing the materials via a book store, online book retailer, or other means.

Note: Students will not be provided access to the online individualized study course site, the student manual, eTextbooks, or course study guide in a Challenge for Credit registration. If an eTextbook is offered for the course, it must be purchased from the publisher or a third-party vendor.

Depending on where you live, allow approximately three weeks or more to receive your learning resources package.

Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2015 to August 31, 2016.

7.1.10 Methods of Payment

You may pay your course registration fees in Canadian dollars by cheque, money order, or authorize fees to be charged to your Visa, MasterCard, or American Express card. Interac is available at Athabasca University – Central, Athabasca University – Calgary, and Athabasca University – Edmonton. Post-dated cheques are not accepted.

Returning student paying by cheque should ensure that their student ID number is clearly written on the cheque. Cash may be paid in person; do not send cash in the mail.

When paying fees by Visa, MasterCard or American Express, indicate the specific fee being paid (e.g., admission fee, evaluation fee, etc.). A credit card payment processing form is included with the Undergraduate General Application Form and the Undergraduate Course Registration Form. If you make an error when determining the amount, Athabasca University will automatically charge the correct fee to your credit card.

To avoid duplication of charges or processing:

1. Do not mail original documentation after you have registered by fax.
2. Do not fax requests that have already been submitted using the University's online system.

Full payment must accompany the AU General Application and the course registration regardless of the method used (online, in person, by mail, or by fax) to request admission to AU or course registration. Requests with insufficient fees cannot be processed until full payment is received.

Undergraduate Fees and Refunds

7.2.1 Refunds: Individualized Study Course Tuition

A refund of tuition, less a course withdrawal processing fee, may be granted if you formally withdraw from an individualized study course either before or within 30 days after the course contract start date provided the course final exam (or after all coursework has been submitted for marking, if there is no final exam) is deemed not to have been written and you are not involved in a disciplinary proceeding involving either academic or non-academic misconduct.

See [Fees](#)

The [Undergraduate Course Withdrawal and Refund Policy – Individualized Study](#) states the conditions for a refund of tuition, less a withdrawal processing fee. Complete and submit the [Course Withdrawal Request Form \(Individualized Study\)](#): in person, by fax, by mail, online through the [myAU portal](#), or email. The date of withdrawal will be the postmark on the envelope, the date of the online submission, the date of the email if the form is scanned and [emailed](#), or the University date stamp if the form is hand-delivered or faxed (780.675.6174). No tuition refunds are issued if you withdraw more than 30 days after your course contract start date.

Tuition refunds are processed within approximately 45 days of Athabasca University's receipt of the course withdrawal request. Your refund will be processed according to your method of payment, e.g., your credit card account will be credited, a cheque will be forwarded to your current mailing address, etc.

For information on how a withdrawal request impacts your academic record, please refer to [Individualized Study/Online Courses](#) in the Registration section.

7.2.1.1 Learning Resources Fee Refunds (Individualized Study)

Learning resources are items such as texts, student manuals, study guides, reading files and/or other instructional materials such as software and access to online resources. The learning resources fee contributes to the development and procurement for any online resources which may be part of the course (some courses may be entirely online). This fee also covers packaging, shipping, and handling of learning resource materials. You may be required to purchase additional items to complement the course such as binders, calculators, home lab materials, etc., and these are your responsibility.

A refund of the learning resources fee will only be considered if you meet the course refund criteria and the University receives the learning resources complete, unmarked, and undamaged within 30 days of your course withdrawal date. You will not receive a refund for learning resources received by the University outside this time frame (late return).

Note: All returned learning resources become the property of the University and will not be returned to you. Most AU courses include software, and/or software access codes. **If the packaging around the software or the software access code has been opened you will not be eligible for a refund of the learning resources fee. Once opened, the software cannot be re-issued and the material should not be returned.**

To obtain a learning resource refund, complete and submit the [Course Withdrawal Request Form \(Individualized Study\)](#), along with the learning resources eligible to be issued to another student (e.g. returned complete and unmarked, including any unopened software packaging) to:

Athabasca University
Materials Management
Tim Byrne Centre
4001 Highway 2 South
Athabasca, AB, Canada T9S 1A4
Fax no: 780-675.6174

Include your full name, address, and student identification number with any returned learning resources. Your learning resources refund will be processed according to your initial method of payment, e.g., your credit card account will be

credited, a cheque will be forwarded to your current mailing address, etc. You are required to pay the postage on any returned materials.

eTextbooks

If the learning resources for the course are only eTexts, the student does not need to do anything further than submitting their withdrawal request. The refund will be automatic if the withdrawal is received within the 30-day withdrawal period.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Undergraduate Fees and Refunds

7.2.2 Refunds: Grouped Study Course Tuition

You may be eligible for a refund of course fees paid, less a withdrawal processing fee, if you withdraw from a grouped study course prior to and up to 15 days after the course contract start date.

The [Undergraduate Course Withdrawal and Refund Policy – Grouped Study](#) states the criteria for a refund of course fees, less a withdrawal processing fee. Complete and submit the [Course Withdrawal Request Form \(Grouped Study\)](#) in person, by mail to Athabasca University's Office of the Registrar, to the designated area of the facility where the grouped study course is being offered, or by fax (780.675.6174), or scanned and [emailed](#). The date of withdrawal will be the postmark on the envelope, or if the form is hand-delivered or faxed (780.675.6174), the University date stamp.

Refunds are processed within approximately 45 days of AU's receipt of the grouped study course withdrawal request. Your refund will be processed according to your method of payment, e.g., your credit card account will be credited, a cheque will be forwarded to your current mailing address, etc.

For information on withdrawing from a grouped study course, and the impact on your academic record, please refer to [Grouped Study Courses](#) in the Registration section.

7.3 Delinquent Accounts

Students with delinquent accounts will have their registration cancelled. A cancelled registration shall constitute withdrawal from all courses and forfeiture of all fees paid to date. Accounts that remain unsettled 25 days after the date Financial Services issues you a written notice are considered delinquent.

If your account is in arrears, you will not receive Athabasca University services, including: examination results, transcripts or records of academic standing, Letters of Permission, evaluation, library borrowing privileges, online computing access, or subsequent registrations until your accounts have been settled.

This policy encompasses all financial obligations due Athabasca University, including those attributable to fees and deposits; non-return of equipment, material, or library books; failure to follow formal withdrawal or cancellation procedures; and any dishonoured cheques returned by the bank.

A returned cheque charge of \$30 will be assessed on dishonoured (NSF, payment stopped, account closed, etc.) cheques.

Undergraduate Fees and Refunds

7.4 Receipts

When you register in a course, you are issued a confirmation letter that indicates, among other details, the student fees paid. Receipts for payment of fees are not issued unless requested.

If you require a receipt for reimbursement purposes by an employer, or for fees other than those listed in the confirmation letter, you must submit a separate request when you register or contact the Cashier/Accounts Receivable Assistant (1.800.788.9041 ext: 6129). In February each year, receipts for income tax credit purposes are issued.

Undergraduate Fees and Refunds

7.5 Form T2202A (Tuition and Education Tax Credit)

In Canada, you may be able to reduce income tax payable by claiming tax credits for enrolment in and payment of tuition and academic fees for Athabasca University's credit courses. Each February, the official Tuition, Education, and Textbook Amounts Certificate (form T2202A) will be available to all eligible students in printable format on Athabasca University's website at [myAU](#) portal.

To be eligible for the tax credit, the total of such fees paid to an educational institution in Canada for the year must exceed \$100. Fees paid to the Students' Union and Alumni Relations are not eligible for inclusion in the tuition tax credit.

The calendar year for which the fees are paid, not the date on which the fees are paid, is used to calculate eligible tuition fees. Tuition fees paid for courses that extend beyond the calendar year-end will be pro-rated on the T2202A according to the period of course delivery pertaining to each calendar year. For example, if a course has an October 1 start date and a March 31 contract end date, only 50 per cent of the tuition fee representing the October through December period will be reflected in the current year tax credit certificate. The remaining 50 per cent, representing January through March, will be reflected on the following year's T2202A.

You may be eligible for the Tuition, Education, and Textbook Amounts Certificate tax credit for each month of part-time or full-time registration. For income tax purposes, a full-time student is defined as a person actively registered in a minimum of two credits per month.

Only the initial contract period is taken into consideration in the calculation of student status as reported on your Tuition, Education, and Textbook Amounts Certificate (Form T2202A).

Extensions are not considered in this calculation.

The Tuition, Education, and Textbook Amounts Certificate reflects the number of months of enrolment that are eligible to be considered as part time or full time. Further details concerning the Tuition, Education, and Textbook Amounts Certificate may be found in [Canada Customs and Revenue Agency's](#) (CCRA) Personal Income Tax Guide or by contacting a CCRA district taxation office.

Student Academic Misconduct Policy

10.1.1 General Regulations

Athabasca University is defined by tradition as a community of people dedicated to the pursuit of advancement of knowledge and as a place where there is freedom to teach, and learn, and a concomitant obligation to respect these freedoms when they are exercised by others.

Athabasca University has the right to define the conduct that constitutes an academic offence and to apply whatever disciplinary actions it deems appropriate to deal with these offences. Possible penalties may include action ranging from a reduction in grade for a specific course to revocation of an awarded credential.

Nothing in this policy shall prevent Athabasca University from referring an individual or matter to the appropriate law enforcement agency or commencing legal action against an individual when appropriate.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Updated July 29 2015 by laurab

Student Academic Misconduct Policy

10.1.2 Intellectual Honesty

Intellectual honesty is accepted as the cornerstone of the development and acquisition of knowledge. Since knowledge is cumulative, further advances are predicated on the contributions of others.

In the normal course of scholarship these contributions are apprehended, critically evaluated, and utilized as a foundation for further inquiry. Intellectual honesty demands that the contribution of others be acknowledged. To do less is to cheat. To claim contributions and ideas of another as one's own is to deprive oneself the opportunity and challenge to learn and to participate in the scholarly process of acquisition and development of knowledge.

Therefore, the University insists on intellectual honesty in scholarship. The control of intellectual dishonesty begins with the individual's recognition of the standards of honesty expected and then his/her compliance with those expectations.

Student Academic Misconduct Policy

10.1.3 Academic Offences

Academic offences include:

1. admissions offences
2. plagiarism
3. cheating
4. collusion
5. unauthorized use of Athabasca University materials
6. misrepresentation of facts and fraud
7. aiding another in committing an academic offence

10.1.3.1 Admission Offences

Any applicant who applies for admission who:

1. misrepresents, or aids another person or persons to falsify material facts for the purpose of gaining admission, enrolment, or obtaining academic advantage
2. commits, or aids another person or persons to commit an act designed to misrepresent an applicant's academic status or eligibility for admission, enrolment, or for receiving transfer credit
3. withholds records, transcripts, or other documents with the intent to gain unfair academic advantage
4. any other act of falsification or misrepresentation in the admission process that Athabasca University deems inappropriate is guilty of an admissions offence under this policy and may be subject to penalties listed under Section 5 Penalties within this policy.

10.1.3.2 Plagiarism

Plagiarism involves submitting or presenting work in a course as if that work were the student's own, when, in fact, it was not. Often plagiarism exists when:

1. the work submitted was done in whole or in part, by an individual other than the person submitting the work
2. the whole or parts of a work are taken from another source without reference to the original author, publication, journal or Internet source
3. the whole or parts of the coursework submitted lacks citations even though a list of sources

is provided

4. the coursework has been copied in whole or in part from an individual, a textbook, a solution manual, the Internet or any other source
5. when paid or professional editors are used inappropriately.
Students are encouraged to contact the individual to whom their coursework is being submitted to discuss their plan on the use of an editor prior to submission of their coursework.

Anyone found guilty of plagiarism under this policy may be subject to Section 5 Penalties within this policy.

10.1.3.3 Cheating

Cheating includes:

1. submitting a proposed invigilator for approval under false pretenses. This includes, but is not limited to:
 - naming one's friend, relative, fellow student or co-worker for approval
 - submitting false credentials, names, occupations, and addresses
 - the misrepresentation of other information related to a proposed invigilator
 2. writing an invigilated examination or any part of an invigilated examination outside of an approved invigilation centre
 3. removing, by any means, an examination or any part of an examination from an approved invigilation centre
 4. communicating substantive content of any examination to course mates or others
 5. in the course of writing an examination, obtaining or attempting to obtain information from another student or other unauthorized source, or giving or attempting to give information to another student, or knowingly possessing, using, or attempting to use any unauthorized material and/or electronic devices
 6. leaving answer papers exposed to view, or attempting to read other students' examination papers
 7. representing or attempting to represent oneself as another or having or attempting to have oneself represented by another in the taking of an examination, preparation of coursework, or other similar activity
 8. submitting in any course or program of study without prior approval, all or a substantial portion of any coursework for which credit has been received or is being submitted in another course or program at AU or elsewhere
 9. submitting in any course or program of study (including those courses in a clinical or laboratory setting) any coursework (including laboratory results) containing a false statement(s) intended to be perceived as fact(s), or a reference that has been fabricated
 10. accessing course materials or notes pertaining to the subject matter of the course or accessing internet sites during a scheduled examination when the exam prohibits access to such materials
- Anyone found guilty of cheating under this policy may be subject to Section 5 Penalties within this policy.

10.1.3.4 Collusion

Collusion involves two or more persons who, by agreement between them, prepare and submit the substantially same or identical piece of coursework, claiming that it is the work of only the person submitting it, without the prior permission of the person to whom the coursework is being submitted.

Anyone found guilty of collusion under this policy may be subject to Section 5 Penalties within this policy.

10.1.3.5 Unauthorized Use of AU Materials

It is an offence to knowingly procure, sell, distribute, duplicate, transpose or receive any course material such as examinations, tests, quizzes, assignments, or laboratory results from any source without the proper written consent of Athabasca University except where licensing agreements permit otherwise.

Anyone found guilty of unauthorized use of Athabasca University materials under this policy may be subject to Section 5 Penalties within this policy.

10.1.3.6 Misrepresentation of Facts and Fraud

It is an offence to knowingly misrepresent material facts, the awarding of a credential, results of academic submissions, grades, or a reviewer's comments.

Forging or falsifying academic records is a serious offence that can result in expulsion and possible criminal prosecution. Specifically, it is an offence to:

Forged or Falsified Documents

Forging or falsifying academic records is a serious offence that can result in expulsion and possible criminal prosecution. Specifically, it is an offence to:

1. falsify or forge an academic record including, but not limited to, a transcript, a mid-term grade report, and/or a final grade report
2. create or present a fraudulent degree, certificate, or parchment, and/or to claim the receipt of a fraudulent credential presented as legitimate
3. assist another in falsifying or forging an academic record or credential.

Anyone found guilty of misrepresenting facts and fraud under this policy may be subject to Section 5 Penalties within this policy.

10.1.3.7 Aiding Another in Committing an Academic Offence

It is an offence to aid another in committing any academic offence.

Anyone found guilty of aiding another in committing an academic offence under this policy may be subject to Section 5 Penalties within this policy.

Student Academic Misconduct Policy

10.1.4 Penalties

Where an academic offence is found to have occurred, one or more of the following penalties will be imposed by Athabasca University, in conformance with Section 10.1.5 Disciplinary Procedures within this policy.

1. rejection of an application for admission or enrolment
2. rejection of submitted coursework with or without the option to resubmit
3. reduction of a grade on submitted coursework with or without the option to resubmit
4. reduction of, or assignment of, a failing grade in a course with or without the option to resubmit
5. suspension from Athabasca University for a period of at least six months but not more than two years*
6. expulsion from Athabasca University*
7. revocation of a grade awarded for a completed course with a failing grade assigned for the course*
8. revocation of an awarded credential*

*Penalty must be approved by Vice-President, Academic.

All penalties assigned under this policy will appear on a student's transcript for a period of two years. In circumstances where the two-year period extends beyond a student's graduation date, the penalty will be removed from the student's transcript on the date the student graduates provided that there is not more than one penalty on the student record. In cases where there are more than one penalty, all penalties will remain on the student record for the two-year period.

In the case of an expulsion, the revocation of a grade for a completed course and the revocation of an awarded credential the penalty shall appear on the Student's transcript permanently.

Unauthorized use of Athabasca University materials	Dean (or designates)
Misrepresentation of Facts and Fraud	Associate Registrar of Operations
Aiding another in committing an academic offence	In accordance with the offence as identified above.

Note: Dean (or designates) refers to the Dean responsible for the course. For the Centre of Distance Education, the Director of the Centre for Distance Education would be the designated University Officer in place of a Dean.

10.1.4.2 Assignment of Penalty

University Officers Responsible for Assignment of Penalties:

PENALTY	AUTHORITY TO DETERMINE OR APPROVE PENALTY
Reduction of grade on submitted coursework	Dean (or designates)
Rejection of submitted coursework	Dean (or designates)
Rejection of an application for admission or enrollment	Associate Registrar of Admissions and Transfer Credit Services
Failure of an examination or coursework	Dean (or designates)
Failure of the course	Dean (or designates)
Suspension from Athabasca University of six months but not more than two years	Vice-President, Academic
Expulsion from Athabasca University	Vice-President, Academic

Notes:

Suspension from Athabasca University includes a suspension from a program. A student is not allowed to take any courses from Athabasca University during the period of the suspension.

Nothing shall prevent Athabasca University from referring an individual or matter to the appropriate law enforcement agency or commencing legal action against an individual should such action be considered appropriate. The appropriate University Official should consult with Athabasca University Legal Counsel prior to taking such action.

The authority to determine or approve penalties for the Centre for Distance Education is with the Director of the Centre for Distance Education.

Student Academic Misconduct Policy

10.1.5 Disciplinary Procedures

Where there is an allegation of an academic offence, refer to the following procedures. Decisions are subject to the appeals process outlined in [Section 7 Appeals](#) within this policy. Any member of the University community who has reason to believe that a student is guilty of an academic offence may initiate proceedings against the student. Athabasca University has the right to amend and adjust these disciplinary procedures from time to time.

10.1.5.1 Initiation of Proceedings

Where a member of the Athabasca University community has reason to believe that a student has committed an academic offence, that individual may forward a written complaint to the appropriate University Officer for investigation.

The written complaint will include the following information:

1. a written summary of the allegation and
2. all supporting documentation that led to the belief that an academic offence has been committed including, but not limited to, copies of coursework and course materials, results from the use of plagiarism detection software, copies of Internet searches, invigilator statements, and any other documentation in support of the case.

10.1.5.2 Investigation

Preliminary Investigation and Summary Dismissal of Complaint

Within fifteen (15) business days of receiving the written complaint, or such other time as may be permitted in accordance with this procedure, the University Officer may conduct a preliminary investigation of the complaint, including, if it is in the view of University Officer desirable, discussing the complaint with the Complainant, or consulting with others (e.g. Registrar, academic staff, Athabasca University lawyers, Vice President – Academic, Associate Vice-President Academic, etc.). Where the University Officer is of the opinion the complaint is without merit, or is frivolous, trivial or vexatious, the University Officer may dismiss the complaint summarily. Where the complaint is dismissed summarily, the University Officer must notify the complainant, in writing, specifying the reason(s) for the dismissal.

Review and Determination

Within fifteen (15) business days of receiving the written complaint, or such other time as may be permitted in accordance with this procedure, and provided that the complaint has not been summarily dismissed, the University Officer must discuss the alleged offence with the student and the complainant. Other persons (e.g., Registrar, academic staff, Athabasca University lawyers, Vice-President – Academic, Associate Vice-President – Academic, etc.) may also be consulted as deemed appropriate; however, any previous record of the student alleged to have committed the offence is not to be consulted.

Determination That An Offence Has Not Occurred

Where the University Officer has determined that no offence has been committed and thus declines to proceed with the complaint, the complainant and the student must be provided with written notice of the decision within fifteen (15) business days of receipt of the complaint or such other time as may be permitted in accordance with this procedure. This notification will not form any part of the student's official student record.

Determination That An Offence Has Occurred and Imposition of Penalty

Where a student is found to have committed an academic offence, the University Officer will consult with the Office of the Registrar regarding penalties imposed generally for such offences and regarding the student's previous record. The University Officer shall consider the previous record of the student in order to determine the severity of the penalty. Where the penalty of Suspension or Expulsion is under consideration, the University Officer investigating the matter will consult with the appropriate University Officer. No Suspension or Expulsion shall be imposed without the necessary approval. After the required consultation the University Officer may impose one or more of the [Section 5 Penalties](#). The University Officer shall prepare a statement in writing in accordance with section [6.2.5](#) and [6.2.6](#).

Written Record

Where a penalty is to be imposed, the University Officer shall prepare a written statement setting out:

1. a brief summary of the conduct alleged to constitute the offence
2. a statement in writing that the alleged offence has been reviewed with the student and the complainant
3. a brief statement giving details of the determination and the reasons therefore
4. any special conditions that must be met by the student
5. for those penalties that require the approval of the Vice-President – Academic, documentation that the approval has been obtained.

Imposition of Penalty

The University Officer shall then impose:

1. the penalty
2. any special conditions deemed appropriate by the University Officer that must be met by the student based upon the findings in the present case and the results of the review the student's record of previous discipline.

Notification to the Student and the Complainant

Within fifteen (15) business days of discussing the incident with the complainant and the student, or such other time as may be permitted in accordance with this procedure, the University Officer shall provide written notification to the complainant and the student of any penalty imposed. Such notification shall include the written statement prepared under Section 6.2.5. A copy of the correspondence shall be forwarded to the Registrar and be kept in the student's official student record. The written notification of the penalty imposed must also include notification of the right of appeal and must outline the procedures for appeal.

Student Appeals Policy

In all cases, the University Officer will keep a file with all documentation associated with the case for a period of two (2) years. In the event of an appeal to the Student Academic Appeals Committee, the University Officer will forward a copy of this file to the Chair of the Student Academic Appeals Committee upon request.

10.1.5.3 Course and/or Program Withdrawal During Disciplinary Proceedings

A student is not eligible to withdraw from a course or program during disciplinary proceedings. If, at the conclusion of the proceedings it has been decided not to proceed with a charge of Academic Misconduct and the student wishes to withdraw from a course or program, the withdrawal may be back dated to the date the proceedings were initiated.

Student Academic Misconduct Policy

10.1.8 Time Limits for Appeals

It is intended that allegations of Academic Misconduct be investigated and addressed quickly, and where reasonably possible the time limits in this Procedure should be met. However, there may be circumstances where more time is required to conduct a thorough investigation, including but not limited to the absence of or inability to contact a complainant, applicant, student, or a necessary witness. Accordingly, the University Officer conducting the Investigation may request an extension of the time limits from the Chair of the Student Academic Appeals Committee, or designate. If the Chair of the Student Academic Appeals Committee, or designate, is of the opinion that an extension of the time limit is reasonably necessary to permit thorough investigation of the allegations, and does not unfairly interfere with the ability of the student to respond to the allegations, he or she may extend the time limits set out in the Procedure. Such an extension may be granted regardless of whether the request is received before or after the expiration of a time limit.

Non-Academic Misconduct Policy

10.2.3 Disciplinary Action

Disciplinary action may include one or more of the following penalties:

- reprimand
- suspension
- expulsion
- exclusion from class
- exclusion from exam

10.2.4 Disciplinary Procedures

The following procedures do not apply to disruptive behaviour in class or disruptive behaviour in the exam room (see [Section 7 Exclusion from Class or Exam for Disruptive Behaviour](#) within this policy).

10.2.4.1 Initiation of Proceedings

Initiation

Any person who has reason to believe that a student is guilty of a non-academic offence may initiate proceedings against the student by way of a statement signed by the complainant and delivered to the Registrar.

Action

The Registrar will determine the appropriate avenue for investigation and will designate the appropriate individual to conduct the investigation (herewith called the "Investigator").

10.2.4.2 Proceedings

Review and Investigation

The Investigator will review the complaint and conduct an investigation. This may include interviewing the relevant individuals and obtaining other information relevant to the complaint.

Complaint Declined

The Investigator may decline to proceed with a complaint under the following circumstances:

1. where the Investigator believes that no University rule has been violated
2. where the Investigator believes the complaint to be scandalous, frivolous, or vexatious

3. where the Investigator believes that an unreasonable amount of time has elapsed since the incident
4. where the Investigator believes that the offence should be referred to police or appropriate public authorities.

Complaint Declined Procedure

Where the Investigator has declined to proceed with a complaint, this decision will be delivered to the Registrar who will advise the complainant in writing within (10) calendar days of receipt of the complaint.

Action Procedure

1. The Investigator shall ensure that all documentation is provided to the Registrar.
2. If the Registrar desires more information, the Registrar shall conduct such further investigation as the Registrar deems appropriate, including reviewing the matter with the student, providing it is practical to do so.
3. The Registrar, following such investigation, may dismiss the complaint or impose one or more of the penalties.
4. In determining an appropriate penalty, the Registrar may take into account the disciplinary record, if any, of the student.
5. The Registrar shall provide written notice to the student of the decision, any penalty imposed, and of the right to appeal within twenty (20) calendar days of receipt of the original complaint.

NOTE: In the event that the Investigator fails to act within the time limits stated herein, the student shall, upon the expiry of such time limits, be entitled to proceed to the next step: direct appeal to the Associate Vice-President, Academic. In the event that the Investigator or the Associate Vice-President, Academic is not available, a designate will carry out the following procedures.

10.2.4.3 Appeal Procedures

1. A student or complainant may appeal the decision of the Investigator not to proceed, or the decision by the Registrar, by submitting such notice of appeal in writing to the Associate Vice-President, Academic no later than ten (10) calendar days after deemed receipt of notification of the Registrar's decision. The Associate Vice-President, Academic may at his/her sole discretion accept an appeal notwithstanding that more than ten (10) calendar days have elapsed since receipt of the Registrar's decision.
2. The notice of appeal shall be in writing, signed personally or through an agent representing the appellant, and state the grounds of appeal. The appeal shall deal with the Registrar's decision, the finding of guilt and/or the penalty imposed. At this time the student may view the file upon request. Any additions to the file during the appeal process will be made available to the student who has requested access to the file.
3. If legal counsel is retained by the appellant, the Associate Vice-President, Academic must be notified of it immediately.
4. The Associate Vice-President, Academic shall consider the appeal and review the matter in a manner in which he/she, in his/her sole discretion deems appropriate, and may either sustain, quash, or vary the decision being appealed.
5. Where the Associate Vice-President, Academic sustains the finding of guilt, he/she may

confirm, vary, or suspend the penalty imposed.

6. The Associate Vice-President, Academic shall communicate his/her decision to the appellant, or his/her agent/representative/lawyer, in writing, within ten (10) calendar days of receipt of the appeal or within such longer period as the Associate Vice-President, Academic deems necessary in his/her sole discretion. The penalty becomes effective immediately upon such notification. Any penalty imposed or confirmed shall take effect on the date indicated in the written notification.
7. Decisions of the Associate Vice-President, Academic shall be final and binding, and no right of appeal lies therefrom.

NOTE: Notification mailed by single-registered post to the last known address of the student, is deemed, in the absence of evidence to the contrary, to have been received by the student ten (10) calendar days after posting to an Alberta address and twenty (20) calendar days to an address outside of Alberta.

10.2.6 Exclusion from Class or Exam for Disruptive Behaviour

10.2.6.1 Exclusion from Class by an Instructor

1. When a student disturbs, disrupts, or otherwise interferes with classroom activities, the instructor may immediately exclude the student from the course for a particular class and may also exclude the student from the next subsequent class in that course. In each case, the instructor is required to notify the course professor and the Program Director by the next business day.
2. If the behaviour persists when the student is re-admitted to class, the instructor may again immediately exclude the student from the class and the instructor must initiate proceedings against the student according to the procedures described above. The student's exclusion from class will be in effect until a decision is reached by the Program Director. If a student is reinstated by a decision of the Program Director, such decision shall not invalidate the prior action of the instructor. The University shall not be held legally responsible for any lost class time. The Program Director shall communicate his/her decision in writing to the student within five (5) calendar days from the date of the most recent exclusion.
3. The student may appeal the Program Director's decision as set out below. The student shall not be permitted in the class without the Program Director's written approval until such time as the appeal is heard and decided.
4. Within five (5) calendar days of receipt of the appeal, the Program Director shall provide written notice to the student of the decision, any penalty imposed and the deadline to appeal to the Vice-President, Academic of ten (10) calendar days.
5. The student (hereinafter cited as the appellant) must lodge a written appeal with the Vice-President, Academic within ten (10) calendar days after the decision was delivered or deemed to have been delivered to the appellant.
6. The Vice-President, Academic shall consider the appeal and review the matter in a manner which he/she, in his/her sole discretion, deems appropriate, and may either sustain, quash, or vary the decision being appealed. Where a decision against the appellant is sustained, the Vice-President Academic may also confirm, vary, extend, or suspend the exclusion from class initially imposed.
7. The Vice-President, Academic shall communicate his/her decision to the appellant, or his/her agent/ representative/lawyer, in writing within ten (10) calendar days of receipt of the appeal or within such longer period as the Vice-President, Academic deems necessary in his/her sole discretion.
8. Decisions of the Vice-President, Academic shall be final and binding, and no right of appeal

lies therefrom.

10.2.6.2 Exclusion from an Exam by an Exam Supervisor

1. When a student disturbs, or otherwise interferes with exam activities, the exam supervisor may immediately exclude the student from the exam room and request that the student return immediately his/her exam test and booklet. The exam supervisor shall advise the student that he/she can request to write another version of the exam at a later date.
2. The exam supervisor is required to notify the Registrar, the course professor, and the Program Director by the next business day.
3. The student who feels that he/she has been unfairly treated can lodge a complaint with the Program Director. The decision of the Program Director and of the Vice-President, Academic, in the case of an appeal, shall not invalidate the prior action of the exam supervisor.
4. The Program Director shall communicate his/her decision in writing to the student within ten (10) calendar days of receipt of the complaint.
5. The University shall not be held legally responsible for any contract period or credit lost.
6. The student may appeal the Program Director's decision by following the same procedures outlined under Appeal Procedures within this policy.

10.3.1.1

The Student Academic Appeals Committee (Committee) comprises the following members:

1. members elected by Athabasca University Academic Council (AUAC)
 - Registrar (Chair)
 - three academic staff members elected by AUAC from undergraduate programs
 - two academic staff members elected by AUAC from graduate programs
 - one undergraduate student representative
 - one graduate student representative.
2. The Registrar or designate shall be an ex officio member of the Committee, and shall serve as its Chair.

10.3.1.2

Committee members elected by Academic Council shall hold office for a term of two years (except for Registrar, which is ex officio). Members elected by Academic Council shall have their terms staggered at one-year intervals.

10.3.1.3

The quorum for committee deliberations shall be five (5) members, one of whom shall be the Chair. If the committee is obliged to consider an appeal at a time when a quorum from the regular committee membership is not possible, the Chair shall obtain alternative representatives from the various bodies sufficient to ensure a quorum. The alternative representatives selected in the above manner shall serve only until a quorum of elected members can be obtained.

10.3.1.4

The undergraduate student representative will be nominated by Athabasca University Student's Association.

2. the assignment of grades on procedural grounds
3. decisions on the evaluation and assessment of transfer credits
4. the application of institutional policies and procedures which do not directly impact the assignment of a grade. This appeal process does not apply to policies and procedures in which a decision of an University Officer is expressed as being the final decision, or where no express provision is made in the policy or procedure in question for appeal of the decision
5. the assignment of penalties resulting from decisions made under the Student Academic Misconduct Policy.

Student Appeals Policy

10.3.4 Appeals Process for Assignment of Grades

A student (appellant) may appeal any grade assigned to essays, examinations and assignments, or exercises that contribute to the final grade. Appeals of both failing and passing grades may be considered.

The appellant must follow the procedures outlined in the appropriate section of this document. If the appeal is misdirected, the University Officer in receipt of the appeal shall redirect the appeal to the appropriate University Officer. Where there is disagreement as to which procedures should be followed or which University Officer should review the appeal, the Chair of the Student Academic Appeals Committee shall make the final decision.

The appeal of a grade and subsequent remarking, if appropriate, shall result in one of three possible outcomes:

1. the grade remains the same
2. the grade is raised
3. the grade is lowered.

NOTE: Reference to a Program Director means the director of the program of study in which the student is enrolled. In the case of an unclassified student, the director of the program in which the course in question resides will be assigned by the Vice-President, Academic to administer the appeal. If any question arises as to the appropriate Program Director, the Vice-President, Academic will decide.

10.3.4.1 Appeals on Substantive Grounds

4.1.1 An appeal for the assignment of grades on substantive grounds can be made when:

1. an appellant believes a grade to coursework was assigned on some basis other than academic achievement
2. the published evaluation standards in the course syllabus differ from the evaluation standards applied to the assigned grade
3. the evaluation standards applied to the assignment of the grade are unreasonable or differ from the evaluation standards described in the student manual for the course.

10.3.4.2 Step One – Request for an Informal Review by Marker

The appellant must request an informal review of the assigned grade with the marker. This request must be made within thirty (30) days of receiving the grade.

The marker can:

1. remark the coursework in question and assign an outcome as described above;
2. decline to proceed if sufficient grounds have not been established.

The marker must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the informal review request.

10.3.4.3 Step Two – Appeal to Course Coordinator

An Appellant who is not satisfied with the Step One decision may appeal in writing to the Course Coordinator within thirty (30) days of receiving the Step One decision. The appeal must be in writing, specify the reasons for making a further appeal and include all additional information or documentation the Appellant wishes to be considered. When the Course Coordinator is the individual who has assigned the grade and/or is the individual who completed the Step One review, then the Centre Chair responsible for the course shall assign an alternate Course Coordinator or competent marker to review the Step Two appeal.

The Course Coordinator shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so.

The Course Coordinator can:

1. remark the coursework in question and assign an outcome
2. arrange to have the coursework remarked by an alternate competent marker
3. decline to proceed if sufficient grounds have not been established.

The Course Coordinator must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the Step Two appeal request.

10.3.4.4 Step Three – Appeal to the Dean (or designates)

An Appellant who is not satisfied with the Step Two decision may appeal in writing to the Dean (or designates) responsible for the course within thirty (30) days of receiving the Step Two decision. The appeal must be in writing, specify the reasons for making a further appeal and include all additional information or documentation the Appellant wishes to have considered.

The Dean (or designates) shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so.

The Dean (or designates) can:

1. arrange for remarking of the coursework in question by an individual who has not been involved in the step one or two decision and assign an outcome
2. decline to proceed if sufficient grounds have not been established.

The Dean (or designates) must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the Step Two appeal request.

The decision of the Dean (or designates) is final.

10.3.5.5 Appeals on Procedural Grounds

10.3.5.5.1

An appeal for the assignment of a grade on procedural grounds can be made when an appellant believes a university policy or procedure has not been followed in the assignment of a grade. When it is determined, in accordance with this procedure that university procedure and policy have been followed an appeal using procedural grounds as its basis will be dismissed.

The Appellant must submit their appeal in writing to the Chair of the Student Academic Appeals Committee setting out the grounds for their appeal, including details as to the university policy or procedure they believe was not followed, and how that impacted on the grade assignment within thirty (30) days of receiving the grade.

10.3.5.5.2

The Chair shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate providing it is practical to do so.

The Chair may:

1. present the appeal to the Student Academic Appeals Committee for consideration and review, or
2. decline to proceed if sufficient grounds have not been established.

10.3.5.5.3

In cases where the appeal has been presented to the Student Academic Appeals Committee for consideration and review, the committee may consult with the appellant if desired or delegate the Chair to consult with the appellant in the event the appellant is not available at the time of the committee's review of the appeal. The Chair shall inform the appellant of the committee's decision, in writing, within thirty (30) days of receiving the appeal. The decision of the Student Academic Appeals Committee is final.

10.3.5.5.4

In cases where the appeal has been declined based on insufficient grounds the Chair shall inform the appellant, in writing, within ten (10) business days of receiving the appeal and include specific reasons for the decision to decline. The decision of the Chair is final.

Student Appeals Policy

10.3.5 Appeals Process for Transfer Credit Evaluations and Assessments

A student (appellant) may appeal any decision concerning the awarding of transfer credit for previous education. Appeals to change the designation of certain credits, to obtain more credit or to reduce the credit granted may be allowed. Appellants should review and are expected to be familiar with Admissions and Academic Regulations in the current Athabasca University Calendar prior to appealing any decision regarding the award of transfer credits.

The appeal of a decision on transfer credit shall result in one of two possible outcomes:

1. the transfer credit award remains the same, or
2. an award of additional transfer credit.

10.3.5.1 Step One – Appeal to Coordinator of Admissions and Transfer Credit Services

10.3.5.1.1

An appellant submitting an appeal to any decision concerning the evaluation and assessment of transfer credit must contact the Coordinator of Admissions and Transfer Credit Services to discuss the award and to set out the reasons for their appeal. Such contact must be made within thirty (30) days of receiving the letter containing the transfer credit decision.

The Coordinator of Admissions and Transfer Credit Services can:

1. change the transfer credit award, or
2. decline to proceed if sufficient grounds have not been established.

10.3.5.1.2

The Coordinator of Admissions and Transfer Credit Services must respond to the appellant within five (five) business days and provide a decision, in writing, to the appellant within thirty (30) business days of receiving the request.

10.3.5.2 Step Two – Appeal to the Associate Registrar of Admissions and Transfer Credit Services

10.3.5.2.1

An appellant who is not satisfied with the Step One decision may appeal in writing to the Associate Registrar of Admissions and Transfer Credit Services within thirty (30) days of receiving the Step One decision. The written appeal must identify precisely the decision(s) the appellant wishes to have reconsidered. All supporting documentation or evidence that the appellant wishes to have considered must be submitted at this stage of the appeal.

10.3.5.2.2

The Associate Registrar of Admissions and Transfer Credit Services shall review the file and any supporting documentation that has been submitted, and may consult with faculty members, committee members, staff members, program directors, the Appellant concerned, or other persons considered appropriate.

The Associate Registrar of Admissions and Transfer Credit Services can:

1. change the transfer credit award, or
2. decline to proceed if sufficient grounds have not been established.

The Associate Registrar of Admissions and Transfer Credit Services shall inform the appellant in writing of the decision, within thirty (30) days of receiving the appeal.

The decision of the Associate Registrar of Admissions and Transfer Credit Services is final.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Student Appeals Policy

10.3.6 Appeals on Matters of Institutional Procedure or Policy

An student (appellant) may appeal any decision based upon institutional procedure or policy provided that the policy allows for an appeal. The appellant may ask that the decision be rescinded, or that it be varied.

The appeal on the application of University policy or procedure shall result in one of three possible outcomes:

1. the decision remains the same,
2. the decision will be rescinded, or
3. the decision will be varied.

10.3.6.1 Step One – Appeal to Unit Supervisor/Coordinator

An appellant who is dissatisfied with any decision based upon institutional procedure or policy, provided that the policy allows for an appeal, must contact the unit supervisor/coordinator where the initial decision was made to discuss the decision before an appeal is made. Such contact must be made within thirty (30) days of the notification of the decision.

10.3.6.2 Step Two – Appeal to Department Head

An appellant who is not satisfied with a Step One decision may appeal the decision in writing to the head of the department, or designate, of the unit where the original decision is was made, within thirty (30) days of notification of the decision. The written appeal must identify precisely the decision(s) the appellant wishes to have reconsidered. All supporting documentation or evidence that the appellant wishes to have considered must be submitted at this stage of the appeal.

The department head (or designate) shall review the case and any supporting documentation that has been submitted, and may consult with faculty members, committee members, staff members, program directors, the appellant concerned, or other persons as considered appropriate. After a thorough investigation of the circumstances and particulars of the case, the department head (or designate) shall inform the appellant in writing of the decision, within thirty (30) days of receiving the appeal.

10.3.6.3 Step Three – Appeal to Student Academic Appeals Committee

An appellant who is not satisfied with a Step Two decision may appeal a decision based on institutional procedure or policy, provided that the policy allows for an appeal, by submitting a letter of appeal to the Chair of the Student Academic Appeals Committee within thirty (30) days of receiving written notification from the department head (or designate). The letter of appeal must specify in detail the reasons for making a further appeal.

The Chair shall review the case, consulting with staff, faculty, the appellant concerned, or any other person considered appropriate, providing it is practical to do so.

The Chair may:

1. present the appeal to the Student Academic Appeals Committee for consideration and review, or
2. decline to proceed if sufficient grounds have not been established.

In cases where the appeal has been presented to the Student Academic Appeals Committee for consideration and review, the committee may consult with the Appellant if desired or delegate the Chair to consult with the Appellant in the event the Appellant is not available at the time of the committee's review of the appeal. The Chair shall inform the Appellant, in writing, of the Committee's decision within thirty (30) days of receiving the appeal. The decision of the Committee is final.

Student Appeals Policy

10.3.7 Appeals of Penalties Arising from the Academic Misconduct Policy

The Student Academic Misconduct Policy provides rights and procedures for appeal to the Student Academic Appeals Committee.

An appeal from the assignment of a penalty for academic misconduct can be based on the following:

1. denial that the offence occurred, or
2. the appellant believes the assigned penalty is too severe.

The appeal on the assignment of penalties from the Student Academic Misconduct Policy shall result in one of three possible outcomes:

1. the penalty remains the same,
2. the penalty is altered to one that is either less or more severe in nature, or
3. the penalty is rescinded.

10.3.7.1 Step One – Consult Policy

Appellants who wishes to avail themselves of these rights are expected to be familiar with the policy in question and must follow the procedures for appeal as outlined below.

Academic Misconduct Policy and Disciplinary Procedures

10.3.7.2 Step Two – Appeal to Student Academic Appeals Committee

An Appellant may appeal a penalty by submitting a letter of appeal to the Chair of the Student Academic Appeals Committee within thirty (30) days of receiving notification of the decision. This letter must specify in detail the reasons for making a further appeal and the remedy the Appellant is seeking.

The Chair shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so. The Chair shall then present the appeal to the Student Academic Appeals Committee for consideration and review.

The Chair may:

1. present the appeal to the Student Academic Appeals Committee for consideration and review, or

2. decline to proceed if sufficient grounds have not been established.

In cases where the appeal has been presented to the Student Academic Appeals Committee for consideration and review, the committee may consult with the Appellant if desired or delegate the Chair to consult with the Appellant in the event the Appellant is not available at the time of the committee's review of the appeal. The Chair shall inform the Appellant, in writing, of the Committee's decision within thirty (30) days of receiving the appeal. The decision of the Committee is final.

10.3.8 Student Academic Appeals Committee Written Appeal

A written appeal can be sent via a formal letter to the Chair of the Student Academic Appeals Committee by fax, by post or by email.

10.3.8.1 Appeals to the Student Academic Appeals Committee can be addressed as follows:

Chair, Student Academic Appeals Committee
c/o Office of the Registrar
1 University Drive
Athabasca, AB T9S 3A3

Fax: (780) 675-6174

E-mail: registrar@athabascau.ca

10.3.8.2 All appeals to the Student Academic Appeals Committee should be addressed to the Chair of the committee and contain the following information:

1. The student's (appellant's) name
2. The appellant's student ID number
3. The appellant's return mailing address
4. What is being appealed. If the appeal is in relation to a grade, then the course name and number must be included. If the appeal is in relation to a policy, then the policy must be identified.
5. Full details regarding the grounds for appeal and copies of all supporting documents.
6. The signature of the appellant. If the appeal is being sent by email, it must be sent as a PDF attachment and contain the appellant's signature.

Information effective Sept. 1, 2015 to Aug. 31, 2016.

Student Appeals Policy

10.3.9 Time Limits

Time limits for submitting appeals under the Student Appeals Procedures are mandatory and must be adhered to. Failure by an Appellant to submit an appeal within the time limits set out therein shall result in the Appellant forfeiting the right to appeal. The Chair of the Student Academic Appeals Committee, the Dean (or designates), or the Department Head (or designates) may, in their sole discretion, extend the time limit for the processing of an appeal of an Appellant where they consider an extension appropriate under the circumstances.

10.3.9.1

In all cases the time limit for submission of any appeal shall commence when the Appellant first becomes aware of the decision which they wish to appeal. Where notification of the decision has been sent to the Appellant by the University by mail, the time limit commences when the Appellant receives, or has been deemed to have received, the notification, whichever occurs first. Notification of a decision sent by mail to the last known address of the appellant is deemed, in the absence of evidence to the contrary, to have been received by the Appellant ten (10) business days after mailing if sent to an Alberta address and twenty (20) business days if sent to an address outside Alberta. Registered mail signed for by or on behalf of an Appellant is deemed to have been received on the day it was signed for.

Where notification has been sent to the Appellant by the University through electronic means (e-letter, email, etc.), the time limit commences on five (5) business days from the date the electronic communication was generated.

Academic misconduct. Intellectual dishonesty includes such offences as plagiarism, cheating, and falsification of records. Refer to Student Code of Conduct and Right to Appeals Regulations.

Academic probation. The imposition of specific requirements, tasks, or conditions that an individual student must meet or fulfill within a stipulated time to avoid being suspended from further study at Athabasca University.

Academic year. The academic year at AU runs from September 1 to August 31.

Active students. Students who are currently registered in an AU course or have completed an AU course within the last 12 months. The 12-month period is based on the most recent course contract end date, course completion date, or the date of withdrawal from an AU course. Students who complete courses with a Letter of Permission from AU also retain their active status.

Admission. As an open university, AU admits students 16 years of age or older. Students under 16 years of age may be admitted with special consideration by petitioning Coordinator, Enrolment Services. See Admissions.

Advisors. Academic advisors can assist you in areas ranging from clarifying your undergraduate program requirements to helping choose the next course for your program of studies. We also provide information about university regulations and procedures, and assist with the interpretation of your transfer credit evaluation. Contact an advisor.

Appeal. Requesting a review of a decision made by an official of AU. Students may appeal decisions on transfer credit, marks, tests, assignments, final grades, questions of process, disciplinary action, etc. All appeals must be made to the person responsible for overseeing the initial decision. Review the Student Code of Conduct and Right to Appeal Regulations.

Applied Studies. There are two groups in the Applied Studies area of study: Business and Administrative Studies and Applied Studies.

Applied Studies include courses in Communication Studies, Criminal Justice, Educational Psychology, Health Studies, Indigenous Studies, Nursing, and Women's and Gender Studies.

Student Code of Conduct and Right to Appeal Regulations. Academic offences are identified within the Student Code of Conduct and Right to Appeal Regulations.

Business and Administrative Studies include courses in the disciplines of Accounting, Administration, Applied Studies, Communications, Computers and Management Information Systems, e-Commerce, Economics, Finance, Governance, Health Administration, Human Resources Management, Industrial Relations, Legal Studies, Management Science, Marketing, Organizational Behaviour, and Taxation.

Area of study. AU divides its courses into groups of related subjects. Arts is divided into Humanities and Social Sciences; Science includes all Science courses; Applied Studies includes the area of Business and Administrative Studies and Applied Studies. The area designation for each course is shown in each course description. Search for a course by its area of study.

Arts. Courses in the Arts can be found in the humanities and social science areas of study.

Assessment/Evaluation. The assessment and evaluation of previous post-secondary education for possible transfer credit toward an AU program.

Asynchronous Communication. See Communication.

Audio component. Some courses are supplemented by audio components (CDs and/or online audio), some of which are required listening, others are optional. Overseas students are asked to contact the AU Library before registering in a course that has an audio component.

Audit. A student may register in a course without intending to obtain credit. This course will appear on the student's transcript but will not have a grade associated with it. Audit students are not allowed to write midterms or finals, and the student may or may not have assignments given. They receive the same tutor support as a credit course.

AU approved invigilator. An individual or institution authorized by an AU representative in the Examination Services Unit to supervise an AU undergraduate course examination.

Awards/scholarships. Refer to website.

B

Bachelor degree. An undergraduate academic degree awarded to someone who successfully completed a undergraduate program of study that generally lasted three or four years. Also called baccalaureate.

Block transfer. Students who are granted admission to a post-diploma program, for example, may be granted a block of transfer credit based on a completed credential. In these cases, the student's transcript is reviewed and transfer credit is awarded as a block of credit rather than on a course-by-course basis. See Block Transfer Credit.

Business and Administrative Studies courses. A group of courses within the Applied Studies area: Accounting, Administration, Applied Studies, Communications, Computers and Management Information Systems, e-Commerce, Economics, Finance, Governance, Health Administration, Human Resources Management, Industrial Relations, Legal Studies, Management Science, Marketing, Organizational Behavior, and Taxation.

C

Calendar. This is the document containing the University's regulations. The online Calendar is the official Calendar. In the event of any discrepancies between the print Calendar and the online Calendar, the online Calendar will be binding.

US = catalogue

UK = prospectus

Challenge for credit process. A university process whereby students have the opportunity to demonstrate that they have acquired a command of the general subject matter, knowledge, intellectual and/or skills that would normally be found in a university level course. Refer to [Challenge for Credit](#).

Changing programs. You may change from one undergraduate program to another by logging in to [myAU](#).

Classroom setting: Courses offered in a classroom setting are taught simultaneously to a group of students. The courses take place in an actual classroom at a collaborating institution. See also [Grouped Study Courses](#).

Communication. Asynchronous communication describes communication that does not occur simultaneously. Email, for example, is asynchronous. Synchronous communication is live. It describes communication that occurs simultaneously; for example, chatrooms, teleconference, and videoconference.

Computer requirements. Many AU courses require students to have access to certain computer hardware and software. AU's standard computing platform is a computer running Microsoft Windows with MS Office. The [minimum requirements](#) for students using a Mac or PC are access to a web browser, email, and the software capability to submit assignments as Word documents. Some courses support other hardware and software platforms and may have more specific requirements noted in the [online syllabus](#). PCs are the primary equipment supported by AU's Help Desk. Only limited assistance for other hardware and software platforms is offered. AU courses that use eTextbooks may have specific technical requirements. See the [eText Initiative](#) website for updated information. See the [AU IT website](#) for current requirements.

Students are responsible for all computer communication charges in the form of long distance telephone charges, subscription to an Internet node, or any other communications service requirement.

Concentration. A designated study focus within a three-year program, such as the Bachelor of Arts, Anthropology concentration.

Convocation. The annual ceremony held in Athabasca, Alberta on the second Thursday, Friday, and Saturday in June where graduates participate in the conferral of degrees.

Corequisite. A course that must be taken concurrently with another course.

Counsellors. Counsellors can help students clarify their educational and career goals, decide on a program of study, develop sound study and personal management skills, identify and overcome barriers to learning. [Website](#).

Courier Services. Because postal and courier times vary, students must request their examination well in advance of the requested write date. If enough time is not allowed, AU cannot guarantee that the student's examination will arrive before the requested write date.

[Students within North America](#)

[Students outside North America](#)

[Courier Recovery Fees](#)

Course completion date. The course contract end date or the date that a student completes the course if this is earlier than the end date. If a student withdraws from the course, the course completion date is the date of withdrawal.

Course composite grade. The final grade for a course expressed as a percentage. The course composite grade reflects a student's understanding of the course materials. The course composite grade is often a weighted average of the student's marks for quizzes, assignments, tests, and examinations.

Course contract end date (Grouped Study). The last day students have to complete their course. A course contract end date is either the date of the final exam, or if there is no final exam, the date of the last scheduled course meeting.

Course contract end date (Individualized Study). Usually the last day of the month at the end of the course contract period. This is:

the last day for students to complete and submit all required course work associated with an individualized study course, or;

the date the final grade is assigned to the course (when all coursework is marked and a final grade is assigned earlier than the course contract end date).

Course contract period (Grouped Study). The time that students are actively registered in a grouped study course. The course begins on the course contract start date (the first scheduled course meeting) and runs until the contract end date (the last scheduled course meeting).

Course contract period (Individualized Study). The time that students are actively registered in an individualized study course. The course begins on the course contract start date (usually the first day of a month) and runs until the contract end date. The contract period can be lengthened by applying for course extensions in an individualized study course only.

Course contract start date (Grouped Study). The date students officially start a grouped study course, which is the first scheduled course meeting.

Course contract start date (Individualized Study). The date students officially start an individualized study course, usually the first day of the first month of the course contract period.

Course delivery methods. [Audio component](#); [Digital Reading Room](#); [grouped study](#); [home lab](#); [independent lab](#); [individualized study](#); [individualized study online \(course list\)](#); [lab component only](#); [online-enhanced](#); [supervised lab](#); [video component](#).

Course extension. A request to purchase additional time and access to AU resources in order to complete a course.

Course load. A student may be actively registered in one to six courses at a time. To ensure that students don't overburden themselves, AU will limit course load to a maximum of six courses. Students with full-time jobs or those new to distance learning should start by taking one course.

Course syllabus. A description of a course, which may include learning outcomes, evaluation breakdowns, and learning resources. Check the online [course syllabi](#).

Course work. All required activities (assignments, clinical or practicum placements, quizzes, papers, examinations, etc.) that are submitted for marking towards the final grade. Once a student has submitted course work through one of the acceptable method(s) outlined in their learning resources and/or by their Tutor or Instructor, and the course work is received, the course work will be deemed to have been submitted for marking.

Credentials. Degrees, diplomas, or certificates awarded on successful completion of a program. Credential regulations specify the requirements that you must meet in order to be awarded a credential, such as the total credits required, the minimum credits that must be completed at the senior level, and the minimum credits that must be completed at AU (residency requirements).

Credit. The value assigned to a course. Normally, AU courses are either three-credit (one semester) or six-credit (two semesters) which corresponds to conventional universities. Some courses in the Bachelor of Nursing degree carry a practicum component with a weight of four and nine credits.

Cross-listed course. An AU course that is listed under two or more disciplines. The Calendar course description and the online syllabus will indicate whether a course is cross-listed. You cannot receive credit for both courses.

D

DegreeWorks. [DegreeWorks](#) is a web-based, academic advising and degree audit solution that works with Banner, AU's student information system. DegreeWorks automatically retrieves the student's academic record from Banner and organizes it into an educational plan on the web, easily identifying program requirements, which courses have been completed and which courses students still need in order to complete their degrees, diplomas or certificates.

Digital Reading Room. The Digital Reading Room (DRR) is an electronic version of a library reserve system, or a virtual reading room. The material accessed is either required course readings or it supplements the course, and is of use for further study and a deeper understanding of the subject matter. Refer to the library's [Digital Reference Centre](#). Tips on searching the journal databases and help with researching, writing, and citing (referencing) can be found in the [Library Help Centre](#).

Directed study. A 400-level course that does not have a prescribed curriculum. In consultation with the course professor, you will choose a specific topic and then undertake an in-depth study. The course professor must approve all directed study courses before registration can occur.

Discipline. Courses in a specific subject area, for example, English is a discipline in the Humanities, Biology in the Sciences, and Accounting in Business and Administrative studies.

E

Early access to courses (individualized study). Some courses offered in the Moodle learning management system allow early access by the student the day after their course registration is processed. Access is not allowed for quizzes, tutor or faculty support, and students are not allowed to submit assignments until the course contract start date.

Electives. A list of courses or disciplines that students choose from in order to fulfill program requirements.

e-letters. The method by which AU primarily corresponds with students. e-Letters are available through the myAU portal and are stored for six months.

English Language Proficiency. The minimum level of written and oral communication skills needed to undertake courses offered by Athabasca University.

Enrol. AU students may enrol in a degree, diploma, or university certificate program. The regulations in effect at the time of your initial enrolment are the regulations that govern your program.

eTextbook (electronic textbook). The digital version of a textbook, which may include other educational features such as highlighting, note taking, automatic search, and the automatic export of citations. In some cases, eTexts may also provide access to additional learning resources such as workbooks, problem sets, tutorials, videos, simulations, and interactive software. Online access is provided for the length of the course; students can also print or download it. Students may also purchase a copy from the publisher or a third-party vendor.

Evaluation. A review of a student's non-AU post-secondary studies to determine if any credit can be transferred towards the AU program.

Examination rebooking fee. A fee is levied when a student rebooks a scheduled examination at AU Edmonton, AU Calgary, or AU Athabasca.

Examinations. Digital devices are not allowed in an examination room. Exceptions are made only for courses where the use of a calculator, for example, is pre-approved and is required by the student to complete the examination. See also Invigilator. Review Examinations.

Exemption. AU may award a block transfer of credit to holders of an approved diploma or degree. Within the previous diploma or degree, you may have course equivalents to AU courses required within your current program. These courses would be awarded an exemption. In order to fulfill the program requirements, you will be required to replace these courses with courses of the same (or higher) level in the same area of study or discipline.

Expulsion. Required withdrawal of a student from AU for an indefinite period of time. Review the Student Code of Conduct and Right to Appeal regulations.

Extension. Lengthening the time allowed to complete an individualized study course by two months is called an extension. Three extensions are allowed and a fee is charged for each extension.

Extra to degree. Successfully completed courses that do not fit within a student's AU program.

F

Final grade. See [Grade](#).

Financial aid agencies. [Financial assistance](#) is available to students from the students' local agencies. Students may be eligible for loans, grants, bursaries, or scholarships. See also [Students Finance Board](#).

Full-time student. Full-time students are enrolled in a minimum of 60 per cent of a full course load. At the undergraduate level a full course load is defined as 3.75 credits per month at AU. The minimum requirement for full-time status is 2 credits per month.

At the graduate level, a full course load is defined as 1 credit per month at AU. The minimum requirement for full-time status is .75 credits per month. To maintain full-time status at the undergraduate and graduate levels, students must complete the minimum 60 per cent course load requirements. At the doctoral level, students must maintain an active status in their program to qualify for full-time status.

For more detailed information on funded and non-funded students, visit the [AU Student Financial Aid Information](#) page.

G

Grade. The final grade that is achieved in your completed course. Marks are applied to your assignments, essays, and examinations. [Undergraduate Grading Policy](#).

Graduate studies. Advanced studies beyond the undergraduate level leading to an award of post-baccalaureate certificate, diploma, master's, or doctoral degree. Generally requires an undergraduate degree for admission. AU provides innovative, Internet-based graduate programs that reach students around the world. View the [Graduate Program Calendar](#).

Graduation. Completion of all requirements of a program of study verified by the Office of the Registrar and approved by General Faculties Council.

Grouped lab. Supervised science labs that are taken at specific locations and times. Supervised labs involve a substantial amount of work. [Science lab information](#).

Grouped study courses. AU's term for courses that are offered in a classroom setting (usually at a collaborating institution), or courses where students study in a group in a web-based online environment with common deadlines for completion of course activities.

<p>Course Delivery Modes</p> <p>Collaborating Institutions</p> <p>Classroom Courses</p>

H

Helpdesk. AU's Helpdesk attendants will help students solve most problems relating to their computing resources. Student's may contact AU's Helpdesk by submitting the [online form](#), or by phone: 1.800.788.9041, extension 6405 (toll free from anywhere in Canada or the United States) or direct at 1.780.675.6405.

Home labs. Home labs are compulsory components of some of AU's science courses. Home labs are learning activities, such as demonstrations, observations, simulations, and experiments, which students do in or near their own homes rather than in a university laboratory.

These labs usually require a lab kit that students order online from the relevant course syllabus. Some home lab activities require some materials that most students have in their homes or materials can be purchased locally without great cost. The kits may contain materials that are hazardous in some way (especially for young children and pets) and as such, they must be handled and stored appropriately.

Students who are in correctional institutions may have some difficulty taking certain courses with home labs (e.g., some kits contain sharp objects that may not be allowed). Also, be aware that certain home lab kits cannot cross international borders (e.g., some contain seeds that may not be allowed in, others contain electronic equipment that required duty payments). Therefore, before registering, it is recommended that students contact the lab coordinator regarding the availability of home lab kits in each particular situation. Check the [course syllabus](#) for details.

Humanities Studies. An area of university studies that includes Art History, Communication Studies, English, French, German, Heritage Resources Management, History, Humanities, Indigenous Studies, Information Systems, Music, Philosophy, Religious Studies, Spanish, and Women's and Gender Studies.

I

ID Number. A seven-digit identification number is assigned to each student. Students must refer to their student ID number whenever they contact AU.

Inactive students. Students who have not registered in an AU course within 12 months of the last course contract end date or date of withdrawal, or within 12 months of the most recent admissions entry term, or on a Letter of Permission within 12 months of either of the above dates. To become active or reinstated, follow the instructions at [myAU](#).

Independent labs. AU has developed a framework that allows students to access the laboratory component of certain science courses without taking the remaining instructional component, provided they meet strict prerequisite requirements and have professor approval before registering in the course. Each lab is worth one credit. Should a student decide to take the remaining instructional portion of the course, the additional credit earned for laboratory modules is recognized.

Independent labs are supervised by AU lab instructors and professors and are only offered at specific locations at specific times. Most labs run between two to eight days. Students have up to two months to complete a lab from the date of registration. No extensions are allowed in independent labs unless specifically authorized by the course professor. Independent labs are not available for challenge. If a student is enrolled at another institution, the student should receive approval in writing by their home institution to ensure that it will grant credit for the lab.

If the student is using this course to update laboratory skills (e.g., you are a teacher or instructor), the student must provide evidence of having previously taken an equivalent science course or have the equivalent theoretical requirements. When the student attends the lab, they are responsible for making their own arrangements and payments for transportation, accommodation, and food.

Science lab information.

Individualized study. AU's main method of course instruction. Individualized study is centered around a learning resources package that may include textbooks, workbooks, audio and videotapes, lab kits, study guides, online resources, and manuals. Students will set their own schedule within the time allowed to complete the course. For information on course start dates and registration deadlines, refer to the online calendar.

Individualized study online. Many AU courses are offered almost entirely online using intuitive learning management software (Moodle) designed to enhance the student's learning experience. Students will interact with their tutor or learning facilitator and other students, participate in forums for online discussions between instructors and other students, and access the library, digital reading rooms, and other research resources. Students must have access to specific computer hardware and software components. Students are responsible for their own Internet connections and costs, and email access. For information on course start dates and registration deadlines, refer to the online calendar.

Intellectual honesty. The acknowledgement of scholarly contributions of others by citing references, attributing quotations, etc. Failure to do so is academic misconduct.

Invigilation Centre. An establishment—authorized by Examination Services Unit—that supervises an undergraduate course examination being written by an AU student.

Invigilator. An individual—authorized by an AU representative in Examination Services Unit—who supervises an undergraduate course examination for an AU student.

J

Junior courses are usually introductory (200 level) and are equivalent to first-year courses at most universities.

KL

Lab component only. See independent labs.

Laboratory science courses. Courses that contain a substantial amount of work including exercises, techniques, and sample-handling relevant to the course discipline. The lab portion of these courses is usually site-specific and supervised. For current lab information, contact the Centre for Science.

Late Examination Request. A request for an exam that has been received after the exam request deadline but before the student's contract end date. In such cases the late examination request fee is applied. Undergraduate Exam Request and Completion Policy.

Learning Resources Fee. A component of the student fee. Students are entitled to receive most learning resources required to complete the course for the period of active registration. Learning resources include, but are not limited to; texts, student manuals, study guides, reading files, and software and access to online resources. This fee contributes to the development and procurement for any online resources which may be part of the course (some courses may be entirely online). This fee also covers packaging, shipping, and handling of learning resource materials. You may require additional items to complement the course such as binders, calculators, home lab materials, etc., and these are your responsibility. [Learning resources fee.](#)

Letter of Certification. An official confirmation of information extracted from a student's record that is not available on a transcript.

Letter of Permission. A document permitting an AU credential student to take one or more courses at another post-secondary institution for credit toward the student's AU program. [More information.](#)

Levels. Describe preparatory (100), junior (200), or senior (300 or 400) level courses.

Lost Examination Reimbursement. When a written exam is deemed lost by AU, and the student is re-tested, the student may be issued a refund to compensate for additional costs they may incur. The reimbursement amount of the refund will not exceed the Lost Exam Reimbursement amount.

MN

Major. A designated focus of study within a four-year program discipline such as the Bachelor of Arts, Anthropology Major; or the Bachelor of Science, Human Science Major.

Marks. Marks are applied to assignments, essays, and examinations. See also [Grade.](#)

Masters degree. AU provides innovative, flexible, and accessible Internet-based [masters degrees.](#)

Moodle. An acronym for AU's learning management software; a tool for learning online. Moodle allows students to interact with their tutor and other students, participate in forums for online discussions between instructors and students, and access the library, digital reading rooms, and other research resources. Many AU courses are available in Moodle.

Multiple Examination Request. This is an exam request for a previously unwritten examination, which has been returned to the University by the AU approved invigilator. Students are assessed a [multiple examination fee](#) each time an exam is returned unwritten and is requested again. Refer also to [Unwritten/Multiple Examinations.](#)

myAU. Once logged in to [myAU](#), students can register in courses and view personal information such as their AU Library account, their assignment marks, and their course grades. Students may also take care of administrative matters, such as booking examinations, submitting assignments, and applying for extensions. AU will also communicate directly with students through myAU. Sign in and check the Message Centre on the myAU home page for general information and for mail (e-letters).

No area of study indicates that a course cannot be used to fulfill an area of study requirement in a program. The course may, however, fulfill part of the overall degree requirements if it is appropriate to the program.

Non-Academic Misconduct Policy. Non-academic offences attempted or committed by students on University premises or during University-sponsored activities shall be grounds for disciplinary action by the University under the Non-Academic Misconduct Policy.

Non-Business and Administrative Studies. These courses are any courses outside of the Business and Administrative Studies listing.

Not-to-take. Awarded when equivalent knowledge of a particular course has been identified within a student's assessment. NTT designations do not carry credit and will serve as a prerequisite if required.

Nursing transfer. This is a special program developed in cooperation with another university whereby students may complete courses through AU and use these courses to fulfill the requirements of a post-degree program elsewhere.

O

Online courses. See Individualized study online.

Online-enhanced. A course that provides access to learning resources through the Internet.

Online Labs: Online labs (virtual labs) are compulsory components of some of AU's science courses. They are series of interactive, inquiry-based science simulations and exercises. These labs are delivered via the Internet and are required to be completed by students on their own computers. Registered students will be allowed the access to these labs through the course webpage (Moodle course site), or through external links (individually provided for each specific course). Some online lab activities are interactive simulations of experiments that are typically conducted in a laboratory setting and other online lab activities are realistic simulations of systems in nature (virtual labs).

Open admission: Admission to the University and registration in courses (except where a prerequisite is needed) is not based on prior academic achievement. The only admission requirement is that a student must be 16 years of age or older unless specifically exempt from the age requirement. See Admissions Policy/Course Registration for more information.

Options. One or more courses chosen from any discipline to complete degree requirements. Students should be cognizant of the level and area of study requirements if either have not already been met.

P

Paced study online. AU's paced study online courses are courses delivered primarily using the Internet, and within a specific four-month time frame.

Parchment. Document issued by AU that communicates the nature of the credential and date of its conferral. This document is signed and sealed by AU officials.

Part-time student. Those who are registered in less than 60 per cent of a full course load with AU. For taxation or Alberta Student Finance purposes, students who register in less than four, three-credit courses over six months are considered part-time. See also [Full-time student](#).

Pilot course. AU's term for a course that is being offered to test, measure and assess new educational technologies, methodologies, resources, and/or course delivery methods. A pilot course is a trial that is offered for a limited period of time and has a finite number of students registered.

Plagiarism. Presenting another person's work as one's own without the proper academic acknowledgement and recognition.

PLAR. See [Prior Learning and Assessment Recognition](#) below.

Post diploma. Students who have received a diploma from a recognized college, may be able to transfer credit to a post-diploma program at AU. Recognized diplomas may also be considered for some programs on a course-by-course basis. For a list of approved diplomas, review the [Transfer Credit Database](#).

Practicum courses. Usually in the Applied Studies area, these courses require a substantial amount of supervised, discipline-related time in actual work settings.

Precluded course. When a course's curriculum overlaps another to the extent that a student would duplicate learning if they completed both courses. Students cannot receive credit for both courses.

Preparatory courses. Designated by a number in the 100s. These courses prepare students for university-level study in disciplines that require a high-school background. A maximum of six credits at the preparatory level may be applied to the completion of the BA or BGS degree at AU. Students may not challenge a preparatory 100-level course.

For students who are experiencing difficulty in a course, their professor may suggest registration in a preparatory course instead. Preparatory courses will provide students with a more solid subject-matter foundation before advancing to the more senior-level course.

Preregistration. Registering in a course up to five months in advance. Preregistration is considered a registration and guarantees a particular start date.

Prerequisites. A course(s) that must be completed successfully prior to the course contract start date. Prerequisites, if any, are listed in the course syllabus.

Prior Learning and Assessment Recognition (PLAR). PLAR provides opportunities for students to gain credit for non-formal, informal and experiential learning. A mentored process will assist you in preparing a portfolio for assessment. Refer to the [Centre for Learning Accreditation](#).

Program. A program is any combination of courses with a set of coherent organizing principles and goals; for example, the Bachelor of Arts degree, a concentration or major, or a university diploma or certificate.

Programs, time to complete. Most of AU undergraduate programs are open-ended, meaning there is no time limit for completing a program. Some programs allow a maximum term to complete the degree requirements, and this is indicated in the degree regulations. Students should remain active in their program, or they will be required to re-enrol and pay a reactivation fee. Students who re-enrol in their program are required to follow the program requirements in effect at the time of their re-enrolment. See also [Active students](#), [Inactive students](#), and [Stale-dated courses](#).

Q, R

Reading courses. Offered at the senior (usually 400) level. Usually involve a specialized field of study and professor approval.

Real time. Real time communication is synchronous. Discussion occurs online simultaneously by way of chatrooms, teleconference, and videoconference. See [Communication](#).

Registration. The process of selecting and undertaking specific courses at AU.

Rejection of submitted work. Refusal of academic work that has been submitted to fulfill all or part of the course or program requirements; or an assignment grade of zero (0) to any academic work that has been submitted to fulfill all or part of the course or program requirements; or a grade of zero (0) as a course composite grade on a particular course.

Reprimand. Written notification to a student outlining the nature of his or her misconduct and the implications of further misconduct. A student who has received a reprimand is permitted to continue at AU.

Re-registration. If a student fails, or fails to complete a course, AU permits a student to re-register. Students are permitted one registration and one re-registration in each individualized study course.

Residency. The minimum number of AU credits that must be completed to fulfill a program's requirements.

S

Science studies. This area of study normally comprises courses based on a knowledge of facts, phenomena, laws, and proximate cause. It includes courses in Astronomy and Astrophysics, Biology, Chemistry, Computer Science, Environmental Science, Geography, Geology, Health Studies, Mathematics, Nutrition, Physics, Science, and Women's and Gender Studies courses.

Science labs. Some science labs can be conducted from your own home. Others are supervised and taken in a group at a specific time and location. [Science lab information](#).

Second undergraduate degree. Students who hold a recognized undergraduate degree and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. See [Second Undergraduate Degree Policy](#) for more information.

Semesters. Time periods during which many grouped study courses are offered at other institutions. Fall semester courses typically run from September through December while winter courses run from January through April.

Senior courses. Designated by a course number in the 300s or 400s, these courses assume a background of university learning and usually specify a junior course as a prerequisite.

Social Science studies. An area of university study that includes Anthropology, Communication Studies, Economics, Education, Environmental Studies, Geography, Global Studies, Governance, Health Administration, Indigenous Studies, Labour Studies, Political Economy, Political Science, Psychology, Social Science, Sociology, Sociology/Anthropology, and Women's and Gender Studies courses.

Stale dated courses: Some AU programs have a stale dating policy whereby a course or program will not be accepted for credit if older than the stale date noted for the program (regardless of the precedent setting articulation). For example, if an articulation for a program completed in 1999 is established, a student could not use that credential to an AU program in 2006 that had a five-year stale date rule.

Streaming video. Technology used to enhance the delivery of some AU courses is streaming videos. When a video or movie is "streamed" it is sent over the Internet to be viewed in real time by QuickTime, a free, multi-media software.

Student Assessment Letter (SAL). A document issued by the Office of the Registrar. It indicates the courses that have been approved towards a student's program and all remaining requirements they must complete. The SAL includes transfer credits, completed courses, courses in progress, courses being completed on letters of permission, and preregistered courses. The SAL is normally sent to the student when the evaluation of their previous education from other institutions is complete; when the student is notified of a final grade; or at their request.

Student awards/scholarships. Refer to website.

Students Finance Board. The official agency in each province that is responsible for supplying government loans and bursaries to students. Loans and bursaries depend on need. Students are required to maintain full-time status.

Student, full-time. See Full-time student.

Student ID number. A seven-digit number assigned to each student. Always use your student ID number when you contact AU.

Student, part-time. See Part-time student.

Student Support Centre. Student Support Centre advisors provide administrative and technical support to Faculty of Business and Faculty of Science and Technology students.

Supervised labs. Compulsory learning activities in some of AU's science courses that take place in person at specified times and locations. These lab sessions concentrate a great deal of work in a short period of time—usually from two to eight days. The sessions are conducted in teaching laboratories in buildings owned or leased by AU. Science lab information.

Supplemental examination. An additional examination written by a student to improve the mark received on the original examination.

Syllabus. A short course overview that provides students and learning institutions of the course's learning outcomes.

Synchronous communication. See Communication.

T

Télé-université du Québec (TELUQ). Some equivalent AU courses are offered in French by Télé-université. Joint bilingual programs of study at the undergraduate and graduate level are also available. For more information, refer to AU's Collaborations website or Telug.

Transcript. An official document issued by AU that conveys information related to the official student record.

Transfer credit. Credit granted for the successful completion of post-secondary level courses or programs completed at another recognized organization or institution.

Tutor. In most individualized study and online courses, students will be assigned a tutor or call centre advisor to help them throughout the course.

U,V,W,X,Y,Z

Unclassified (non-program/visiting) students. Students who are not enrolled in an AU degree, diploma, or certificate program. See Admission Classifications.

Undergraduate studies. Post-secondary studies leading to an award of a bachelor degree, diploma, or certificate.

Unwritten Examination. Occasionally, students are unable to write their examination on the date indicated on the Examination Request Form. If this happens, the student can reschedule the examination write date. Refer to Unwritten/Multiple Examinations.

Video/DVD component. In many AU courses students have the option of viewing videos online, or on DVD and/or videotapes provided in the course package. To ensure viewing components are compatible, overseas students are asked to contact AU Library before registering in a course that has a videotape/DVD component.

Virtual Helpdesk. The Virtual Helpdesk (VHD) provides computer science students technical assistance with their courses. The VHD is staffed by senior students and should not be confused with AU's Computing Services Helpdesk.

Visiting students. Students taking courses at AU for transfer credit to other post-secondary institutions. Unclassified (Non-Program/Visiting) Students.

Withdrawal. The exit from an AU course. Withdrawal timeframes are important to monitor since the timing of a withdrawal may have bearing on what is recorded on the academic transcript.

Zero-credit course. Students in zero-credit courses receive the same tutorial support, have access to all services provided to AU students, but the courses won't fulfill any requirement towards a credential. ENGL 143 and ENGL 149, are two examples of zero-credit courses. Zero-credit courses are assessed the same fee structure as three-credit courses minus the Students' Union Fees and Alumni Fees. Other academic-related fees and regulations also apply to zero-credit courses.
